MILITARY BUSINESS.

KNOCKED FROM A FREIGHT TRAIN. -- John breaks. He was severely cut and injured about | this city. the forehead and face, and was brought to this city yesterday, where he is now receiving the attention of his family physician.

ON A STRIKE .- The miners in the Broad Top mines have been on a strike for the past ten days. They are now receiving fifty cents per ton and demand ten cents advance. At fifty cents per ton, we are informed by persons who pretend to know, a good miner can make from \$50 to \$60 per month without working more than ten bours a day. Pretty fair wages, we think, for these war times.

RAILBOAD ACCIDENT. - The passenger train east from Pittsburg last night, ran off the track west of Johnstown, by the switch being neglected, but fortunately did no other damage than that which was done to the cars and the detention of the train for a few bours.

Another.—On Monday evening last, the ledge of rocks which projected over the railroad track, just below the horse-shoe, at Kittanning Point, fell down upon the track and was run into by the first through freight train eastward, causing a considerable wreck of cars and killing a brakeman named Joseph Watson. The engineer of the train had his wrist sprained and the conductor his ankle injured-neither seriously.

THE FAMILIES of the drafted men should be the care of those who remain at home, and our duty to them should be liberally and generous ly performed. Many persons have been drafted who can iliy afford to leave their homes and and families, and some of these have been in deep distress ever since they have learned their fate. There are many distressing cases of poor laborers with large families, and some with sickly wives and afflicted children, who will now probably be left in a destitute condition, some with scarcely sufficient means to drive off hunger and cold. With these we sympathize, and commend them to the care of their benevolent and patriotic neighbors, among whom none will, (we feel assured,) be more ready and prompt to respond to this call of duty than the "conscientious" class, upon whom so much unmerited abuse has been visited. It is a duty resting upon those who are permitted to remain here, which no one possessing the least generosity, humanity or padirection.
