MORNING EDITION. PENNSYLVANIA LEGISLATURE.

REPORTED EXPRESSLY FOR THE TELEGRAPH. SENATE. MONDAY, May 2, 1864.

Mr. JOHNSON moved to proceed to the consideration of House bill No. 1135, to authorize the erection of a boom at Jersey shore, Lycoming county. Not agreed to.

Mr. HOGE read in place an act to repeal the franchises of the Cleveland and Mahoning railroad company, and confer the same on another company. Called up and passed finally.

Mr. LOWRY called up Senate bill, entitled An act to incorporate the Kanawha oil company, to operate in Pennsylvania, West Virginia and Canada West. Passed finally.

Mr. LOWRY called up the military bill on third reading and it passed finally, every one of the yeas being in favor of the measure.

Mr. CONNELL called up an act relative to the election divisions of the Twenty-first ward of Philadelphia. Passed.

Mr. DONOVAN read in place an act to incorporate the Quaker Iron improvement company. Called up and passed.

HOUSE OF REPRESENTATIVES. MONDAY, May 2, 1864. The House met at 3 o'clock, and a number of bills of a local nature were taken up and passed.

On motion of Mr. McLELLAN, the House took up House bill to provide instruction and training for the destitute orphan children of soldiers.

After some discussion, a substitute, offered by Mr. COCHRAN, (Philadelphia,) was adopted.

It authorizes the Governor to accept the donation of \$50,000 from the Pennsylvania railroad company, and to appropriate the same in such manner as he may deem best calculated to accomplish the object of the donors and to report the distribution of the money to the next Legislature.

In this form, the bill passed finally. An act relative to the pay of pilots of the port of Philadelphia was called up by Mr. BARGE, and passed.

Mr. OLMSTED called up House bill to regulate the sale of sealed lands for the non-payment of taxes. The bill, after a lengthy discussion, was indefinitely postponed.

Mr. ROBINSON called up Senate bill to incorporate the Wilkesbarre coal and iron company. Passed.

Mr. BECK called up House bill to incorporate the St. Mary's coal company. While the bill was pending, the House adjourned.

EVENING SESSION. The House met at 7 1/2 o'clock. House bill to incorporate the St. Mary's coal company, was passed finally.

On motion of Mr. SMITH, (Chester,) Senate bill, entitled An act to enable the banks of this Commonwealth to become associations, for the purpose of banking under the laws of the United States was considered.

The bill was discussed by Messrs. SMITH, (Chester,) HAKES, REY, BIGHAM, SHARPE, WATSON and BARBER. Several amendments were offered, but none were adopted. The bill passed to third reading.

On motion of Mr. MANNUS, the House took up House bill to legalize the running of city passenger railways on Sunday.

Mr. LEE offered an amendment, limiting the operation of the bill to the rural districts of Philadelphia. The amendment, together with the merits of the bill, was discussed at length, and without coming to a vote, the House adjourned.

From Washington. Particulars of the Burning of Madison Court House.

The Rebels Fire on Our Troops From the Houses. Successful Cavalry Expedition ENCOUNTER WITH MOSEBY'S GUERRILLAS Capture of Prisoners, Horses and Contraband Goods.

WASHINGTON, May 2. The expedition which was sent out last week and destroyed Madison Court House, met no rebels till about a half mile from the town; a slight skirmish then took place, in which the rebels lost five men and the Union soldiers none. The enemy then returned to the Court House.

The Star has the following further particulars. The rebels suddenly disappeared, but on their return to the town received a volley of musketry from the windows of the houses, and they were for a time compelled to withdraw. The officers in command of the reconnoitering party ordered another advance, when again a destructive fire was opened on them from the houses, and there being no other way of smoking the rebels out orders were issued that the town should be fired.

The torch was applied to a number of houses affording cover for the enemy, whereupon the latter hastily decamped, leaving our forces in full possession of the place. The flames, however, spread very rapidly, and there being no means at hand whereby the fire could be checked, a general conflagration was the result, and in a short time almost the entire town was in ashes.

The act was certainly not a wanton one on the part of the Union officers, but was rendered necessary by the desperate act of the rebels, who used the house as a shelter for the purpose of slaughtering our troops.

The cavalry expedition sent out from Vienna on Thursday last under the command of Col. Lowell, returned to that place yesterday after having visited Leesburg, Rectortown and Upper Merion.

