SCRAPERS are at work in different portions of the city, scraping up the mud and filth that have accumulated in the streets during the past few months. It is hoped that the dirt wilf not be allowed to remain in heaps until it is again scattered broad cast over the streets. Let it be removed.

MILESBURG, April 15, 1864. Editor of the Telegraph:

Dear Sir.—Has there been a call for 300,-000 militia from the State of Pennsylvania, whose time of service is ninety days? Such a rumor is afloat, and by your giving the necessary information, you will oblige many of the patrons of the Telegraph.

Our "patrons" are informed that no such call as the above has been issued; neither has there been a call of any description for the State militia since the summer of 1863.

RELIEVED. - An order from the War Department relieving Major D. H. Hastings from command of Carlisle Barracks, was received on Tuesday last. The order separates the drafted camp here from its former connection with the post, and places Captain D.P. Hancock, 7th U. S. Infantry, in command. Lieut. H. T. McClean, 6th U.S. Cavalry, is by virtue of his being ranking officer, at present in command of Carlisle Barracks. Major Hastings was sometime since placed on the retired list, and his being relieved is, we presume, in accordance with the rule of the War Department in relation to officers on that list.

Run of Smash-up-Destruction of Peanuts, Millinery, &c. - This afternoon a countryman left his team, consisting of two horses and a wagon, in the vicinity of the depot, The animals became frightened and ran off, up Market street. In front of the City Hotel they upset a peakut stand, and scattered the contents of the table in every direction; on the route a pillar was knocked out of place in the building of Rev. James Colder; the clothing hanging in front of a Jew store was taking down gratuitously; the show cose of Mrs. Jane Wagner, corner of Market and Fourth streets, was smashed, and its contents, consisting of millinery, goods, sadly damaged. When last heard from the horses and wagon were still "wending their way" up street. The owner of the team was following his runaway property, and the owners of the damaged goods were in pursuit of remuneration for their loss. Persons in charge

THEATRE. - Splendid Saturday Night Bill. -To-night that thrilling and favorite drama, THE CARPENTER OF ROUEN, will be repeated at the theatre. It is decidedly the most interesting play ever placed upon the boards in Harrisburg, and has given entite satisfaction to the large audiences that have witnessed its production here. It will cause the hall to be crowded. Every one should see it. Go to Bannvart's at once, and secure your seat. Look out for a jam at the hall to-night.

SURPRISE PARTY.—The newly appointed pastor of St. Paul's M. E. Church (Rev. J, Owen Sypherd) was favored with a surprise party, by some of the members of said church, the first evening after taking possession of the parsonage, at which time the company made his lady (Mrs. Sypherd) a very liberal donation of the necessaries of life, all of which was thankfully received by Mr. and Mrs. S. Before separating the friends united with the family in religious services, Rev. J. E. Kessler (the former pastor) and Mr. James Porter conducting the service; after which the friends retired to their respective homes, with the prayer of their pastor and his lady, that their Heavenly Father will lavish upon them the bread of this life, and not only so, but the bread of eternal life, and, eventually, a home in Heaven.

PITTSBURGER TRIED FOR HOMICIDE IN CHAM-BERSBURG.-Morgan R. Bryan, of Pittsburg, was tried for murder, at Chambersburg, Franklin county, Penna., the present week. He was first Lieutenant of Co. A, 7th Penna. Regt., three months' men, at Camp Slifer, in June, 1861, and while there he went to Chambersburg, a mile or two distant, in command of a squad of men, for the purpose of picking up stragglers from camp. His company was called the "Scott Legion," and there was a Philadelphia regiment so called encamped in the vicinity. A difficulty occurred between some members of the Scott Legion of Phila delphia, which came to the ears of Bryan, who, thinking the men belonged to his company, went to the spot. A soldier had been shot, it was alleged by a negro named Frank Jones, whom Bryan attacked, first shooting him once or twice with his revolver and then piercing him through the body with his sword. Bryan avoided arrest at the time, but the excitement concerning the affair subsiding, he surrendered himself to the authorities and was admitted to bail, it being conceded that the homicide was not of the highest grade.

