## TOWN AND COUNTRY.

Go to Henry Gilbert's Hardware store, opposite the Court House, and see the new Barometer; they foretell the weather accurately from 12 to 48 hours in advance. Every person should have one. jcl6-2w

Mr. BARNEY CAMPBELL has gone to Fortress Monroe, for the purpose of securing the remains of his brother Patrick, who died there on the 17th inst.

The picnic of the St. Peter's Verein, which takes place in Heshelton's woods, on Monday next, will doubtless be liberally patronized. The preparations for the occasion are extensive, and the exercises will undoubtedly be interesting.

We would again remind our readers that the re-dedication of the Ridge Avenue M. E. Church will take place on Sunday next. The sermon will be preached by Rev. John Walker Jackson, at 10 o'clock, A. M., and the choir of the Locust Street Church will be in attendance, to discourage sweet music.

A Pic-nic was held by the Catholic Sunday School, yesterday. Those who were present inform us that they had a pleasant time, on Independence Island—every thing passing off quietly—and that the occasion will long be remembered by the juveniles, for whose enjoyment the picnic was held.

The picnic of the Vine street M. E. Sunday School, which was postponed, (owing to the fact that transportation could not be procured on the day first advertised,) will be held at Derry woods, on Thursday next, the 30th inst. For further particulars, see advertisement.

Some one who is very sharp in speculation could command a very fair price for a shower of rain. With the thermometer up to 90 degrees, and the earth all asop with thirst, the dust flying and the sun shooting down his fiery heat in rays that penetrate to the very marrow, it is decidedly uncomfortable.

The Middletowners had a grand picnic yesterday, in honor of the returned soldiers. All the citizens attended, the church choir were present, and with Weber's orchestra, of this city, discoursed excellent music. Addresses of welcome were delivered, and a pleasant time was enjoyed by everybody.

**THE GOLD MARKET.**—It is said that although gold is reported to be selling at 220 and upwards, bona fide sales cannot be made at over 200—that is, 100 premium. This fact should not be overlooked by the public, when the Copperhead cry of "depreciation of currency" is going abroad in the land. If you doubt the truth of the above, offer your gold for sale, and be convinced.

Col. WILLIAM H. BOYD, of the 21st Pennsylvania Cavalry, says the Chambersburg Repository, is gradually improving, and strong hopes are entertained of his recovery. The surgeons have twice tried in vain to extract the ball. It entered the neck near to the right shoulder, and passed into the spinal column, lodging firmly in the bone. Twice the surgeons have had it in the forceps but could not move it.

The efforts of the eastern speculators and gold gamblers to fill their coffers, even at the destruction of the country, if necessary, have had the effect of sending up the price of goods to a high figure. There is no other cause for the great advance. There will, however, be a crash among the speculators, one of these days; gold will come tumbling down, and then there must be a decline in the prices of all kinds of goods. The public should look out for this, and not be influenced in their purchases through fear of a further advance.

**BREAS.**—Housekeepers who are not desirous of being carried out of the world by bugs, will be glad to learn that they cannot stand hot alum water. Take two pounds of alum, bruise it and reduce it to powder; dissolve it in three quarts of water; let it remain in a warm place till the alum is dissolved. The alum water is to be applied, by means of a brush, to every joint and crevice in the floor. Whitewash the ceiling, putting in plenty of alum, and there will be an end to their dropping thence.

**DESIDERUS COOL.**—Yesterday afternoon an individual slightly under the influence of "corn juice," paused opposite a clothing store on Market street, and commenced looking at some of the articles exposed at the door. After examining in the most thorough manner a coat which hung upon the form, he took it down, and rolling it carefully up, was just turning to depart when the proprietor, who had been watching his actions, stepped out and, tapping him on the shoulder, politely intimated that he had perhaps forgotten to settle for the garment. The stranger looked non-plussed for a moment—"forget," he ejaculated, "Yes, danged if I didn't! Look here, neighbor, what d'ye say's the price of 'it'?" The proprietor informed him concerning the value of the article, whereupon the forgetful individual drew forth his pocket book and plunked down the greenbacks to the required amount, after which he was allowed quietly to depart.

