Bannwart's Troches.

For the cure of Hoarseness, Throat Diseases, &c., are especially recommended to ministers, singers and persons whose vocation calls them to speak in public.

Harrisburg, Feb. 8th, 1864. C. A. Bannwart, Dear Sir: I have used Brown's Bronchial Troches, Wistar's Lozenges and other preparations for hoarseness and throat troubles, and in comparison with them all, can cheerfully commend your own as most admirable specific for public speakers.

I consider them very far superior to any Lozenges that I have ever used, in removing speedily that hoarseness of the voice arising from its too frequent use, and impairing the effectiveness of the delivery of public addresses.

To C. A. Bannwart.—Dear Sir: In the habit of speaking very frequently, and in places where the vocal organs are very much taxed, I have found the need of some gentle expectorant, and that want has been supplied in your excellent Troches.

To C. A. Bannwart.—Dear Sir: Having used your Troches, I am free to say they are the best I have ever tried and take great pleasure in recommending them to all persons afflicted with sore throat or hoarseness of the voice arising from public speaking or singing.
