## FOWN AND COUNTRY.

TO THE PATRONS OF THE TELEGRAPH. Owing to the continued increase of the price of printing paper, we are compelled to raise the prices of subscription to the DAILY TELE-BRAPH. The price of paper has advanced four cents per pound within the past few days, and it now costs three times what it could be purchased for, two years ago.

On and after Monday next the TELEGRAPH will be furnished to city subscribers at TWELVE CENTS per week. The price to mail subscribers will be six nonlans per annum, or One Dollar and Fifty Cents for Three Months.

The increased rates (which are very low, compared with those of other dailies) will about pay for the white paper used, to say nothing of other expenses.

Nearly all the journals in the country have already advanced their price of subscription. Should the manufacturers of paper continue to advance their prices, one-half the newspa-pers now published will have to suspend ope-