Near the latter place, a portion of Mosby's guerrilla band was encountered, when a sharp fight ensued, which resulted in the capture of 25 prisoners.

Colonel Lowell lost three men killed and four wounded. He returned in safety to Vienna with the prisoners captured from Mosby's band, and three blockade runners, twenty-five mules and a large quantity of tobacco and other contraband goods picked up on the route.

FROM EUROPE. THE WAR PROGRESSING. DUPPELL CAPTURED BY THE PRUSSIANS. Garibaldi to Leave England.

THE CONFEDERATE LOAN QUESTION. Banquet to Friends of the Atlantic Telegraph. Immense Losses at Duppell.

NEW YORK, May 2. The steamer City of Washington has arrived, with later dates from Europe.

The Germania arrived out on the 9th. The Prussians assaulted and took Duppell on the 18th. There were heavy losses on both sides.

The steamer Bavaria, from Hamburg for New York, was seized at the mouth of the Wisner by a Danish frigate.

The Bavaria had a large number of passengers on board. The ship and cargo are valued at \$120,000.

Garibaldi leaves England on the 17th, his health having given way. The ministers indignantly deny that the government had suggested his departure.

The Hansa was stopped by a frigate at the mouth of the Wisner, but after an examination of her papers, was allowed to proceed.

The Germania from New York, at Southampton, would not go to Hamburg. She landed her passengers, and would probably discharge at Southampton.

The steamer City of New York has broken and disappeared. It is again reported that a well established company will revive the Galway line.

The London Times attributes a slight rally in Confederate loans, and a re-action on the Paris question, by the House of Representatives, at Washington. The Times thinks, however, the action, on the part of the House, will be ignored or retraced.

The parliamentary proceedings have been unimportant. Cyrus Field had been giving a banquet to the supporters of the Atlantic telegraph.

Messrs. Adams and Bright were present and exchanged international courtesies.

STEAM PRINTING OFFICE.

ADVERTISING RATES—DAILY TELEGRAPH. The following are the rates for advertising in the TELEGRAPH. These having advertising to do with him it is essential for reference.

Table with 4 columns: Day, Week, Month, Year. Rates for various durations and quantities.

Reported Evacuation of Texas. MOVEMENTS OF GEN. POLK. New York, May 2.—The New Orleans correspondent of the World reports that the evacuation of Texas by our forces had begun; also, that a report had reached New Orleans that General Polk was at Camp Moore, ninety miles from New Orleans, with from 15,000 to 20,000 men, to move at once on Port Hudson.

From Fortress Monroe. MOVEMENT UP THE PENINSULA—THE PLYMOUTH PRISONERS. New York, May 2. The New York Commercial's Fortress Monroe letter states that General Bly Smith will move up the Peninsula to-day with a large force. He expects to encounter the rebels near Williamsburg.

General Wessels, with 2,500 men, have been heard from at Salisbury, North Carolina, on roads to Richmond. General Lee has withdrawn all the rebel troops from North Carolina.

Beauregard Moving. New York, May 2. The Times' Washington correspondent says, under date of yesterday, a dispatch was received by the Government to-day, from Fortress Monroe, stating that the rear of Beauregard's army passed through Petersburg on Saturday morning. His force was estimated at from 18,000 to 20,000 men.

The Draft in Maryland. BALTIMORE, May 2.—Colonel N. F. J. Corlies, the Provost Marshal General of this State, gives notice that the draft has been ordered and will take place in Maryland immediately. All recruits that may be enlisted up to the time of the drawing of the names will be credited on the quotas of the city or counties where they may be received.

New York Bank Statement. NEW YORK, May 2. The statement of the condition of the New York banks for the week ending May 2d is—loans, decrease, \$1,193,246; specie, increase, \$780,860; circulation, decrease, \$52,963; deposits, increase, \$2,610,153.

XXXVIIIth Congress—First Session. SENATE. WASHINGTON, May 2. The revenue bill was received from House and referred to the committee on finance, and one thousand copies ordered to be printed; also, the army appropriation bill with amendment. Referred to the finance committee.

National currency bill came up as special order. The amendment of Mr. Davis requiring the resumption of specie payments six months after peace, by the National banks, was rejected.

