[COMMUNICATED.] The Ladies' Union Relief Association of Harrisburg. EDITOR TELEGRAPH :- Having been led to

believe, by a recent communication in one of the town papers, that our friends abroad were not fully satisfied as to the proper distribution of the generous supplies of nospital stores sent to Harrisburg, we are induced to offer a simple statement of facts, which we hope will have the effect of satisfying the minds of the people at home and abroad that we are doing all in our power to minister to the comfort and alleviate the sufferings of the sick and wounded in

our midst. After the late severe battles, when the wound ed were brought to our city in large numbers, nospital supplies pioned into Harrisburg in such quantities that it was impossible for them to be immediately attended to. Quartermaster Hale, being severely taxed with other weighty cases, finding that the Ladies' Union Belief Association were ready and willing to co-operate with him, summoned them to his aid in the same Night.

WITHOUT CHANGE OF CARS. rai Hale finding the ladies so effective, has put the hospital stores entirely under their charge, subject to the requisitions of the surgeons of the different hospitals. Now, if any one has doubts about the stores reaching those for whom they are intended, we would like them to come and see for themselves. The subject will bear investigation, the more light that is thrown upon it, the more satisfactory will the whole system of arrangements appear. We can assure those who have friends in the hospitals in and around Harrisburg, that every thing is done for them by the Ladle's Relief and others, that can be done, and the only reward we sak, is, to know that our labors are appreciated, and not misunderstood... We see for ourselves, the result in the kindling eye, and the returning health of our brave but suffering countrymen, and we are satisfied. There always will be grumblers in the world, those who never are content, who are still wanting some imaginary and the termination that the stiriluted to the good, but that must be attributed to the difference in natural temperament and must be borne with patiently. In connection with the foregoing subject, we will state to those abroad that there has lately been erected at Camp Curtin, a "kitchen," in which the members of the Ladie's Relief, attend every day to prepare such articles of food as the delicate appetites of the sick require, and administer it themselves.

As the weather becomes cold, those persons who wish to aid us in our labor of love, can send us boxes of cleaned chickens which are always

needed for the sick, apples are also desirable, and as they are higher priced in Harrisburg than elsewhere, the Relief Association will gratefully received any that may be sent. They can be simply directs to "The Ladies Union Relief Association," Harrisburg. COMMUNICATED.

SOUTHERN NEWS.

Our Operations in North Carolina-We have late Richmond papers received vis

Fortress Monroe. The news we find in them relates chiefly to the operations of the Union forces in North Carolina.

[From the Richmond Dispatch.]

THE ENEMY IN BASTERN NORTH CAROLINA. There is no longer any doubt that the enemy's forces in Eastern North Carolina are mov ing on Weldon, with a view of tapping the railroad at that point. We published some days ago an account of a fight which took place between three companies of the 26th North Carolina regiment and the advance guard of the enemy, on Sunday last. In this engagement the enemy was repulsed, our less being ten killed and twenty-nine wounded.

Later intelligence furnishes us with some fuller particulars of the advance, from which it appears that the enemy landed large forces at Washington on Sunday, and advanced towards Hamilton and took possession of that town. It is reported that they destroyed nearly the entire place. Their force at Hamilton is represented to be about 10,000 infantry with forty pieces of artillery, and a considerable force of cavalry. They are also reported to have landed a large force at Palmyra, Halifax county, some twenty-five or thirty miles from Weldon. Gen.
Pettigrew commands the confederate forces at
Weldon. The Yankees are said to be commanded by Gen. Foster.
There was a report in circulation on Saturday

that an engagement occurred in the vicinity of Tarboro', Edgecombe county, on Thursday last, between some six regiments of North Carolina State troops, under the command of Governor State troops, under the command of trovernor Vance and General Martin, and about 10,000 of the enemy. The Baleigh Journal, of Saturday, says that this report was incorrect; and that nothing of the kind had taken place since the fight of Sunday evening.

The impression prevails that the enemy is concentrating his forces in the neighborhood of Williamstern Wartin counts with the intention

williamston, Martin county, with the intention of attacking some point on the line of the Wilmington and Weldon railroad.

A deepatch from Goldaboro', dated 10 clock Friday night, states that there had been no fighting, and that the enemy had retreated in the direction of Weldon. We do not exactly

understand how they could have retreated to-wards Weldon, since that is the point towards which they were supposed to be sdwancing.

A letter in the Petersburg Repress, from Tarboro', dated the 5th, says the Yankee army is marching upon that town with 12,000 troops. The information is derived from a Yankee deserter. They are represented to be within 15 miles of the town, and within 4 miles of the Confederate troops.

[From the Petersburg Express.]

FROM NORTH CAROLINA. We have conflicting rumors from Eastern Carolina. One report says that our forces were forced to abandon a strong fortification several miles below Tarboro' on Thursday, after a heavy bombardment of several hours from the enemy's guns. It is also reported that the Yankees brought seventy field-pieces into the action. Whether the first of these reports has any panies in Camp Curtin, under command of Col.
Bierer, I was pleased to see so many of them
but we may say, in regard to to the latter, that
commanded by old soldiers. It at once shows
the disposition of the militia to do good to homes and firesides to battle for their country and their country is rights; many of them have left their made great sacrifices, and seem suctions to have leaders who have experience.

One of their country will be under the protection of their gunboats. These rumors were current on our streets vested as vested as a country will be under the protection of their gunboats. These rumors were leaders who have experience. current on our streets yesterday, and we give them only as rumors, and for what they are worth. If they have been officially confirmed Corner Front and Market Streets, we have yet to ascertain the fact.

[The Goldsboro Tribune of Thursday last, says:] We have information that the enemy are in possession of Williamston and Hamilton, in Martin county, and that a large force is gradu-IT USE that our young friend Knox may win laurels for himself and be an honor to posterity.
