YELLOW WATER POWDER

FOR HORSES.

DURING a practice of many years in this community, DR. HITE has satisfied himself that this Powder is vastly superior to any other article in use

FOR THE CURE OF

YELLOW WATER,

And is of great service to Horses that have lost their APPETITE
AND ARE
HIDEBOUND, FOUNDERED,
OR
DISTEMPERED.

Also, that it will prevent
GLANDERS, COLIC AND THE BOTS,

When faithfully used two or three times a week—invigorating and fattening.

For improving the condition of a Horse, he asserts there is no better medicine, as it will strengthen the stomach and assist digestion, cleanse the intestines of offensive matter, and regulate the bowels when costive, purify the blood and promote digestion—thus the skin is kept loose, the pores are opened and a lean, scabby Horse becomes fat and comely.

The Powder can be used for Cattle, Sheep and Hogs with good effect.

MEDICAL.

DR. JOHNSON,

BALTIMORE

LOCK HOSPITAL,

HAS discovered the most certain, speedy and effectual remedies in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

NO MERCURY OR NOXIOUS DRUGS.

A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Diseases of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—these secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

immediately cured, and full vigor restored.

This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

OFFICE No. 7, SOUTH FREDERICK STREET,

Left hand side going from Baltimore street, a few doors from the corner. Fail not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame or the dread of discovery deters him from applying to those who from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, filch his pecuniary substance, keep him trifling month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, etc., progressing with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveler returns.

INDORSEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the *Sun*, *Clipper*, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

READ WHO SAYS SO:

From the Rev. Levi G. Beck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia.

* * * * * * * * * *

I have known Hoofland's German Bitters favorably for a number of years. I have used them in my own family and have been so pleased with their effects that, I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully, as Hoofland's Bitters is intended to benefit the afflicted, and is "not a rum drink." Yours truly,

LEVI G. BECK.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge and Christian Chronicle, Philahalphia.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN, Philada.

From Rev. Warren Randolph, Pastor of Baptist Church, Germantown, Penn.

Dr. C. M. Jackson:—Dear Sir:—Personal experience enables me to say that I regard the German Bitters, prepared by you, as a most excellent medicine. In cases of severe cold and general debility I have been greatly benefitted by the use of the Bitters, and doubt not they will produce similar effects on others.

Yours truly WARREN RANDOLPH,
Germantown, Pa.

From Rev. J. H. Turner, Pastor of Hedding M. E Church, Philadelphia.

Dr. C. M. Jackson:—Having used your German Bitters in my family frequently I am prepared to say that it has been of great service. I believe that in most cases of general debility of the system it is the safest and most valuable remedy of which I have any knowledge.

Yours, respectfully J. H. TURNER,
No. 726 N. Nineteenth street.

From the Rev. J. M. Lyons, formerly Pastor of the Columbus (N. J.) and Milestown (Pa.) Baptist Churches.

NEW ROCHELLE, N. Y.

Dr. C. M. Jackson:—Dear Sir:—I feel it a pleasure thus of my own accord, to bear testimony to the excellence of the German Bitters. Some years since being much afflicted with Dyspepsia, I used them with very beneficial results. I have often recommended them to persons enfeebled by that tormenting disease, and have heard from them the most flattering testimonials as to their great value. In cases of general debility, I believe it to be a tonic that cannot be surpassed. J. M. LYONS.

From the Rev Thomas Winton, Pastor of Roxborough Baptist Church.

Dr. Jackson:—Dear Sir:—I felt it due to your excellent preparation, Hoofland German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters; did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours,
T. WINTER, Roxborough, Pa.

From Rev. J. S. Herman, of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. M. Jackson:—Respected Sir:—I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's Bitters. I am very much improved in health, after having taken five bottles.

Yours with respect, J. S. HERMAN.

DEPARTMENT OF THE SOUTH.

NIGHT ATTACK OF THE REBELS UPON SEABROOK, S. C.

Expedition to Bull's Bay.

A Rebel Iron-Clad at Charleston.

The transport steamer Arago, from Port Royal on the 19th instant, arrived at New York on Wednesday.

ATTACK ON SEABROOK.

Before daybreak on Thursday morning, 17th, an attack was made upon Seabrook, South Carolina, by a large force of rebels, who came down the Combahassee river in boats. Colonel Howell, the commander of this district, had passed the point an hour before on a visit to the pickets, and found them on the alert, using all the proper precautions for a night guard at an important position. The Palmetto *Herald* says:

"The rebels approached Seabrook in two large boats, filled with men, evidently sent forward to reconnoitre, with a numerous reserve force further back to co-operate in case our pickets should be found napping, or any points exposed. One of the boats came down to the mouth of Skull Creek, where they attacked a picket boat, containing a corporal and four men of the 76th Pennsylvania. They first fired three shots and then a whole volley, and succeed in capturing the boat and those in it, and after a severe hand-to-hand fight. Whether there were any casualties could not be ascertained. Further on, meeting an unexpected resistance, they retired.

