"THE UNION—NOW AND FOREVER."—*Webster.*

BY GEORGE BERGNER. HARRISBURG, PA., TUESDAY EVENING, APRIL 26, 1864. PRICE TWO CENTS.

MEDICAL.

DR. JOHNSON,

BALTIMORE

LOCK HOSPITAL,

HAS discovered the most certain, speedy and effectual remedies in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

NO MERCURY OR NOXIOUS DRUGS.

A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or antipipations, rendering marriage, &c., impossible.

YOUNG MEN

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

immediately cured, and full vigor restored.

This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

OFFICE No. 7, SOUTH FREDERICK STREET,

Left hand side going from Baltimore street, a few doors from the corner. Fail not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, i too often happens that an illtimed sense of shame or the dread of discovery deters him from applying to those who from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, filch his pecuniary substance, keep him trifling month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, etc., progressing with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveler returns.

INDORSEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the *Sun*, *Clipper*, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

ATTENDED WITH THE FOLLOWING SYMPTOMS.

Indisposition to Exertion,	Dryness of the Skin,
Loss of Memory,	Loss of Power,
Weak Nerves,	Difficulty of Breathing,
Horror of Disease,	Trembling,

In one of which the patient may expire. Who can say that they are not frequently followed by those "direful diseases."

INSANITY AND CONSUMPTION.

Many are aware of the cause of their sufferings, but none will confess. The records of the insane asylums and the melancholy deaths by Consumption, bear ample witness to the truth of the assertion.

In many affections peculiar to females the Extract Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or suppression of the customary Evacuations, Ulcerated or Schirrous state of the Uterus, Leucorrhea or Whites, Sterility, and for all complaints incident to the sex, whether arising from Indiscretion, Habits of Dissipation or in the

It causes frequent desire, and gives strength to Urinate, thereby removing obstructions, preventing and curing Strictures of the Urethra, allaying pain and inflammation, so frequent in this class of diseases, and expelling Poisonous, Diseased, and Wornout Matter. Thousands upon thousands who have been the victims of quacks, and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "Poison" has by the use of "powerful Astringents," been dried up in the system, to break out in an aggravated form, and perhaps after marriage.

EVENING EDITION.

Pennsylvania Legislature.

REPORTED EXPRESSLY FOR THE TELEGRAPH.

SENATE.

MONDAY, April 25th, 1864.

The Senate met 3 o'clock. A few petitions were presented but no bills read or reported.

RETURN OF A BILL.

Mr. CLYMER offered the following:

Resolved, (if the House concur,) That the Governor be requested to return to the Senate, Senate bill No. 162, entitled An act to incorporate the Marshfield coal land company.

The resolution was twice read and adopted.

Mr. HOPKINS offered the following:

Whereas, The Senate by a joint resolution of the tenth of March, A. D. 1864, did appoint a committee in conjunction with the House of Representatives, to investigate certain alleged frauds committed by military officers in withholding a large portion of the bounties paid by the authorities of divers localities in this State;

And whereas, The said committee made a report on the twentieth day of April, A. D. 1864, wherein amongst other things they implicate the character of Colonel Richard White of the Fifty-fifth Pennsylvania volunteers, as a soldier and an officer, which said report was made without the said Richard White having a hearing before the said committee, notwithstanding his request that he should be heard before the said committee, or that he might have an opportunity to defend himself before the committee;

And whereas, Justice requires that every man who is charged with an offence should be heard before he is condemned; therefore, be it

Resolved, (if the House of Representatives concur,) That the said report of the committee be and is hereby referred back to the said committee, with instructions that they issue a subpœna to the said Col. Richard White, to enable him to appear before them, and that the printing of said report and all further action thereon be suspended until the said Col. Richard White may have an opportunity to appear before the said committee, or to furnish a statement in writing in answer to said charges, and that the same be directed to be printed in connection with the same.

The bill to enable State banks to become national institutions passed third reading and laid over. Adjourned.

The bill for the removal came up again as the special order for the evening.