The Old Indiana Academy, at Indiana, Pa., was destroyed by fire, on Wednesday. Fire-crackers and boys caused it.

**A DAUPHIN COUNTY SOLDIER KILLED.**—By a letter received from Sergeant Simon Snyder, of the 107th Pennsylvania regiment, we learn that Charles Shope, son of Dr. Jacob Shope, of Hummelstown, was killed on the 19th inst. in the fight in front of Petersburg. His numerous friends will regret to learn of his death.

There is but little doing in police matters. But one or two minor cases were before His Honor since our last report.

This forenoon a party consisting of a man, a woman, a dog, and a large quantity of worthless baggage, were captured and taken to the lock-up, and will remain there until taken out for a hearing.

**PAXTON FIRE COMPANY.**—Proposals will be received by the committee of arrangements of this company, until Wednesday evening next, at 8 o'clock, (a special meeting of the company to be held at that time, at their Hall in Mr. Keonig's Hotel, foot of Second street,) for the keeping of the bar and table, at their picnic, to be held at Heshelton's woods, on the 4th of July.

The heat was excessive yesterday afternoon. Just think of the mercury going up to ninety-seven degrees in the shade! Towards evening the people were rejoicing at the prospect of a heavy rain. They were certain it would come; dark clouds and thunder were a sure evidence of its approach. But it passed by, and to-day our citizens are again sweltering from the effects of the heat. The mercury has gone up among the nineties, and at this writing there is but little prospect of relief. "Oh, for a lodge in some vast ice-house!"

**THE SUPREME COURT** convened a special term in Philadelphia on Wednesday. Among the cases disposed of we notice the following: Beeton vs. Thatcher. Common Pleas, Cumberland county. Judgment affirmed.

Musser vs. County of Dauphin. Judgment reversed, and a venire de novo awarded. Cumberland Valley Railroad Co. vs. Byers. Common Pleas, Cumberland county. Judgment reversed, and a venire de novo awarded.

Commonwealth of Pennsylvania vs. Weiser & Weiser. Common Pleas, Dauphin county. Judgment affirmed. Justices Strong and Agnew dissented.

Hughes vs. The Commonwealth. Common Pleas, Dauphin county. Judgment affirmed.

**ANOTHER HERO GONE.**—Captain Henry A. Lantz, of Co. E, 50th Regiment, P. V., was killed instantly, on the 17th inst., in front of Petersburg, Virginia, while gallantly leading on his men to victory. In the death of Captain Lantz our country has lost one of its bravest and most earnest defenders; his city a useful and enterprising citizen, while the loss to his immediate family circle is irreparable. Open-hearted and generous to a degree, he drew around him more devoted friends than fall to the lot of most men. Captain Lantz resided in Reading previously to entering the army, and was at one time editor of the Daily Times in that place. He was well known in Harrisburg, and his loss will be deeply lamented by numerous friends and acquaintances.

**LIGHTING THE PUBLIC LANTERNS.**—We have been requested to give place to the following section of an ordinance, passed December 20, 1860. It will be seen that a heavy fine is imposed upon all unauthorized persons who take upon themselves the responsibility of lighting or extinguishing any of the public lamps or lanterns. Those who have been guilty of the offense should give the section a careful reading, so that if they get within the clutches of the law, they cannot plead ignorance as an excuse for wrong doing.

SECTION 2. That if any person or persons, not duly authorized, shall light any of the town's public lanterns, or shall extinguish the same, (after having been properly lighted by the person appointed for that purpose,) or shall, in any manner, interfere with the appropriate and lawful use of the same, or of any private lantern, post or light belonging to any individual or association, every such person or persons so offending, or abetting or aiding such offender, shall, on conviction thereof before the mayor or any one of the aldermen of said city, be fined in any sum not less than five nor more than ten dollars for every such offense.