Mr. Fessenden reported, from the Finance Committee, House bill appropriating twenty-five millions of dollars to pay 100,000 one hundred days' men, with a recommendation that it passed.

Messrs. Hale and Henderson opposed the measure as an unwise temporary expedient. A long debate ensued and to the legality for the call for these troops.

The twenty-five million appropriation bill was put upon passage. No quorum voting, the Senate adjourned.

HOUSE OF REPRESENTATIVES. The House went into Committee of the Whole, Mr. Blaine (Me.) in the chair, and considered sundry bills, which, when the committee rose were passed.

Mr. Washburne (Ill.) introduced a joint resolution that staff officers of the Lieutenant General shall be entitled to receive the staff officers of the same grade on the staff of corps commanders, to take effect from the date of appointment on the staff of the Lieutenant General.

Mr. Washburne said he had a letter which he desired he would have read and which was from Lieut. Gen. Grant, but nobody desired it to be read, and the House immediately passed the resolution. The House after a debate concurred in the Senate amendments to the House Minnesota lands and railroad bill, and then took a recess till seven o'clock.

OPTICIAN.

DEBBS to inform the inhabitants of Harrisburg and vicinity that he has removed to No. 29 North Second street, two doors from Walnut. Thankful for the confidence and patronage bestowed on him during his stay on Market Square, I hope to merit a continuance of the same at my new stand.

PARTICULAR ATTENTION is called to the CELEBRATED TINTED PARABOLIC SPECTACLES, for which I claim the undermentioned advantages:

1st. That from the peculiar construction of the Glasses, they assist and preserve the sight, rendering frequent change quite unnecessary.

2d. That they confer a brilliancy and distinctness of vision, with an amount of ease and comfort not hitherto enjoyed by spectacle wearers.

3d. That the material from which the Lenses are ground is manufactured specially for optical purposes, and is pure, hard and brilliant, and not liable to become scratched.

4th. That the frames in which they are set, whether in gold, silver or steel, are of the best quality and finish, and GUARANTEED PERFECT in every respect.

5th. That, from their peculiar color, they prevent a superfluity of light affecting the retina, and therefore strengthening the optic nerve and rendering it less liable to Achromatism.

Consistently on hand, a large assortment of Achromatic Microscopes, Spy Glasses, Opera Glasses and Field Glasses; Stereoscopes and Views, Magic Lanterns, Barometers, Thermometers, Magnets, &c., &c.

Remember that Rosendale's Institute will be permanent at No. 29 North Second street, five doors from the Bucher House. ap7-daw3m

Luzerne Valley Railroad and Coal Company. NOTICE.—The annual meeting of the Coal Company will be held at the office of Edward Fritz, Esq., No. 4 South Seventh street, Philadelphia, on Monday, the 21st day of May next at 12 o'clock, for the election of a President, Secretary, Treasurer and seven Managers, to serve for the ensuing year.

ELECTRICITY.

DRS. WYETH and CREAMER, Eclectic and Electro-pneumatic physicians, respectfully offer their professional services in all the various branches of the profession, for the treatment of all acute and chronic forms of disease.

The remedial means they employ in the treatment of disease consist of Magnetism, Galvanism, Electro-Magnetism, and the Swedish method of Localized movements, and a few Eclectic medicines when deemed necessary, and a fact all the natural curative agents that may successfully be brought to bear upon the disease.

They do not wish to be understood as arrogating to themselves any superiority of professional skill, but they believe the remedies they employ in the treatment of disease far superior to those generally employed by physicians, from the fact that they act in perfect harmony with the laws governing and controlling the human system. To this, and the fact that they combine themselves with no particular study or system, they attribute their success in controlling disease.

The principal agent they employ in the treatment of disease, namely, Electricity, is an agent wonderful in its phenomena and powerful in its effects for good or ill. It is ever present, all-pervading principle, governing all things, from rolling worlds down to the invisible particles of gaseous matter. We see it in the lightning's flash and hear the manifestations of its power in the muttering thunder. It is the cause of all decomposition, re-composition and transformation. It excites all motion. It is the exciting cause of life, growth, decay and death. It is the cause of all disease, and it is the cause of all cure. It is the cause of all life, and it is the cause of all death. It is the cause of all health, and it is the cause of all disease. It is the cause of all happiness, and it is the cause of all misery. It is the cause of all glory, and it is the cause of all shame.
