From the Rey. Levi G. Beek, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia.

I have known Hoofland's German Bitters favorably for a number of years. I have used them in my own family and have been 50, pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial mannier. I take great pleasure in thus publicly, proclaiming this diseases for which they are recommended to these Bitters knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters is intended to benefit the afflicted, and is "not a rum drink," Yours truly.

Although not disposed to favor or recommend Patent Mehicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert, Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The 'use of three bottles of these Bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN, Philada.

From Rev. Warrest Randelph, Pastor of Baptist Church, Germantown, Pen.

Dr. C. M. Jackson:—Dear Sir:—Personal experience enables me to say that I regard the German Bitters, prepared by you, as a most excellent medicine. In cases of severe cold and general debility I have been greatly benefitted by the use of the Bitters, and doubt not they will produce similar effects on others.

Yours traly

Dr. C. M. Jäckson:—Dear Sir:—I feel it a pleasure thus, of my own accord, to bear testimony to the excellence of the German Bitters. Some years since being much afficted with Dyspepsia, I used them with very beneficial results. I have often recommended them to persons enfeetbled by that tormenting disease, and have heard from them the most fastering testimonials as to their great value. Dr. Jackson:—Dear Sir:—I felt it due to your excellent preparation, Hoofland German Bitters, to add my testiminny to the desdrived reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters; did so, and have experienced great and unexpected relief; my health has been very materially benefitted. Although this morning there was no official promulgation of the fact, it is confidently as-serted by leading Congressional friends of the administration that it has been determined to call for three hundred thousand troops.

XXXVIIIth Congress-First Session. SENATE.

Washington, May 18.

HOUSE OF REPRESENTATIVES.

WASHINGTON, May 18. A resolution was adopted instructing the Committee on Military Affairs to inquire into the expediency of providing for the promotion of non-commissioned officers and privates, distinguished for good conduct and bravery in the field, as officers of the line.

The Speaker laid before the House a reply

from the Secretary of the Treasury, to inquiry relative to a Mr. Garnett. He says, such a person was employed in his department, but that he had no knowledge of his ever having been in the rebel service.

On receiving such charges against him they were investigated and the man dismissed.

He was appointed on the recommendation of Hon. J. C. Underwood, of the Eastern dis-

Mr. Julian, (Ind.,) from the Committee on Public Lands, reported a bill providing for the issue of patents to the bona fide holders of floats, issued in pursuance of the act of Congress of 1862, relative to Sp-nish grants in Louisiana. The number of acres covered by these floats is only about 15,000, and the act of 1862 allowing them to be located upon any public lands subject to private entry and sale, a large portion of them have been located in Michigan.

The bill simply authorizes the General Land office to issue patents as the proper evidence of title. The bill passed.
