THE UNION SABAATH SCHOOL, for colored persons, will be held at the Masonic Hall. in Tanner's alley, every Sabbath, commencing at 12 o'clock and closing at 3 o'clock in the afternoon. Adults, men and women, are invited to attend the school, arrangements being made to have its exercises and instructions adapted to them. Also, at the same place, from 3 o'clock to 5 o'clock in the afternoon of every Sabbath, instruction will be given to such adults, especially to those desirous of learning to read.

EXAGGERATED reports were in circulation relative to the prevalence of small-pox at Mifflinburg, Union county. The Telegraph says there were but two cases, and they are convalescent.

IMPORTANT. -- An important change has been made in General Order No. 20, published in to-day's paper. April 1st has been substituted for April 15th: Pensons desiring to enter the Provost Battalion should give this their at-

W. ROPER, a photographist from Carrollville, Blair county, Pennsylvania, fell from Point Lookout, near Chattanooga, a distance of over a hundred feet, and wassinstantly killed. He almost dragged a woman down with him. He leaves a wife and family of young children.

Ir "Mother Earth" ever intends to say "come rest upon this bosom," she could not make the remark in a more opportune time than at present; because any one who should feel disposed to do so would find it soft and yielding as "downy pillows are," although not so inviting.

"Spring is Coming"-but does not appear to be near at hand. Yesterday snow commenced falling, and continued until late in the evening, when it gave way to a copious fall of rain, which was still coming down at noon to-day. Movers need not anticipate any annoyance from dust when they "flit,"

We invite special attention to a communication in to-day's paper, relative to the holding of a convention, where some definite action may be taken to equalize local bounties throughout the State. This would have a good result, inasmuch as it would put an end to the villainous frauds practiced by the bounty sharks, who are constantly on the alert to cheat the soldiers out of their honest dues. Let the proposed convention be held, speedily.

WE are informed that there have been a number of desertions from Camp Curtin, within a very recent period. How the skedaddlers managed to effect their escape, we have not learned, but it seems evident that vigilant officer. It is, however, singular that desertions should occur if the proper degree of vigilance was exercised by all parties on

SANFORD'S OFERA HOUSE. -One of the most magnificent attractions ever brought before the public, in Harrisburg, will be produced at Sanford's to night. It is the great fairy spectacle, entitled Mornes Goose—a very appropriate piece for the Easter festival. It will be presented with all the tricks, transformations, and original music, and entirely new scenery. In the last scene there will be a grand allegorical display of revolving gems, in the jewelled cave of beauty, The whole stage in revolving motion, surrounded by red, green and blue fires. This scene alone is produced at a cost of two hundred dollars. The mechanical city, under the superintendence of Mr. Sanford. Go to Sanford's Opera House, to-night

YESTERDAY, as Joseph Barger, who is employed by the railroad company, was engaged attacked by a drunken soldier named William Gibson, who fired several shots at him. Fortunately, none of them struck Mr. B. and he escaped injury. The soldier was arrested, and after a hearing before Alderman Kline, was sent to prison, for trial at next court.

AT LARGE AGAIN. - We learn that Gwyune, the escaped custodian of the bounty money of his fellow soldiers, and who was recently arrested at Boston, and brought to this city, is again at large. It is high time for the Government to erect secure buildings in which to place captured deserters. As long as they are placed in insecure places, they may be expected to escape at the first opportunity. The money paid for the capture and re-capture of deserters would pay for the erection of the necessary buildings.

A CORRESPONDENT informs us, "that the Rev. A. X. Shoemaker will preach his farewell sermon to-morrow evening, after which he will leave for Chicago. At his own request, we believe, he was ordered to Chicago, where his labors will be more of a missionary character than otherwise. The field promises to be a wide and extended one, and the Rev. A. X. Shoemaker carries with him the earnest wishes as well as sympathies of his many friends, both in and out of the church, to his new home. Many would fain have kept him here, but his higher duties seem to demand his departure, and his friends can only acquiesce with a kind farewell, that carries with it a blessing from on high, and a testimony to his many rare virtues, godliness of life and ministry among them."

ESCAPADE. —On Monday night last, nine deserters, who were confined in the guard house at Carlisle Barracks, succeeded in making their escape. There is a grated window in this rear of the building, and about twelve feet from the ground. The prisoners succeeded in removing the stones and masonry securing this grating, covering the loose stones with their clothing; then removing the grating they made their exit one by one, muffling the sound occasioned by their jumping to the ground, by throwing out a quantity of clothing. Though the moonlight made the night almos as light as day, and a sentinel was pacing his beat within a hundred feet of the guard house, their flight was not discovered until morning. The sentinel, being suspected of collusion with the prisoners, has been placed under arrest. Among the number who escaped, was Robert S. Boyd, of this city:

