GUARA JELLY—large supply just received by WM. DOCK, Jr. & Co.

Medical.

ELIXIR PROPYLAMINE, THE NEW REMEDY FOR RHEUMATISM. A NEW REMEDY, FOR ACUTE RHEUMATISM, A CERTAIN REMEDY, FOR CHRONIC RHEUMATISM, RHEUMATISM OF THE KIDNEY, HOW STUBBORN, HOW LONG STANDING, WILL CONQUER IT, WHAT IT HAS DONE, IT WILL DO AGAIN.

THE BEST TESTIMONY. BEST MEDICAL AUTHORITY. DOCTORS KNOW IT, PATIENTS BELIEVE IT, TRIED AND TRUE.

PENNSYLVANIA HOSPITAL. [FROM OFFICIAL HOSPITAL REPORT.] MAY 19, 1860.—Elixa S., et al., single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequently from a relapse for four more. She has been well since then till last Saturday, when she was again attacked. She took cold, had pain in her back, felt cold, but had no decided chill. Two days later her ankles began to swell, which was followed by swelling of the knee joints and of the hands. She has now had pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. It is an ammoniacal preparation of St. Petersburg, known under the name of the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various contemporary testimonials respecting it have appeared in our journals, and I propose therefore to give you another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specific, but this case is so recommended so highly, that we are bound to give it a trial.

NAME CASE FOUR DAYS LATER!! MAY 23, 1860.—I will now exhibit to you the patient whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains every four hours (intermitting it at night). The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her former attack. (The patient had been confined to her room. Her improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her hands, which are now nearly all of their natural size—our former experiment would have seemed very successful; but gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.) Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from chronic rheumatism, and I found her at this time with an acute attack upon her hands, and chronic affection. The wrists and knuckles were much swollen and loose. She took the course of Propylamine in three grain doses every two hours, and you will observe that the swelling of the joints has much diminished.

THREE DAYS LATER!! MAY 26, 1860.—This is the case of acute rheumatism, which I prescribed Propylamine, the first of those to which I called your attention at our meeting on Sunday last. It is very comfortable, and is now taking three grains three times daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our meeting, was that of a patient who had been suffering from chronic rheumatism, and I found her at this time with an acute attack upon her hands, and chronic affection. The wrists and knuckles were much swollen and loose. She took the course of Propylamine in three grain doses every two hours, and you will observe that the swelling of the joints has much diminished.

THE RESULT. A FAVORABLE VERDICT. JUNE 9, 1860.—The next of our convalescences is the case of acute rheumatism before you on Sunday of May 26th, which I then called a typical case, and which was remarked was a fair opportunity for testing the worth of our new remedy, which was accordingly given in three grain doses every two hours for four days. The patient has gone along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have never seen so soon a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positively as to the value of the remedy we have used, I feel bound to state in this case in which we have tried the Chloride of Propylamine, the patient has regained their health much earlier than under the treatment ordinarily pursued in such cases, you would yourselves try it, and report the results.

for a full report of which the above is a condensed extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from distinguished doctors and reputable patients.

A SPEEDY CURE, AN EFFORTLESS CURE, THE NAME IS BUILT UP IN EVERY CASE. WHENEVER TRIED, WHENEVER TRIED, WHAT IT HAS DONE, IT WILL DO AGAIN.

Book & Greenbush, a firm well known to most medical men, by whom the Elixir Propylamine has been introduced, have sold to us the exclusive right to manufacture it according to the original recipe, and we have made arrangements of such magnitude as to enable us to scatter it broadcast amongst suffering humanity.

A WORD TO DOCTORS. If you prefer to use the same remedy in another form, we invite your attention to the PURE CRYSTALLIZED CHLORIDE PROPYLAMINE, PURE PROPYLAMINE LIQUID, PURE PROPYLAMINE CONCENTRATED, PURE LIQUID PROPYLAMINE, of which we are the sole manufacturers.

We claim no other virtue for the Elixir Propylamine than its contained in Pure Crystallized Chloride of Propylamine.

THE ELIXIR IS MORE CONVENIENT, AND ALWAYS READY FOR IMMEDIATE USE. BY ANY ONE, BY EVERY ONE, WHO HAS RHEUMATISM OF ANY KIND.

Sold in Harrisburg by WM. DOCK, Jr. & Co. at 75 CTS. A BOTTLE.

Orders may be addressed to PROPYLAMINE MANUFACTURING CO., (Care, Room No. 4, S. W. Cor. Fourth and Chestnut streets, Philadelphia.)

Or to either of the following Wholesale Agents: BULLOCK & GREENBUSH & CO., BERGNER, RICHARDS & CO., DEW, D. W. WATKINS & CO., GEO. D. WATKINS & CO., FISKER, T. WRIGHT & CO., MILLER & SMITH, & W. MOORE FRANK & CO. PHILADELPHIA.
