GRANULAR DENTIFRICE AMERICAN TOOTH WASH I THESE, elegant preparations combine the most desirable cleansing and astringent dislities. They render the Gums hard and healthy incuralize the acid secretions of the mouth, thereby removing the prime cause of decay.) By their detersive properties they preserve the natural color of the Teeth, without in the least degree injuring the enamel, while they impart to the breath a fregrance peculiarly aromatic and pleasant.—In fact they are THE BEST ARTICIES in use for the purposes named, as a fair trial will fully domonstrate, and as has been abundantly proved by their extensive sale in this community during the last 14 years; and which will be readily testified to by may who have repeatedly urged the Proprietor to still further extend their sale and usefulness. They are warranted to be free from those destructive acids which so frequently contaminate many of the preparations of the present day.
