WESTERN MARYLAND RAILROAD, -At a meeting of the Commissioners of Washington county, held at Hagerstown on Tuesday, the 12th of April, it was ordered that the President of the Board be authorized and directed to endorse and guarantee, agreeably to the act of the General Assembly of Maryland, \$300. 000 of the second mortgage bonds of the Western Maryland railroad company, for the purpose of aiding said company in extending their road to Hagerstown.

Another Fair. - The people of Western Pennsylvania intend holding a Sanitary Fair at Pittsburg, to commence on the 1st of June. A special department will be devoted to live stock and farm products. To this department the whole State is invited to contribute.

The great, indeed, the sole aim of the Fair is to do good to the sick and wounded of our army, and though the feeling which will prompt all to contribute is one of gratitude to our soldiers, the occasion may be used incidentally to bring before the public eye choice stock, and new and useful machines and products. Those who are engaged in the various branches of husbandry should be represented. Suitable apartments, stalls, provender, etc., will be provided, and all freight settled at

CAMBRIA COUNTY.—On last Friday night Mr. Robert Pickworth, occupying the middle part of a tripple house, of which Joseph Moore, recently convicted of murder, owns a third, discovered a fire in that portion owned by Moore. The fire had been kindled by placing a lamp in a closet, and surrounding it with rags, paper, etc. The Tribune states that Mrs. Moore is suspected of the incendiarism, as she was seen in the house in the afternoon.

A MAGNIFICENT bulletin board, containing the announcement, "The Campbells are Coming," and which attracted the attention of all passers-by, was erected in front of the Capitol grounds, by consent of the keeper thereof. From some cause or other, a certain committee ordered the removal of the board, and persons who desire to know when "The Campbells are Coming," will have to look elsewhere for the information. It seems cruel that the board should be removed so soon, as it contained an important announcement. However, we will continue to reinfind the public that "The Campbells are Coming."

Quite a scene was created at camp Curtin, on Friday last, in the restoration of a mute. One of the provost guard who recently enlisted to serve the State, learning that they were to be placed at the front, suddenly lost his speech and hearing, but with the new practice now in vogue in the trials of cure he was suddenly made to hear and speak by placing a pistol behind his back. He soon got away from it on hearing the report. Ether was next administered. This soon brought the guard to his senses and he talked like a magpie. He now takes his place in the ranks, a wiser and better soldier. Uncle Sam's doclately applied to in behalf of the St. Louis tors are up to snuff and their eyes are not so easily closed.

Police Affairs-Before the Mayor.-Catharine Jones and Ann Frederick, vagrants, of Carlisle, had a hearing, and were ordered to leave the city. The Mayor directed an officer to accompany them to the river bridge-when they went on their way-not rejoicing, but grumbling at the manner in which they had been treated here. The "ticket-of-leave" was very appropriate, in this case, as the party was composed of women whose characters are not above suspicion.

A number of soldiers were arrested for drunkenness and disorderly conduct, and handed over to the Provost Marshal.

A "revolver," named Hummel, was arrested for vagrancy. Hé was escorted to the river bridge by a policeman, and ordered to leave. A soldier, named Newton Reynolds, of Co. F, 184th Pa. Reg., grossly insulted a respectable lady on one of our streets. He was arrested, and, after a hearing was handed, over to the Provost Marshal. The wretch who would insult respectable females on the streets. should be severely punished.

ACCIDENT ON THE NORTHERN CENTRAL ? RAIL-WAY.—Several Persons Injured—A Train: Destroyed.—An accident occurred on Saturday morning, at Richard's Switch, ten miles from Baltimore, on the Northern Centrail Realway which resulted in the almost entire destruction of a locomotive and train of cars and injury to several persons. The express train North Westmoreland county, was killed at George's left that city at twenty minutes before ten Station, Pennsylvania Railroad, on Friday o'clock, the regular train, with nine cars, inlast, by being caught between the cars of the cluding the baggage and Adams' Express cars. It progressed very well and at a rapid rate of speed until it reached the point in question. when it collided with a gondola carladen with railroad iron.

> A gravel train was on the road at the time, and that backed into the switch to get out of the way of the express train, and in doing so pushed two gondola cars laden with railroad iron, which had been standing on the switch, so far that the end of one of them projected over the main track. That was not observed by the engineer, and the train dashed on until the collision took place. The iron laden car was knocked some fifteen or twenty feet from the track, and the cylinder and all the machinery on one side of the locomo tive was torn off. All the cars of the train were more or less broken, and a number of them entirely destroyed.