His case was taken up on Monday, and con-cluded on Thursday, the jury rendering a verdict of guilty of manslaughter. The District Attorney and Geo. Eyster, Esq., appeared for the Commonwealth, and Messrs. M'Lellan, Kimmell and Sharpe were retained for the

Almost one million of letters annually fail to be delivered, in consequence of the neglect of the writers to direct their letters rightly, or according to the rules above laid down. Two-thirds of these, the department is enabled to return to the writers by the discovery of their names or address inside of the letters. But the other third is lost entirely to the persons for whom they were intended, or to the writers, because of improper direction, and the letters having no indication where the writers could be found, so as to be returned to them. The rules laid down by the department, if faithfully followed, will insure a certain delivery in nearly every case.

of our eminent clergymen:

HARRISBURG, Feb. 8th, 1864.
C. A. BANNVART—Dear Sir: I have used.
Brown's Bronchial Troches, Wistar's Lozenges and other preparations for hoarseness and throat troubles, and in comparison with them all, can cheerfully commend your own as most admirable specific for public speakers and singers, in cases of hoarseness, coughs and colds. I have found them serving in time of need, most effectually.
Yours truly, T. H. ROBINSON,

Pastor of N. S. Presbyterian Church.

Jagree with Mr. Robinson as to the value of Bannvart's Troches. W. C. CATTELL, Late Pastor of O. S. Presbyterian Church.

HARRISBURG, Jan., 1864. To C. A. BANNVART—Dear Sir: In the habit of speaking very frequently, and in places where the vocal organs are very much taxed, I have found the need of some gentle expectorant, and that want has been supplied in your

excellent Troches.

I consider them very far superior to any Lozenges that I have ever used, in removing speedily that huskiness of the voice arising from its too frequent use, and impairing the effectiveness of the delivery of public ad-

dresses. Yours, &c., JNO. WALKER JACKSON. Pastor of the Locust St. Methodist Church

To C. A. BANNVART-Dear Sir: Having used your Troches, I am free to say they are the best I have ever tried and take great pleasure in recommending them to all persons afflicted with sore throat or huskiness of voice arising from public speaking or singing.
Yours, &c., G. G. RAKESTRAW, Yours, &c., G. G. RAKESTRAW, Pastor of Ridge Avenue Methodist Church.

> DISTRICT ATTORNEY'S OFFICE, \ HARRISBURG, Feb. 29, 1864.

To C. A. BANNVART—Dear Sir: — I have found your Troches to be invaluable in relieving hoarseness and in strengthening the muscles of the throat. They impart clearness to the voice, and are certainly of great benefit to all public speakers.

and Electropathic physicians, respectfully offer their professional services in all the various branches of the professional services in all the various branches of the profession for the treatment of all acute and chronic forms off disease.

The remedial means they employ in the freatment of disease consist of Magnetism, Galvanism, Electro-Magnetism, the Swedish method of Localized movement cure, a few Edectic medicines when deemed necessary, and in fact all the natural curative agents that may successfully be brought to bear upon the disease.

They do not wish to be understood as arrogating to themselves any superiority of professional skill, but they believe the remedies they employ in the treatment of disease far superior to those generally employed byphysicians, from the fact that they act in perfect harmony with the laws governing and controlling the human system. To this, and the fact that they confine themselves to no particular pathy or system, they attribute their success in controlling disease.

The principal agent they employ in the treatment of disease, namely, Electricity, is an agent wonderful in its phenomena and powerful in its effects for good or ill. It is an ever present, all-pervrding principle, governing all things, from rolling worlds down to the invisible particles of gasseous matter. We see, thin the lightaing's flash and hear the manifestations of its power in the muttering thunder. It is the cause of all decomposition, recomposition and transformation. It excites all motion. It is the exciting cause of life, growth, decay and death. It causes secretion, excretion, digestion, it lays hold of the crude food in the stomach, converts it into a state of fluidity, transmutes it into articla blood, and sends it on its important office of supplying nutriment according to the necessities of the body.
