GREAT REMEDY CONSTITUTION, AND THE ONLY KNOWN REMEDY FOR

DIABETES, and DISEASES of the KIDNEYS and BLADDER.

CONSTITUTION WATER

Has been pronounced by the Medical Faculty and the public, to be the most wonderful remedy for the permanent ourse of all diseases of the STOMACH, LIVER, KIDNEYS and BLADDER that has ever been offered. It is not a MINERAL WATER It is from experienc that CONSTITUTION WATER has emanated, and we now say let no man doubt, when a single bottle has been known to cure diseases which the best medical talent in this country has failed to relieve.

A remedy possessing the virtues of Constitution Water cannot be classed under "quack" preparations, as it is now used by the most scientific practitioners in this city. It is only second class physician state cry down popular remedies, while the better skilled make use of every means to accomplish a cure; and the success of the physician increases as his knowledge of different remedies enables him to produce a cure, while others fail in the attempt. Science is satisfied with the truth.

Give Constitution Water a fair trial—we mean you who are under some specialists's care from year to year, and we particularly allude to ladies who are constantly resorting to local treatment, and all sorts of local applications for diseases, with as much chance of success as there would be from local applications to the throat for diseases of the brain.

We have been always careful to use language in our

to tocal treatment, and all sorts of local applications for diseases, with as much chance of success as there would be from local applications to the throat for diseases of the brain.

We have been always careful to use language in our circular that could not shock the most delicate organization, but we receive so many communications from persons for which Censtitution Water is adapted, and of whose diseases no mention has been made, that we hive some to the conclusion that if the remedy is capable of producing a cure, no matter what the disease may be, it should be made known. The medicine is put up for the public, and there should be no exceptions.

We would say, Constitution Water is not like a glided pill, made to suit the eye and taste; it is a medicine in every sense of the term, placed in the hands of the people for their relief, and if taken according to the directions it will, in every case, produce a radical cure. We would say that the directions in regard to diet, etc., relate only to the disease under which they occur.

DIABETES

Is a disease of the stomach and liver, acking through the kidneys, and is, without doubt, the most obstinate disease, except consumption, that affects the human constitution. We have no space for discussing causes, but will state that the effect of the disease is the conversion of the starchy principle (or vegetable portion of the food) into sugar, which stimulates the kidneys to an excessive secretion of water. Many persons suffer from this disease who are ignorant of it; that is, they pass large quantities during the day, and are obliged to get up from one to fifteen or twenty times during the night. No notice is taken of it until their attention; is called to the large discharge of water, and often when it is so far advanced as to be beyond the control of ordinary remedies. Another symptom is the great thirst, which, when the disease is fully established, is intolerable—the patient drinks constantly without being astisfed; also dryness of the mouth, cracking of the lips,

has been used.

STONE IN THE BLADDER, CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, ETC., ETC.,

Diseases arising from a faulty secretion—in the one case
being too little, and accompanied by sovere pain, and the
other a too profuse secretion—which will be speedily cured
by the

DIABETES.

IRRITATION OF THE NECK OF THE BLADDER INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER BLADDER.

STRANGUARY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single doso has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A toaspoenful a day of the Constitution Water will relieve you like magia.

PHYSICIANS Have long since given up the use of buchu, cubebs and juniper in the treatment of those diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER has proved itself equal to the task that has devolved upon it.

DIURETICS

upon it.

DIURETICS

Irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.
We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

DANYILLS, Pa., June 2, 1862.—Dr. Wyn. H. Gregginary Sir: In February, 1861, I was affected with sugar disabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced rollef, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Yours truly.

Boston Corners, N. Y., Dec. 27, 1861.—Wm. H. Gregg & Co.—Genis: I freely give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner: My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Pulpitation of the Heart and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her for about him months, and while she was under his care she did not suffer quite as much pain. He finally gave her up, and said "liter care was incurable. For," said he, "the has such a combination of complaints that medicine given for one operate against some other of her difficulties." About this time she commenced the use of Constitution Water, and to our atter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, aid now superintends entirely her domestic affairs. She has not taken my of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

WM. I. VAN BENSCHOTEN.

Werenershield. Conn., March 2, 1863.—Dr. W. H. Gregg—Dear Str.—Having seen your advertisement of 'Constitution Water,'' recommended for Inflammation of the Ridneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was individed to try your medicine. I procured one bottle of your agents at Hartford, Messrs Lee, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my heath. I have used two bottless of it, and am where I never expected to be in my life, well, and it good spirifs. I cannot express my gratitude for it, I feel that it is all and more than you recommend it to be. May the blessing

Reflect that a sound mind and body are the most necessary
requisites to promote connubial happiness. Indeed, with

mind becomes shadowed with despair and filled with ter
