THE FENNSYLVANIA COLONIZATION SOCIETY. At the meeting of the Pennsylvania Colonization Society, held on Monday, the 86th annual hours for each train. report was presented, from which it appears that advices of an encouraging character continue to be received from the Liberian republic. It is believed that the shipment of slaves from the western regions of Africa has been much reduced of late, owing mostly to the operation of the new treaty between the government of the United States and Great Britain, which authorizes the detention and search of suspected craft, in certain localities, by the men-of-war of each nation.

Bond VALENTINE, at one time a very prominent citizen of Centre county, and at the time of his death very largely interested in some of the great business interests of that county, died in Bellefonte very recently. He formerly represented Centre county in the Legislature. In the profession of the law, which he practiced, he won great reputation for ability, zeal and devotion to his clients. The later years of his life were passed in that privacy which men of his refined culture delight to enjoy, yet he Jacob E. Shenk, never excluded himself so far from society as to be insensible to the claims which it has upon the virtuous and the good. As a citizen, he was always active in promoting every interest which would insure the general prosperity. As a man, he was both generous and just -just to the deserving and generous to the erring, where the quality of mercy was invoked by the truly penitent. Many will mourn his death where he was known, and many more will miss his charities who scarcely knew the hand which dealt to them its bounties.

EAST PENNSYLVANIA FAIR .- The Fair to be held at Norristown, October 21st, 22d, and 28d Samuel Hover, inst.. for Eastern Pennsylvania, promises to be Peter Mathias, very large and interesting. Excursion tickets will be issued by the Philadelphia, Germantown | Samuel Keim, and Norristown Railroad on all the regular John H. Saul, trains running from Philadelphia to Norristown, for 50 cents; from Manayunk, 40 cents, good for three days.

The grounds consist of twenty-eight acres well laid out, with suitable buildings and shedding erected, and one of the best half mile tracts in the State. From present indications there is no doubt it will prove to be a decided success, and be visited by thousands of Christian Reitzell, people.

DEFACED POSTAGE STAMPS.—The use of can- Frederick Kose, celed postage stamps for currency, and for stamping letters, has excited considerable attention. The Department at Washington has Henry Metagar. determined to use every exertion to detect this mean species of fraud, and in a circular letter Jacob Books, to Postmasters throughout the country, the Solomon N. Sirickler, Assistant Postmaster General says: "Please Felix Henry, cause most careful examination to be made of John Murphy, letters deposited in your office, and send me Barny Fernnigan,
Abram M'Rutt, specially all suspected cases, so that the writers H. E. A Millisen, last, to devise means to raise the quota for the Daniel Hoover, draft. Capt. Shelly was called to the chair, and John Noaker, made a short address stating the object of the Jonas Crum, meeting. ACCIDENT ON THE NORTHERN CENTRAL RAILway.—An accident occurred about eight o'clock vesterday morning on the Northern Central of yesterday: Railway, which resulted in the destruction of Burns' bridge, about a mile south of Parkton, and thirty seven laden coal cars. The train was bound south, consisting of thirty-nine cars, and the locomotive had just passed over when the bridge gave way and fell into the stream below, precipitating thirty-seven of the cars to the bottom and breaking them to pieces. The engineer, George Shipley, heard the bridge breaking, and immediately opened the throttle valve and succeeded in dragging out the tender in a badly damaged condition. Edward Church, the conductor, was slightly injured, and a soldier standing near was struck and knocked senseless. He soon, however, recovered. The emption from military duty, by the Quakers of bridge was of iron. Mr. DuBarry, the superintendent, was notified, and at once proceeded to the erection of a temporary structure, which, it is thought, will be completed to-day. The passengers over the road yesterday were transferred, which made a detention of some two

THE DRAFT.-To-day was the time fixed for the draft, but it did not seem to elicit much postal business of the country. interest, or perhaps it was the interest felt by the masses in the result of the election, which made them forget the occasion of the draft. Commissioner Briggs was present and conducted the operation with his usual dignity and business like dispatch. Ex-Prothonotary Mitchell, acted as the a sistant of the Commissioner. and blind-folded, drew the names out of the box. The number to be drafted in this county. for the nine months service, amounts to some six hundred.

In this city, for instance, the number of letters that went through the Post office, during the quarter ending Sept. 30, 1862, amounted to 178,440, being 2,490 in excess of any quarter during the present management of the office, and of course much larger in number than in the same length of time of any other postmaster. A Moder Establishment -- Among the many improvements lately made in our city, to which we can point with pride as an evidence of prosperity and as a determination on the part of our business men, no longer to remain behind the "light house," is the completion of Eby & Kunkle's large brick building at the corner of Market and Fifth streets, which is alike creditable to the owners and ornamental to that part of our city.