On the question, Will the House agree to the motion, the yeas and nays were required by Mr. HOPKINS and Mr. BARGER, and were as follow, viz:

YEAS—Messrs. Alexander, (Centre,) Alleman, Balsbach, Beck, Bigham, Billingfelt, Boileau, Bowman, (Lancaster,) Brown, Burgwin, Cochran, (Erie,) Coleman, Denniston, Ellis, Etner, Gilbert, Glass, Guernsey, Haslett, Henry, Herron, Hill, Hoover, Huston, Jackson, Kaiser, Kelley, Kerns, (Schuylkill,) Kline, Koonce, Labar, Lee, Long, M'Clellan, Marsh, Miller, Missimer, Musselman, Meyers, Negley, Noyes, O'Harra, Olmsted, Orwig, Patton, Pershing, Potteiger, Price, Reed, Rice, Riddle, Schofield, Slack, Smith, (Chester,) Smith, (Lancaster,) Spangler, Stanberger, Watson, Weiser, Wells, White, Wimloy, Windle and Johnson, *Speaker*—64.

For the Telegraph.

Ninth Pennsylvania Cavalry.

This dashing and gallant regiment has returned home on furlough, having re-enlisted the first of January, almost unanimously. In the Department of the Cumberland it won bright laurels, and received honorable mention in the official reports of brigade and division commanders. Few regiments have seen more or harder service than the "Old Ninth." It first distinguished itself at Perryville for coolness and bravery. It chased John Morgan through Kentucky, and had many hand to hand encounters with him, defeating him against great odds. The engagements in which this regiment have participated are so numerous that I append only the most important.

The raid into East Tennessee, from December 20, 1862, to January 10, 1863, through a country infested with rebel troops and guerrilla bands, over the Cumberland Mountains in the dead of winter, was a most daring movement, which was most successful, destroying bridges and a railroad upon the upper Holston river, thus preventing Lee from reinforcing Bragg before the battle of Stone river. The raid was entirely successful, and was the means of gracing Colonel Carter's shoulder with a "star."

March 5th, 1862, it engaged largely superior forces of the enemy at Thompson's Station, Tenn., when the enemy being largely reinforced, it fell back in good order. It participated in various attacks upon Franklin and Triune, by Van Dorn, Forrest and Armstrong.

Before Rosecrans' advance upon Tullahoma the "9th" was assigned to the First Cavalry Division, commanded by Brig. General R. B. Mitchell, and participated most gallantly in the engagements at Middleton and Rover. In the charge on Shelbyville June 27, 1863, leading the advance, it particularly distinguished itself, using only the sabre.

Previous to Chickamauga, it pushed a reconnoissance over Sand and Lookout mountains, toward Lafayette, Georgia, charging into Joe Johnston's infantry, when, in obedience to orders from the division commander, it fell back, and took up its march for Chattanooga, participating in the memorable battle of Chickamauga.

The pursuit of Wheeler upon his daring raid after Chickamauga, in which it engaged and routed the enemy several times, next distinguished this regiment.

It was then ordered to East Tennessee, which, after a fatiguing march over mountains and rivers, it reached in December, 1863.

December 24th and 26th, it engaged the enemy at Dandridge, where some brilliant and dashing charges were made upon the rebel infantry. In the engagement of the 24th December, the enemy captured a piece of artillery, when the 9th made a dashing charge and recaptured the piece.

In the three engagements at Mossy Creek, it again brilliantly took part, recapturing one piece of artillery captured by a charge of the enemy. Its engagement at Fair Garden, more particularly distinguished it for coolness and bravery, than any previous engagements. This action closed the series of cavalry engagements in East Tennessee. The Federal force was less than 2,000, that of the enemy 8,000. Two pieces artillery, 800 small arms, and Gen. Martin's battle flag were captured, with 200 prisoners, including 7 commissioned officers, three of whom were regimental commanders. The battle flag of the 34th Indiana volunteers, and a United States flag were also re-captured. The enemy were completely routed and dispersed, and thus ended the East Tennessee campaign, in which men and horses suffered for want of rations and forage. Only the most important engagements have been mentioned above, the regiment having been in twenty-seven battles and thirteen skirmishes, in all of which it exhibited those qualities whice make good soldiers.

