### ELECTRICITY.

DRS. WYETH & CREAMER, Electric and Electrolytic Physicians, respectfully offer their professional services in all the various branches of the profession, for the treatment of all acute and chronic cases of disease, using the most modern and successful methods.

The remedial means they employ in the treatment of disease consist of Magnetism, Galvanism, Electro-Magnetism, the Swedish method of Localized movement, and a few Electrolytic medicines when deemed necessary, and in fact all the natural curative agents that may successfully be brought to bear upon the disease.

They do not wish to be understood, as arrogating to themselves any superiority of professional skill, but they believe the remedies they employ in the treatment of disease are superior to those generally employed by physicians, from the fact that they act in perfect harmony with the laws governing and controlling the human system. To this and the fact that they confine themselves to no particular party or system, they attribute their success in controlling disease.

The principal agent they employ in the treatment of disease, namely, Electricity, is a great wonderful in its phenomena and powerful in its effects for good or ill. It is an ever present, all-pervading principle, governing all things from rolling worlds down to the minute particles of gaseous matter. It excites all motion. It is the exciting cause of life, growth, decay and death. It causes secretion, excretion, digestion, it lays hold of the crude food in the stomach, converts it into a state of fluidity, transmits it into arterial blood, and sends it on its important office of supplying nutriment according to the necessities of the body. It is the nerve vital fluid, the great agent through which the mind acts upon the body. It is the cause of all causes except the first great cause, the Infinite Mind which created it and brought it into use. These may appear like mere assertions, but they are facts admitting of strong and irrefragable proof. Is it then, to be wondered at that an agent so wonderful in its phenomena, so powerful in its manifestations and so intimately connected with all the operations of the human system, should be almost absolute in its power of controlling disease? Certainly not. It is a natural sequence and follows as surely as day follows night.

Among the diseases which are found to yield readily to Electricity, in connection with proper adjunct treatment, may be mentioned the following: Incipient Consumption, Paralysis, Epileptic, Hysteria and other Convulsions; Rheumatism in its various forms, Rheumatism, inflammatory and chronic; all diseases of the nervous system; Dyspepsia and a few treatments; all diseases of the urinary and genital organs; Female Diseases, Asthma, Piles and Protrusion; and all Amarras and all kindred affections of the eye; Auricular Strictures, all skin diseases, &c.

Persons calling will be told whether they can be benefited and no case taken without their consent.

Consultation Free. Office, South Second street, below Chestnut, Harrisburg, Pa. Office hours from 8 to 12 A. M., 1 1/2 to 6 and 7 to 9 P. M.

### LYON'S PERIODICAL DROPS,

FOR FEMALES.

DR. JOHN L. LYON'S FRENCH PERIODICAL DROPS,

THE GREAT FEMALE REGULATOR,

Are the only known remedy that will successfully and permanently restore and regulate the female system, curing all irregularities, and promoting health, vigor and strength.

Are a fluid preparation, the only one of the kind ever discovered in this country, and acts directly on the parts affected, whilst pills and powders can only reach them through the system, by which they are lost, and do not act at all direct and positive.

Are you suffering from a constant sickness for the regular return of nature's prescribed law? Give your medicine, for Lyon's Periodical Drops, if taken a day or two before the expected period, will positively and invariably regulate its coming, as sure as effect follows cause, as certain as daylight follows darkness.

Are you sick, enfeebled by disease, or unable to bear the labor and danger of increase?

Are the most reliable regulator ever known, and cure, like magic, all those irregularities that have defied the doctor's skill.

Will you waste away with suffering from Leucorrhoea, Protrusion, Dysmenorrhoea, and a thousand other difficult cases, all summed up under the name of suppressed and obstructed menses, when an investment of one dollar in Lyon's Periodical Drops, will surely save you.

Do not use the drops when forbidden in the directions, for although a positive cure, and harmless at all other times, they are so powerful and finely calculated to adjust, and govern the functions of the sexual organ, that if taken at improper times, they would produce results contrary to nature, against which all, particularly those who would reproduce, should carefully guard.

LYON'S PERIODICAL DROPS, The never-failing Female Regulator, is for sale by every Druggist, in the city and country, and do not, if you value your health and wish for a reliable medicine, buy any other. Take no other, but if this Druggist to whom you apply has not got it, make him send and get it for you.

### LOCK HOSPITAL,

HAS discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPRUDENCE. RELIEF IN SIX TO TWELVE HOURS. NO MERCURY OR NOXIOUS DRUGS. A Cure Warranted, or No Charge, in From One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Langor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Thudity, Trembling, Dimness of Sight or Giddiness, Dizziness of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Sirens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

**YOUNG MEN** Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of the most promising and most exalted talents and brilliant intellects. Who might otherwise have enhanced the world with the thunder of eloquence or waiked to the living lyre, may call with full confidence.

**MARRIAGE.** Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured. He who places himself under the care of Dr. J. may rely confidently in his honor as a gentleman, and confidently rely upon his skill as a Physician.

**ORGANIC WEAKNESS** This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victim for his excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is destroyed by those falling into improper habits than by the prudent. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, wasting of the frame, cough, consumption, decay and death.

Office No. 1, South Frederick Street.

Left hand side going from Baltimore street, a few doors from the corner. Fall not to observe name and number. Letters must be paid and contain a stamp. The Doctor's Diplomat hand in his office.

**TAKE PARTICULAR NOTICE.** These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of irascibility, nervousness, the loss of memory, nervous irritability, symptoms of consumption, &c.

**MARRIAGE.** The fearful effects on the mind are such as to render a man incapable of the least exertion, and of procreation of spirit, evil foreboding, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evil effects produced.

**YOUNG MEN** Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are equally fatal, even when asleep, and if not cured render marriage impossible, and destroys both mind and body, should apply immediately.

BALTIMORE

### LOCK HOSPITAL,

HAS discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPRUDENCE. RELIEF IN SIX TO TWELVE HOURS. NO MERCURY OR NOXIOUS DRUGS. A Cure Warranted, or No Charge, in From One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Langor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Thudity, Trembling, Dimness of Sight or Giddiness, Dizziness of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Sirens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

**YOUNG MEN** Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of the most promising and most exalted talents and brilliant intellects. Who might otherwise have enhanced the world with the thunder of eloquence or waiked to the living lyre, may call with full confidence.

**MARRIAGE.** Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured. He who places himself under the care of Dr. J. may rely confidently in his honor as a gentleman, and confidently rely upon his skill as a Physician.

**ORGANIC WEAKNESS** This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victim for his excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is destroyed by those falling into improper habits than by the prudent. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, wasting of the frame, cough, consumption, decay and death.

Office No. 1, South Frederick Street.

Left hand side going from Baltimore street, a few doors from the corner. Fall not to observe name and number. Letters must be paid and contain a stamp. The Doctor's Diplomat hand in his office.
