## GREAT REMEDY CONSTITUTION, AND THE ONLY KNOWN REMEDY

DIABETES, and DISEASES of the KIDNEYS and BLADDER.

CONSTITUTION WATER

Has been pronounced by the Medical Faculty and the public, to be the most wonderful remedy for the permanant cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLADDER that has ever been offered. It is not a MINERAL WATER. It is from experience that CONSTITUTION WATER has emainted, and we now say let no man doubt, when a single bottle has been known to cure diseases which the best medical talent in this country has failed to relieve. this country has failed to relieve.

this country has failed to relieve.

A remedy possessing the virtues of Constitution Water cannot be classed under "quack" preparations, as it is now used by the most scientific practitioners in this city. It is only second class physicians that cry down popular remedies, while the better skilled make use of every means to accomplish a cure; and the success of the physician increases as his knowledge of different remedies enables him to produce a cure, while othere fail in the attempt. Science is satisfied with the truth.

Give Constitution Water a fair trial—we mean you who

tempt. Science is satisfied with the truth. Give Constitution Water a fair trial—we mean you who are under some specialists's care from year to year, and we particularly allude to ladies who are constantly resorting to local treatment, and all sorts of local applications for diseases, with as much chance of success as there would be from local applications to the throat for diseases of the brain

be from local applications to the throat for diseases of the brain.

We have been always careful to use language in our circular that could not shock the most delicate organization, but we receive so many communications from persons for which Constitution Water is adapted, and off whese diseases no mention has been made, that we have come to the conclusion that if the remedy is capable of producing a cure, no matter what the disease may be, it should be made known. The medicine is put up for the public, and there should be no exceptions.

We would say, Constitution Water is not like a gided pill, made to suit the eye and taste; it is a medicine in every sense of the torm, placed in the hands of the people for their relief, and if taken according to the directions it will, in every case, produce a radical cure. We would say that the directions in regard to diet, etc., relate only to the disease under which they occur.

DIABETES

Is a disease of the stomach and liver, acting through the kidneys, and is, without doubt, the most obstinate disease, except consumption, that affects the human constitution. We have no space for discussing causes, but will state that the effect of the disease is the conversion of the starchy principle (or vegetable portion of the food) into sugar, which stimulates the kidneys to an excessive secretion of water. Many persons suffer from this disease who are, ignorant of it; that is, they pass large quantities during the day, and are obliged to get up from one to fifteen or twenty-times during the night. No notice is taken, of it until their attention is called to the large discharge, of water, and often when it is so far advanced as to be b'-yond the control of ordinary remedies. Another symp tom is the great thirst, which, when the disease is fully established, is intolerable—the putient/diruse constantly swithout beings attisfed; also dryness of the mouth, crack ing of the lips, a sweet breath, in the more ndvanced cases, and finally loss of appetite, emaciation, and the patient gradually sinks from exhaustion.

Constitution water is swithout doubt, the only known remedy for Diabetes, and we have as much confidence that it is a specific as we have that opium will produce sleep, and truthfully say that it has cured every case in which it has been used.

For these diseases it is truly a sovereign remedy, and
too much cannot be said in its praise. A single dose has
been known to relieve the most drgent symptoms.
Are you troubled with that distressing pain in the small
of the back and through the hips? A teaspoonful a dry
of the Constitution Water will relieve you like magic.

PHYSICIANS Have long since given up the use of buchu, cubebs and juniper in the treatment of those diseases, and only use them for the want of a better remedy.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so aminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

READ! READ!! READ!!! DAVILLES, Pa., June 2, 1862.—Dr. Wm. II. Gregg—Dear Six: In February, 1861, I was affected with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to gallons of water in twenty-four hours. I was obliged to gallons of water in twenty-four hours. I was obliged to gallons of water in twenty-four hours, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it lexperienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Yours truly.

J. V. L. DE WITT

Boston Corners, N. Y., Dec. 27, 1861.—Wm. H. Gregg & Co.—Gents: I freely give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner: My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart and Irritation of the Biadder. I called a physician, who sattended her about three months, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his care she did not sufthan he had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his care she did not surfer quite as much pain. He finally gave her up, and said "her case was incurable. For," said he, "she has such a combination of complaints that medicine given for one operates against some other of her difficulties." About this sime she commenced the use of Constitution "News; and to our utter astonishment, almost the first dose scorned to have the desired effect, and she kept on improving rapidly under its treatment, aim of how superinhead's entirely her domestic affairs. She has not taken any for the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent oure.

WETHERSTIELD, Conn., March 2, 1883.—Dr. "IF. H Grego—Dear Sir:—Having seen your advertisement of Gonstitution Water," recommended for Inflammation of the Kidneys and Juritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I produced one bottle of your agents at Hartford Messra, Les, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my health. I have used two bottles of it, and am where I never expected to be in my life, well, and as good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommend in to be. May the blessing of God ever attend you in your labors of love.
