GREAT REMEDY CONSTITUTION, AND THE ONLY KNOWN REMEDY

DIABETES, and DISEASES of the KIDNEYS and BLADDER.

Has been pronounced by the Medical Faculty and the public, to be the most wonderful remedy for the permanent cure of all discases of the STOMACH, LIVER, KIDNEYS and BLADDER that has ever been offered. It is not a kINERAL WATER. It is from experienc that CONSTITUTION WATER has emanated, and we now say let no man doubt, when a single bottle has been known to cure discases which the best medical talent in this country has failed to relieve.

A remedy possessing the virtues of Constitution Water cannot be classed under "quack" preparations, as it is now used by the most scientific practitioners in this city. It is only second class physicians that cry down popular remedies, while the better skilled make use of every racens to accomplish a cure; and the success of the physician increases as his knowledge of different remedies enables him to produce a cure, while othere fail in the attempt. Science is satisfied with the truth.

Give Constitution Water a fair trial—we mean you who are under some specialists's care from year to year, and we particularly allude to laddes who are constantly resorting to local Treatment, affa all sorts of local applications for diseases, with as inuch chance of success as there would be from local applications to the throat for diseases of the brain.

We have been always careful to use language in our CONSTITUTION WATER

be from local applications to the throat for diseases of the brain.

We have been always careful to use language in our circular that could not shock the most delicate organization, but we receive so many commenications from persons for which Constitution Water is adapted, and of whose diseases no mention has been made, that we have come to the conclusion that if the remedy is capable of producing a cure, no matter what the disease may be, it should be made known. The medicine is put up for the public, and there should be no exceptions.

We would say, Constitution Water is not like a gilded pill, made to suit the type and taxte; it is a medicine in overy sense of the term placed in the hands of the prepiet for their relief, and it taken according to the directions it will, in every case produce a radical core. We would say that the directions in regard to diet. We late only to the directions in regard to diet. On the late as under which they extent.

late only to the disease under which they exect.

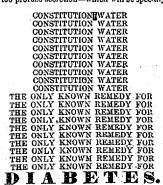

DIARETES

is a disease of the stemach and lever, retriag through the tridneys, and is, without dwith, the most obsumate disease except consumption, that affects the human consumation. We have no space for discussing causes, but will state that the effect of the disease is the conversion of the starchy principle for vegetable portion of the food) into sugar, which stimulates the kidneys to an excessive secretion of water. Many persons suiter from this disease who are ignorant of it; that is, they pass large quantities during the day, and are obliged to get up from one to fifteen or twenty times during the night. No notice is taken of it until their attention is called to the large discharge of water, and often when it is so far advanced as to be beyond the control of ordinary remedies. Another symptom is the great thirst, which, when the disease is fully established, is intolerable—the patient/airuke onstantly without being satisfied; also dryness of the mouth, cracking of the tips, a sweet breath, in the more advanced cases, and finally loss of appetite, emaciation, and the patient graduity sinks from exhaustion.

Constructions Waters is, without doubt, the only known remedy for Diabeles, and we have as much confidence that it is a specific as we have that optum will produce sleep, and truthfully say that it has cured every case in which it has been used.

has been used.

STRANGUARY AND BURNING, OR PAINFUL URI-For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has too much cannot be said it is printed. A single does has been known to relieve the most urgent symptoms. Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER has proved itself equal to the task that has devolved upon it.

DIURETICS

irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently suc-

of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our eflorts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

DANYILLE, Pa., June 2, 1862.—Dr. W.M. H. Gregg—Dear Sir: In February, 1861, I was affected with sugar diabetes, and for five months I spassed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was catirely cured, soon after regaining my usual good health. Yours truly.

Bostock Consers, N. Y., Dec. 27, 1861.—W. H. Gregg & Co.—Gents: Treety give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the lightest manner: My wife was attacked with pain in the shoulders, which length of the back, and in her limbs, with Palpitation of the Heart and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his careshedid not suffer quite as much pain. He finally gave her up, and said ther case was incurable. For," said he, "she has such a combination of complaints that medicine given for one operates against some other of her difficulties." About this time she commenced the use of Constitution Water, and 19 our utter astonishment, almost the first does seemed to have the desirea effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic allairs. She has not taken any of the Constitution Water for about four weeks, and woare happy to say that it has produced a permanent cure.

WETHRUSTIED, Conn., March 2, 1863.—Dr. W. H. Gregg—Dear Sir.—Having seen your advertisement of Constitution Water," recommended for Infammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Mossrs, Lee, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my health. Thave used two bottles of it, and an where I never expected to be in my life, well, and in good spirits I cannot express my gratitude for it, I feel that it is all and more than you recommend it to be. May the bessing of God ever attend you in your labors of love.
