It is my duty to state to you the fact that your country requires your immediate service, and the safety of your own soil and of our good neighbors in Maryland, may depend on your promptness.

Recollect that the mode of enlisting men is at the discretion of the Government and it is the duty of all to obey its requisitions. It would be disgraceful to you to waste time in objecting to matters of form and detail, or to profess that you would go if called in some