THE DOMESTIC MARKETS. -- Combination Among the Farmers.—It is useless to disguise the fact, that there is now existing a regularly organized combination among the farmers attending our markets. The fact is proven by the circumstance that the prices asked by each, are the same for the same article; and the plan adopted to secure this uniformity, is by a committee fixing these prices before the opening of the market, members of said committee visiting each stall before the bell rings, and announcing to every farmer and huckster, the price to be demanded for such articles. Thus, for instance, every vender of butter, this morning, asked 50 cts; per lb., and for eggs 30 cts. per dozen. The same fact was observable in poultry-and, indeed, the uniformity in price prevailed in similar articles as they were sold by each farmer. It is not for us to write that the farmers have not a right to get as much as they can for | The very fact that others are attempting to their produce; but there are other people be- imitate this valuable remedy, proves its worth side the producers to be protected and de- and speaks volumes in its favor. fended in these days of expansion. Compared with those of New York and Philadelphia, our markets are largely the highest. We submit a comparison below:

N. York. Phila. Harrisburg. | Beef, # lb ... 19½c. 13½c. | Veal, # lb ... 18c. 12½c. | Chickens, # lb ... 20c. 14½c. | Butter, # lb ... 44c. 34c. | 10@20c. 15@18c. 25@30c. 45@50c.

-The only remedy for the consumer is to deprive himself for a time of the luxuries of the markets, and the prices will soon fall. But that we should be asked to pay more for these articles of food in this market than is required to purchase the same in New York and Philadelphia, seems an outrage of the most criminal character.

THE CLOCK IN THE DOME OF THE CAPITOL .-In answer to an inquiry made in these columns, yesterday, as to the cause of the stoppage of the clock in the dome of the capitol, the gentleman who has it in charge makes the following statement:

Editor of the Telegraph: In answer to your question of yesterday af-ternoon, I can say that the Hill Clock is 'played out." One of the teeth of the escape-ment wheel has been broken off, which ac counts for the gain of time in the clock, and until that portion of the machinery is repaired the works cannot possibly keep correct time.

The casing around the clock has become so damaged by constant use and exposure, as to subject the inner works to the damaging examination of every visitor to the dome of the capitol. The pendulum of the clock has been made use of by travelers on which to scratch their names, while the inside of the casing is there has been a neglect of duty on the made a pleasant resort for the boys of the city part of somebody connected with the in which to play hide and seek. You can judge camp. No suspicion can rest upon Captain from this description how difficult it is to run such a machine. The fact, too, that the clock Sands, who has charge of the camp, as he is a has been in use since 1821, is evidence that the works have fulfilled their functions, and might with justice be replaced with others of more modern manufacture and utility. I have no contract for repairing any portion of this clock when it becomes broken, or supplying others when worn out. The public will therefore decide that I am not responsible for the time indicated by the clock on the capitol. W. M'CALIIA.

-It is very certain, that from the position of the works and the weights of the clock in the dome of the capitol, no exact record of time can be kept; while the exposure to which the works are constantly subjected, render them liable to be thrown out of order at any time, and entirely beyond the power of the best clockmaker in the country to keep them in order. Of course, by our reference, yesterday, we implied no reproval to Mr. M'Calla. He does all he contracts to do for the clock on effects were made at the Eagle Works in this the capitol. What is wanted in Harrisburg, is a clock at some central point, which will truly The same scene as produced in the Seven indicate the time. As it is, our citizens are. WE learn that Capt. H. Chritzman, has been authorized (by an order issued from the headquarters of the Department of the Susquehana,) to raise a company for the First Battalion, Penn. Vols. This Battalion is intended to do provost duty in the department. The Battalion has been composed of six companies, but will now be increased to ten, or a full regiment. The term of service will be three years, or during the war. Persons desirous of joining this organization will receive all the Government Bounties offered. Application should be made to Capt. C. at the Provost Marshal's office in this city.

MISS KATE DENIN COMING TO HARRISBURG The public will be gratified to learn that Mr. Rouse, of the Star Combination Troupe, has effected an engagement with Miss Kate Denin, the favorite tragedienne, who has become one of the most popular actresses in the country. She will make her appearance in Harrisburg, on Monday evening next, on which occasion two very popular plays will be presented. Mr. Sam E. Rvan, the famous Irish comedian. has also been engaged, and will appear the same evening. Several valuable additions have been made to the stock company, and we predict for manager Rouse a continuance of that patronage which has been so lavishly bestowed upon him during the past ten weeks.

THE HIDDEN CO. -There having been a de sire manifested by our citizens to witness, once more, the great playentitled THE HIDDEN HAND, Mr. Rouse, of the Star Combination Company, has consented to have it repeated. All persons who desire to witness this splendid company, in the dramatization of Mrs. Emma D. E. N. Southworth's great Ledger story, are reminded that to-night will be the last opportunity they will have to gratify that desire We therefore advisé every one to go to Brant's Hall, this evening, and see one of the greatest dramas of the age. The cast of characters is excellent. Miss Fanny Denham will appear in her favorite character of Capitola. The Hidden Hand is one of the best plays ever put upon the stage. Go and see it. You will not H have another opportunity to see Rouse's Star Troupe in this piece.

