ELECTRICITY.

ELECTRICITY.

DRS. WYETH and CREAMER, Eclectic and Electropathic physiciana, respectfully offer their professional services in all the various branches of the profession, for the treatment of all acute and chront forms of disease.

The remedial means they employ in the treatment of disease consist of Magnetism, Galvanism, Electro-Magnetism, the Swedish method of Localized movement cure, a few Eclectic medicines when deemed necessary, and in fact all the natural curative agents that may successfully be brought to bear upon the disease.

They do not wish to be understood as arrogating to themselves any superiority of professional skill, but they believe the remedies they, employ in the treatment of disease far superior to those generally employed byphysicians, from the fact that they act in perfect harmony with the laws governing and controlling the human system. To this, and the fact that they confine themselves to no particular pathy or system, they attribute their success in controlling disease.

The principal agent they employ in the treatment of disease, namely, Electricity, is an agent wonderful in its phonomena and powerful initis effects for good or ill. It is an ever present, all-pervaling principle, governing all things, from rolling worlds down to the invisible particles of gasseous matter. We see it in the lightning's flash and hear the manifestations of its power in the muttering thunder. It is the cause of all decomposition. It is the crude food in the stomach, converts it into a state of fluidity, transmutes it into arterial blood, and sends it on its important office of supplying nutriment according to the necessities of the body. It is the nerve vital fluid, the great agent through which the mind acts upon the body. It is the cause of all causes-except the first great cause, the Infinite Mind which created it and brought it into use. Those may appear like more assertions, but they are facts admitting of strong and irresistible proof. Is it then, to be wondered at that an agent so wonderful in its

EVENING EDITION

To the Farmers of Dauphin

We have been requested to give the sub ioined letter an insertion in our columns, and to announce the accompanying names as the county committee:

WEST PENN SQUARE, Рипаделеніа, March 18th, 1864. To Hon. A. O. Hiester, Harrisburg, Dauphin

County, Pennsylvania.

DEAR SIR:—Agreeably to the authority vested in me by the Executive Committee of the GREAT CENTRAL FAIR in aid of the United States Sanitary Commission, I have appointed you Chairman of the Dauphin County ommittee on Agriculture, of said Fair, which appointment I am happy to state, has been approved by the general Committee on Agriculture here. Upon this Committee has been devolved the duty of communicating with the Agriculturists of Pennsylvania, New Jersey and Delaware, of systematising their efforts and soliciting their contributions in behalf of the Fair, and of facilitating the transportation of those contributions hither. The jects of the Sanitary Commission, and of the Fair, are set forth in the Circular of the Executive Committee, a copy of which is annexed. These objects, I cannot doubt, meet with your entire approval, and will enlist your active and zealous co-operation.

Permit me, therefore, respectfully to suggest, that you cause the fact of your appointment to be noticed in one or more of your county newspapers, and a copy of a paper containing the notice to be mailed to me—that you, at the earliest practicable moment, con-stitute ten active and influential ladies and gentlemen of your county—say five of each— a County Committee, of which you will be the Chairman—that this Committee, in turn, appoint a responsible and energetic Committee in each township, to solicit therein contributhe state of the Products of the Farm, and of the Farmer's household, to be exhibited and disposed of at the Fair, which will be held in this city early in June next.

You will please to consider yourself empowered to adopt such other recovery.

ered to adopt such other measures within your county as may be well calculated to advance the cause in hand; reporting to me promptly, the names of the members of your county Committee, and from time to time, the progress you are making.

Very respectfully, your obedient servant,

ALFRED S. KENNEDY,

Chairman of Committee on Agriculture. In forwarding contributions, please observe the following directions:
