Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxe; their ut not to produce this best, most persect purgative which is known to man. innumerable proofs are shown that these Pills have virues which surpass in excellence the ordinary medicines, and that step win unprecedentedly up in the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which brever and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every day complaints of every body, but also formidable and dan gerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished does, the safest and best physic that can be employed for children. Being sugaroused, they are pleasant to take; and being purely vage stable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent cleragement and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent me the assurance of their conviction that our Preparations contribute immensely to the relief of my afficied, suffering fellow-men.