**FIREWORKS.**—It would be well for our dealers in the above to remember that the following section of an ordinance passed by Council, December 11, 1860, is in full force:

SECTION 1. Be it ordained by the Common Council of the city of Harrisburg, That if any person or persons, except on military occasions, shall fire off any gun, pistol or fire-arm, or shall fire off any bomb, rocket or other noxious, in the nature of a squib or cracker, within the limits of the said city, he, she or they, upon conviction thereof before the mayor or alderman thereof, shall forfeit and pay for each offense the sum of one dollar, for the use of the city: *Provided*, That this section shall not be construed so as to prevent or prohibit the sale, or casting, throwing or firing squibs, rockets, or other fire works on the third and fourth days of July of each and every year (Sundays excepted).

**THE NINTH PENNSYLVANIA CAVALRY.**—The Louisville Journal pays the following handsome compliment to this gallant regiment:

"Col. Jordan's regiment of Pennsylvania cavalry by this time must be able to make a very good topographical map of Kentucky from memory, for it has been in every part of the State, and seen more active service there than any mounted troops in the department except the 1st Kentucky, the members of which by this time must have grown to their steeds, so as to resemble the old Thessalian Centaurs, half horse and half man. The 9th Pennsylvania came to the State nearly three years since under the command of Col. Williams, and was succeeded by Lieut. Col. Jordan. At the death of the latter, Major Jordan was promoted to the command of the regiment, and it has had many noble memories to its career since he was commissioned. We understand that it has re-enlisted as a veteran regiment, and we wish its noble officers and gallant men safely through the war and a happy return to their homes, when their prowess will aid the Government in crushing out the rebellion."

**ANNIVERSARY OF THE BATTLE OF GETTYSBURG.**—The undersigned having been appointed a committee for the purpose of making arrangements for the celebration of the first anniversary of the battle of Gettysburg, as part of the duty assigned them hereby tender an invitation to all the charitable and benevolent societies, and mechanical and industrial associations, and the citizens generally of all the loyal States, to meet at Gettysburg on the 4th day of July next, and participate in an appropriate celebration on the battle-field, of the first anniversary of the great victory of Gettysburg. His Excellency A. G. Curtin, Governor of Pennsylvania, will preside at this anniversary. The ceremonies are expected to be of a most interesting and imposing character.

**COMMITTEE.**  
O. H. BURRIER, JOEL B. DANNEB, DAVID WILLY, CHARLES ZIEGLER, J. L. MOORE, H. S. HUBER, JOHN T. SCIDENY, CHARLES J. TYSON.  
GETTYSBURG, June 20, 1864.

**DRY GOODS.**—I will, this day, commence to sell off my entire stock of summer dress goods, such as lawns, delaines, challies, alpines, mozaumbiques, pol de chevre, poplins, and also a large lot of remnants—they will be sold at and below cost. Call soon.

**SOL BROWNOLD,**  
Corner Second and Market, opposite Jones House. jcl7-1w

**PRIZE BEEF—Mammoth Steer.**—That well-known stock-raiser, John Noble, Esq., of Carlisle, has sold to Mr. John Baugh, of this city, a mammoth steer, weighing three thousand pounds, for the handsome sum of three hundred and fifty dollars. The animal was fed three years by Mr. Noble, and is but one of numerous specimens of cattle fed by that gentleman. The thanks of our citizens are due to Mr. Baugh for his efforts to supply them with a superior quality of meat, and we have no doubt that when this prize beef is displayed at market there will be a great demand for it. Mr. Baugh will exhibit the mammoth steer at his place of business in this city during the next ten days or two weeks, and invites the public to call and see him. At the end of that period the animal will be slaughtered, and the beef offered for sale at Mr. Baugh's stand in market. jcl8-4w14

**GO TO BOWMAN'S.**—The attention of purchasers is respectfully invited to C. L. Bowman's stock of dry goods, at the corner of Front and Market streets.