William W. Coleman, Adams express agent, had his left arm caught in the wreck, and it was horribly crushed, up to :a point midway between the elbow and shoul der. Dr. Ormsby S. Mahon, residing at No. 138 North Exeter street, Baltimore, had the small bone of one of his legs broken, and Bernard Auchenbaugh, the baggage master, received a severe contusion on the head. Until the extent of the personal injury sustained was known there was a painful suspense amongst those who escaped. The mail car took fire, but it was extinguished before the, mail was damaged. The wreck was clear ed from the track as soon as possible, and an other train, sent from that city, left the see ne of accident at two o'clock, for Harrisbur g. Coleman was taken to Baltimore and conveyed to his home, No. 79 William stree t, where Professor

N. R. Smith was called to see him. The arm was found to be completely shattered and lacerated, so that it was deemed necessary to amoutate St, and the operation was at once performed. Yesterday he was doing as well as could have been expected. The circumstances which called forth the above resolve from King Richard the Third, was not such as should emulate mankind of the present age to have a proper respect for their outward appearance. Legitimate self respect, however, and through that the obligation e owe to society enjoins, or rather causes us to the extent of our means to have some pride in what we wear or put on. It is true, in these times of high prices, many ladies and gentle men will wear a thread-bare dress and coat, that in days gone-by would have been given to the first needy customer that came along, as a panacea, to some extent, for the troubles necessarily growing out of the disturbed condition of our once peaceful country. We respectfully call the attention of the public to the large stock of spring and summer dry goods just received from New York, at prices much in favor of the purchaser. C. L. man. MEDICAL.

DR. WISHART'S PINE TREE

TAR CORDIAL IS THE VITAL PRINCIPLE OF THE PINE TREF, Obtained by a peculiar process in the distillation of the tar, by which its highest medical properties are retained.

Lave you a Cough? Have you Sore Throat? Have you any of the premonitory symptoms of that most fatal disease, Consumption? Those who should be warned by these symptoms generally think lightly of them until it is too late, From this fact, perhaps more than any other, arises the sad prevalence and fatality of disease which sweeps to the grave at least "one-sixth" of death's victims.

victims.

Consumption has destroyed more of the human family than any other disease, and the best physicians for many years have despaired of a cure, or a remedy that would heat the lungs, but for more than two hundred years the whole medical world has been impressed that there was a mysterious power and efficiency in the Pine Tree Tar to heal the lungs; therefore they have recommended the use of Tar Water, which in many cases had a good effect; but how to combine the medical pro-perties so as to heal the lungs, has ever been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Pa. the proprietor of "Wishart's Pine Tree Tar Cor-

Many, not only of the people, but physicians of every school and practice, are daily asking me, "What is the principle or cause of your success in the treatment of Pulmonary

Consumption?" My answer is this:
The invigoration of the digestive organs—
the strengthening of the debilitated systein the purification and enrichment of the blood, must expel from the system the corruption which scrofula breeds. While this is effected by the powerful alterative (changing from disease to health) properties of the Tar Cordial, its healing and renovating principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each dis-eased part, relieving pain, subduing inflamma-tion, and restoring a healthful tendency. Let this two-fold power, the healing and the strengthening, continue to act in conjunction with Nature's constant recuperative tendency, and the patient is saved, if he has not too long delayed a resort to the means of cure.

I ask all to read the following certificates. They are from men and women of unquestionable worth and reputation:

Dr. Wishart-Dear Sir:-I had a very dreadful cough and sore throat for one year, and my whole system was fast giving way, and I was prostrated on my bed with but little hope of recovering. My disease baffled the power of all medicines, and in a short time I must have gone to my grave, but thank God, my daughter-in-law would not rest until she went to your store, No. 10 N. Dr. Wishart's Pine Tree Tar Cordial is an infalliable cure for Bronchitis, Bleeding of the Lungs, Sore Throat and Breast, Inflamma tion of the Lungs. Mr. WARD says:

Dr. Wishart-Sir:-I had Bronchitis, Inflammation of the Lungs, Shortness of Breath, and Palpitation of the Heart in their worst torms; I had been treated by several of the most eminent physicians in Philadelphia, but they could not stop the rapid course of my disease, and I had despaired of ever being reiey could not stored to health. I was truly on the verge of the grave. Your Pine Tree Tar Cordial was highly recommended to me by a friend; I tried it, and am thankful to say that, after using four large, and one small, bottles, I was restored to perfect health. You can give reference to my house, No. 968 N. Second street, or at my office of Receiver of Taxes, from 9 A. M. to 2 P. M., corner of Chestnut and Sixth

streets. JOHN WARD.

Read the following from Utica: Dr. WISHART—Dear Sir:-I take pleasure in informing you through this source that your Pine Tree Tar Cordial, which was recommended for my daughter by Dr. J. A. Hall, of this city, has oured her of a cough of more than five months' standing. I had thought her beyond cure, and had employed the best of medical aid without any benefit. I can cheerfully recommend it to the public as a safe and sureremedy for those similarly afflicted as I know of many other cases besides that of my daughter that it has entirely cured of long standing coughs. Yours respectfully, JOHN V. PARKER, Daguerrean Artist.