January 1st., while in a cold and exhausted country, the regiment re-enlisted, speaking most eloquently for its patriotism and the popularity of its commander, (Col. Thomas J. Jordan.) The exigencies of the service were such that it would not be forloughed sooner, and now that it can be spared, it has returned to the "old Keystone" for a short respite, when it will again return to the "tented field," to win new laurels in the cause of truth and human fredom, and the honor of the good old Commonwealth. Few regiments have as good and efficient field officers as this regiment, which is the secret of success.

We understand that upon its return to the field, Col. Jordan will command a brigade, which but few are more competent to do. In the severe engagement at Danbridge, East Tennessee, he commanded the brigade, and handled it with great success and ability.

BOILER EXPLOSION IN PHILADELPHIA.

LOSS OF LIFE.

PHILADELPHIA, April 25.

This morning, at 7½ o'clock, a frightful boiler explosion occurred at the gas fixture and chandelier manufactory of Messrs. Cornelius & Baker, on Cherry street. Seven or eight persons were killed, and seventeen wounded. The cause of the explosion is not known.

Late Expedition on the Rappahannock.

WASHINGTON, April 25.

The Navy Department has received a communication dated April 22d, from Commander Fox, commanding the Potomac flotilla, in relation to the recent expedition up the Rappahannock. He says:

"Having learned from various sources that the rebel Government had established a ferry at Circus Point, a few miles below Tappahannock, on the Rappahannock river, and was briskly engaged in collecting boats at the same point on the river, for the purpose of attacking the blockading vessels, I proceeded thither with a portion of the flotilla on the 18th inst., where I remained until evening. I visited all the Ferries from Circus Point to Windmill Point, with the following result: Two ferries were broken up, seven large lighters, each capable of carrying one hundred men, three pontoon boats, twenty-two large skiffs and canoes; two hundred white oak beams and knees large enough for the construction of a ship-of-war, &c., twenty-two large boats—one of which is capable of carrying small arms, and a large amount of bacon and wheat, &c., which were brought off at Bohler's Point, on the south side of Rappahannock Landing. Our men were opposed by a force of rebel cavalry, said to be five hundred, which was kept at bay by the fire of the Eureka.

"In Parott's Creek eight seamen chased six rebel cavalry. The rebels made an attack on the Eureka on the afternoon of the 21st, and were roundly thrashed. Commodore Purken says he has it from reliable authority that the rebels have placed torpedoes in the Rappahannock, and all the branches of the Chesapeake. He speaks in high terms of the Eureka.

Union Account of the Disaster.

BALTIMORE, April 25.

The Associated Press' letter from Fortres Monroe says that Captain Weatherbee, of the 23d Massachusetts regiment, just arrived from Roanoke Island, reports that General Wessel surrendered to the enemy at Plymouth, on Wednesday, after nearly four days' hard fighting. Our loss was 180 killed, and 2,500 captured. The rebels lost 1,500 killed.

There are reports on the streets here this morning, purporting to have been brought by a sutler, that the colored troops at Plymouth were murdered after the surrender, but we have not the means of verifying it.

From General Butler's Department.

FORTRESS MONROE, April 23.

The schooner Francis Hatch, from New York to Baltimore, got aground on Cape Charles, and lost part of her cargo. She was towed off this morning.

The Wilmington, North Carolina *Journal* 12th inst. says much activity prevails at the Armory and Arsenal at Fayetteville, and they have advertised for a large number of blacksmiths.

The Wilmington Saving Bank has refused to pay any interest on deposits after April 1st.

Several ladies arrived at Fortress Monroe this morning from Plymouth, all non-combatants having left that place.

No later dates from Plymouth than were received yesterday.