The other boat came down to a small creek, which runs around to the rear of Seabrook, which they evidently expected to find unguarded, as it is only navigable at high tide. They, however, encountered the picket of the 76th on shore, who challenged them, and gave them a full volley, which seems to have taken them by surprise, done good execution, and created much consternation. The steersman yelled, "back starboard! Pull port! For God's sake let us get out of this!" The order was obeyed with alacrity. Just then a signal rocket was sent up from a point a short distance up the river, whereupon both boats retired with all possible speed. The sound of many oars and of voices, from where the reserve force was stationed, could be distinctly heard by our pickets as all the boats pulled off, apparently in accordance with the signal.

It is evident that the rebels designed the destruction of Seabrook, and of the vessels there coaling, with the capture of the force which holds it. Possibly their plan of operations was on a still larger scale, and contemplated also the accomplishment of more important objects. But for the faithfulness of the pickets, it is very probable they might have done us considerable inxury, however foolish their main designs were."

REBEL DEMONSTRATIONS AT PORT ROYAL FERRY.

On Saturday morning last, the rebels made an attempt, with fifty men, two launches and a small field gun, to land in the vicinity of Port Royal Ferry, but did not succeed. An alarm was given, and the boats put back. On returning to the main land they shelled our pickets awhile, but did no damages.

EXPEDITION TO BULL'S BAY.

A small force from General Terry's command sailed from Stono Inlet, a week ago, for the purpose of making a reconnoissance of Bull's Bay. This harbor was the destination originally chosen for the Dupont-Sherman expedition, and is about twenty-five miles north of Charleston. The expedition of last week, comprising a dozen vessels from both branches of the service, entered the bay and landed without opposition from the few pickets in that vicinity. After remaining twenty-four hours—sending out several reconnoitering parties, and accomplishing the object of their mission—the force returned.

FROM CHARLESTON—A NEW REBEL IRON-CLAD.

On Thursday the 10th inst. a new rebel iron-clad war steamer was launched successfully at Charleston. She is called the Ashley. This increases the iron-clad fleet in Charleston harbor to seven vessels, with many improvements on former efforts of the rebels in naval architecture.

The "two hundred and forty-sixth day of the siege" is chronicled by the Charleston *Mercury* as the "quietest that the city has known for a long time. Not a shell was thrown at the time, and not a gun was fired at any of the hostile batteries which bristle around the entrance of the harbor."

The Raleigh *Progress* of the 8th instant says that General D. H. Hill has been assigned to the command of Charleston, and that General Beauregard has gone to the Army of the Southwest.

ESCAPE OF SLAVES.

Four contrabands—three men and a very intelligent woman—arrived at the Blockading Fleet, off Charleston, on Saturday, March 19 having escaped in a boat from St. Andrew's Parish, by rowing all night. They had several narrow escapes, and the boat in which they originally started was captured. When they came under the Long Bridge they could see and hear the sentinels upon it. They passed two torpedoes in the stream.

GOOD NEWS FROM THE RED RIVER EXPEDITION.

Capture of Fort DeRussy.

Eleven Guns and 300 Prisoners Taken.

Dick Taylor Out-Generaled by General Smith.

CINCINNATI, March 24.

A dispatch from Cairo says we have good news from the Red River Expedition, which comes from undoubted authority.

General A. J. Smith landed his forces from transports a few miles below Fort De Russey. The rebel General Dick Taylor promptly marched against him with his whole force, and attacked him in his rear. General Smith, instead of attempting to keep up communication with the river, proceeded, by forced marches, towards the fort.

When Taylor saw the trick, he started for the same destination, and for a time the race seemed doubtful. But finally the Yankees came in about three hours ahead, capturing the fort and eleven guns, four of them parrots, one eleven inch and several thirty-two pounders; also, 300 prisoners. This gives Gen. Smith a strong foothold in the country, and will enable the Admiral to proceed to Alexandria with his gunboats without opposition.

Fort De Russey is on Red River, a short distance below Alexandria, La. It was captured May 5th, last year, by Admiral Porter, who took possession of Alexandria the next day. Both were afterwards abandoned, and our forces were sent to assist in the reduction of Port Hudson.

XXXVIIIth Congress---First Session

SENATE.

WASHINGTON, March 29.

Mr. Howard (Mich.) resumed his speech of yesterday in opposition to Mr. Powell's bill to prevent military interference in the State elections. He will occupy the greater part of the session to-day.

HOUSE OF REPRESENTATIVES.

On motion of Mr. Blaine, (Me.,) the Committee on the Judiciary were instructed to inquire into the expediency of proposing an amendment to the Constitution, by striking out the article which forbids the laying of a tax on articles exported from any State.

Mr. Rice (Mass.) reported back from the Committee on Naval Affairs a bill providing for the education of naval constructors and engineers at the naval academy. It was ordered to be printed and re-committed. The House resumed the consideration of the bill declaring the Delaware bay and Raritan railroad to be a military and post road.

Mr. Broomall (Pa.) opposed the bill, saying, amongst other things, that the laws now in existence authorize all railroads to be taken for military and postal purposes.

Mr. Garfield (O.) replied that the measure was necessary, for it was a notorious fact that communication between New York and Washington was extremely deficient.
