### GREAT REMEDY FOR THE CONSTITUTION, AND THE ONLY KNOWN REMEDY

THE

FOR . DIABETES, and DISEASES of the KIDNEYS and BLADDER.

## CONSTITUTION WATER

Has been pronounced by the Medical Faculty and the public to be the most wonderful remedy for the permanent cure of all diseases of the STOMACH, LIVER, RIDNEYS and BLADDER that has ever been offered. It is not a MINERAL WATER. It is from experience that CONSTITUTION WATER has emanated, and we now say tet no man doubt, when a single bottle has been known to cure diseases which the best medical talent, in this country has failed to relieve. A remedy possessing the virtues of Constitution Water cannot be classed under "quack" preparations, as it is now used by the most scientific practitioners in this city. It is only second class physicians that cry down popular remedies, while the botter skilled make use of every means to accomplish a cure: and the success of the phy-

remedies, while the better skilled make use of 'every means to accomplish a cure; and the success of the physician increases as his knowledge of different remedies enables him to produce a cure, while othere fail in the attempt. Science is satisfied with the truth. Give Constitution Water a fair trial—we mean you who are under some specialist's care from year to year, and we particularly allude to ladies who are constantly resorting to local treatment, and all sorts of local applications for diseases, with as much chance of success as there would be from local applications to the threat for diseases of the brain.

We have been always careful to use language in our roular that could not shock the most delicate organizawe have been always carbilli to use adaptage in our circular that could not shock the most delicate organization, but we receive so many communications from persons for which Constitution Water is adapted, and of whose discases no mention has been made, that we have come to the conclusion that if the remedy is capable of producing a cure, no matter what the disease may be, it should be made known. The medicine is put up for the public, and there should be no exceptions.

We would say, Constitution Water is not like a gilded pill, made to suit the eye and taste; it is a medicine in every sense of the term, placed in the hands of the people for their relief, and if taken according to the directions it will, in every case, produce a radical cure. We would say that the directions in regard to diet, etc., relate only to the disease under which they occur.

would say that the directions in regard to circ, etc., relate only to the disease under which they occur.

DIABETES

Is a disease of the stomach and liver, acting through the kidneys, and is, without doubt, the most obstinate disease, except consumption, that affects the human constitution— We have no space for diseasing causes, but will clate that the effect of the disease is the conversion of the starchy principle (or vegetable pertion of the food) into sugar, which stimulates the kidneys to an excessive secretion of water. Many persons suffer from this disease who are ignorant of it; that is, they pess large quantities during the day, and are obliged to get up from one to fifteen or twenty times during the night. No notice is taken of it until their attention is called to the large discharge of water, and often when it is so far advanced as to be beyond the control of ordinary remedies. Another symptom is the great thirst, which, when the disease is fully established, is intolerable—the patient/arinks constantly without being satisfed; also dryness of the mouth, cracking of the lips, a sweet breath, in the more advanced cases, and finally loss of appetite, emaciation, and the patient gradeally sinks from exhaustion.

Constructions Water is, without doubt, the only known remedy for Diabetes, and we have us much confidence that it is a specific as we have that opium will produce sleep, and truthfully say that it has cured overy case in which it has been used.

STRANGUARY AND BURNING, OR PAINFUL URIMATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dogs has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

has proved itself equal to the task that has devolved DIURETICS

irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a romedy in a form to meet the requirements of patient and physician.

DANVILLE, Pa, June 2, 1862.—Dr. Wm. H. Gregy—
Dear Sir: In February, 1861, I was affected with sugar
diabetes, and for five months I passed more than two
agilons of water in twenty-four hours. I was obliged to
get up as often as ten or twelve times during the night,
and in five months. I lost about fifty pounds in weight.
During the month of July, 1861, I procured two bottles
of Constitution Water, and in two days after using it lexperienced relief, and after taking two bottles I was extirely, cured, soon after regaining my usual good health.
Yours truly.

perienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Yours truly.

BOSTON CORNERS, N. Y., Dec. 27, 1961.—Wm. H. Gregg & Co.—Gents: I freely give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner: My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his care she did not surfer quite as much pain. He finally gave her, up, and said "the rose was incurable. For," said he, "she has such a combination of complaints that medicine given for one operates against some other of her difficulties." About this time she commenced the use of Constitution Water; and to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and how superintends the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

Wetherspriked, Conn., March 2, 1863.—Dr. W. H. Gregg—Dear Str.—Having seen your advertisement of "Constitution Water," recommended for Inflammation of the Kidneys and Irritation of the Bladder, having suffered & r. the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Mossys Lee, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my health. I have used two bottles of it, and am where I never expected to, be in my life, well, and in good spirits. I cannot express my grafitude for it; I feel that it is all and more than you recommend in to be. May the blessing of God ever attend you