## SPECIAL NOTICES.

### Bannwart's Troches.

For the cure of Hoarseness, Throat Diseases, &c., are specially recommended to ministers, singers and persons whose vocation calls them to speak in public. Manufactured only by C. Bannwart & Co., Harrisburg, Pa., to whom all orders should be addressed. Sold by druggist every where.

Read the following testimonials from some of our eminent clergymen:  
HARRISBURG, Feb. 8th, 1864.  
O. A. BANNWART—Dear Sir: I have used Brown's Bronchial Troches, Wistar's Lozenges and other preparations for hoarseness and throat troubles, and in comparison with them all, can cheerfully commend yours as a most admirable specific for public speakers and singers, in cases of hoarseness, coughs and colds. I have found them serving in time of need, most effectually.  
Yours truly, T. H. ROBINSON,  
Pastor of N. S. Presbyterian Church.

I agree with Mr. Robinson as to the value of Bannwart's Troches.  
W. C. CATTELL,  
Late Pastor of O. S. Presbyterian Church.

HARRISBURG, Jan., 1864.  
To C. A. BANNWART—Dear Sir: In the habit of speaking very frequently, and in places where the vocal organs are very much taxed, I have found the use of some gentle expectorant, and that want has been supplied in your excellent Troches.

I consider them very far superior to any Lozenges that I have ever used, in removing speedily that huskiness of the voice arising from its too frequent use, and impairing the effectiveness of the delivery of public addresses. Yours, &c., J. WALKER JACKSON,  
Pastor of the Loonist St. Methodist Church.

To C. A. BANNWART—Dear Sir: Having used your Troches, I am free to say they are the best I have ever tried and take great pleasure in recommending them to all persons afflicted with sore throat or huskiness of voice arising from public speaking or singing. Yours, &c., G. K. RAKESTRAW,  
Pastor of Ridge Avenue Methodist Church.

## DISTRICT ATTORNEY'S OFFICE.

HARRISBURG, Feb. 22, 1864.

To C. A. BANNWART—Dear Sir:—I have found your Troches to be invaluable in relieving hoarseness and in strengthening the muscles of the throat. They impart clearness to the voice, and are certainly of great benefit to all public speakers. A. J. HERB

### EXTRAORDINARY DISCOVERY.

### ORIENTAL HYGRO-BAROMETER.

Natural Weather Indicator.

WITH A BEAUTIFUL THERMOMETER ATTACHED.

THIS simple and useful instrument is now offered for sale for the first time in the State of Pa., the undersigned having secured the right of sale in and for the following counties: Dauphin, Cumberland, Adams, Franklin, York and Perry, of Fisher, Cook & Co., agents for the State, and are now prepared to sell the instrument at wholesale and retail. The instrument will tell with unfailing accuracy the hygrometric condition of the atmosphere, thus foretelling the changes of the weather from 12 to 48 hours in advance. The acting moving principle is the piston of a flower, found in Syria, near Damascus, and is so highly sensitive that it is acted upon by the least change of the atmosphere. Persons familiar with natural science know that it cannot rain until the air is saturated with aqueous vapor, which must condense to cause rain to fall. This NATURAL HYGROSCOPE, the work of NATURE'S OWN HAND, fills up the void which man could not accomplish, and points its warning finger to all changes of the weather, and has never been known to fail. It is valuable to the Farmer, the Physician, the Clergyman, the Navigator, the Traveler, the Merchant, and everybody.

It is very simple to understand, and never requires any repairing. They are cheap, durable and reliable.

For sale only by agents, and at Knoche's Music store, No. 36 Market street. Price \$5.00.

One of the instruments will be sent by express, on receipt of \$3.75.

Agents' wanted in every town in the above named counties. Apply as above, to