COUNTERFEITS .- Beware of Counterfeits .- As Kunkel's Bitter, Wine of Iron is the only sure and effectual remedy in the known world for the permanent cure of Dyspepsia and Debility, and as there are a number of imitations, of fered to the public, we would caution the community to purchase none but the genuine article, manufactured by S. A. Kunkel, and has his stamp on the top of the cork of every bottle.

The BITTER WINE OF IRON is put up in 75 cent and \$1,00 bottles, and sold by all respectable Druggists throughout the country. Be particular that every bottle bears the fac simile of the proprietor's signature. See another column. General Depot, No. 118 Market street, Harrisburg, Pa.

JUSTICE TO A GALLANT PENNSYLVANIAN. We have just heard of the vindication of a gallant Pennsylvania soldier, Major James Q. Anderson, who was dismissed from the service on the 24th of February last, on a very trivial charge. What was most singular about the affair was the fact that, at the time of Major Anderson's dismissal, he had just received notice of his promotion as Lieutenant Colonel of his regiment. (the Seventeenth.) but before the order for his promotion could take effect, this gallant soldier was forced to leave an army in which he had rendered the most valuable services to his country. After a patient investigation of all the facts—and after submitting to every test becoming a man and soldier, Lieutenant Colonel Anderson has been handsomely vindicated, and was yesterday restored to his rank as Lieutenant-Colonel of the Seventeenth.

-At the time Major Anderson was dismissed, we felt that injustice had been done him, but he had no remedy then, and was compelled to bide his time for vindication. That time has now come—he has been gloriously vindicated, and the service has regained a good man and a gallant soldier. We congratulate him on the result.

I take this method of cheerfully thanking the public for past favors, and still solicit their kind attention to my medicines. To tell of all the wonderful cures I have been able to perform would be impossible. I would call the attention of the ladies particularly to this valuable medicine. I think I can safely say it is the very best offered to them. It will regulate the whole system; can be taken at any time; no fear need be apprehended in regard to it. DR. WISHART'S PINE TREE TAR CORDIAL

IS THE VITAL PRINCIPLE OF THE PINE TREE. Obtained by a peculiar process in the distillation of the tar, by which its highest medical properties are retained.

Ical properties are retained.

Have you a Cough? Have you Sore Throat?
Have you any of the premonitory symptoms of that most fatal disease, Consumption?

Those who should be warned by these symptoms generally think lightly of them until it is too late, From this fact, perhaps more than any other, arises the sad prevalence and fatality of disease which sweeps to the grave at least "one-sixth" of death's victims.

Consumption has destroyed more of the human family than any other disease, and the best physicians for many years have despaired of a cure, or a remedy that would heal the lungs, but for more than two hundred years the whole medical world has been impressed that there was a mysterious power and effi-ciency in the Pine Tree Tar to heal the lungs; therefore they have recommended the use of Tar Water, which in many cases had a good effect: but how to combine the medical properties so as to heal the lungs, has ever been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Pa., the proprietor of "Wishart's Pine Tree Tar Cor-dial."

Many, not only of the people, but physicians of every school and practice, are daily asking me, "What is the principle or cause of your success in the treatment of Pulmonary Consumption?" My answer is this:

The invigoration of the digestive organs-the strengthening of the debilitated system the purification and enrichment of the blood, must expel from the system the corruption which scrofula breeds. While this is effected by the powerful alterative (changing from disease to health) properties of the Tar Cordisease to health) properties of the Tar Cordial, its healing and renovating principle is
also acting upon the irritated surfaces of the
lungs and throat, penetrating to each diseased part, relieving pain, subduing inflammation, and restoring a healthful tendency. Let
this two-fold power, the healing and the
strengthening, continue to act in conjunction
with Nature's constant recuperative tendency,
and the patient is saved, it he has not too and the patient is saved, if he has not too long delayed a resort to the means of cure.

I ask all to read the following certificates. They are from men and women of unquestionable worth and reputation: Dr. Wishart-Dear Sir:-I had a ver-

dreadful cough and sore throat for one year, and my wholes, stem was fast giving way, and I was prostrated on my bed with but little hope of recovering. My disease baffled the power of all medicines, and in a short time I must have gone to my grave, but thank God, my daughter-in-law would not rest until she went to your store, No. 10 N. Second street, and related my case to you, purchased one bottle of your Pine Tree Tar Cordial and I commenced to use it, and in one week I was much better, and after using three bottles I am perfectly well, and a wonder to all my friends, for they all pronounced me past cure. Publish my case if you think proper. REBECCA HAMILTON,

No. 1321 Wylle street, Philadelphia.

Read the following from Utica: Dr. Wishart—Dear Sir.—I take pleasure in informing you through this source that your Pine Tree Tar Cordial, which was recommended for my daughter by Dr. J. A. Hall, of this city, has cured her of a cough of more than five months' standing. I had thought her beyond cure, and had employed the best of medical aid without any benefit. I can cheerfully recommend it to the public as a safe and sure remedy for those similarly afflicted, as I know of many other cases besides that of my daughter that it has entirely cured of long standing coughs. Yours respectfully, JOHN V. PARKER, Daguerrean Artist.
