THE HEALTH OF THE AUDITOR GENERAL. he Auditor General of Pennsylvania has en lying dangerously ill for many weeks. inctuating between dreary forebodings of eath and earnest hopes of recovery. Within week past, it was believed by his physician at Mr. Slenker might possibly recover, but was stated to us this morning, by a gentlean who had a private letter treating of the ealth of the Auditor General, that all ope of his restoration to health had almost based to exist, and that he could not possily live for many days. We refer to these cts with unfeigned regret, as, during Mr. enker's official career in the State Capital, s have learned to regard him with the reoct due an honest man and faithful officer. d we still hope that the worst fears of the hily and friends of the sick man may even the dissipated, and he restored to his health and official usefulness. The State can ill ford to lose such men as Isaac Slenker.

WHERE IS THAT PEACE MAN?-When the floud hung heaviest on our Southern border when it was sadly believed that the invader was fast approaching to desolate our fields ceming with their rich harvests, and despoil fur homes of all that was dear and valuedblatant copperhead in this city became voferous for peace. He was for peace on any erms! and he did not care who knew it. There his cowardly heart lied, because he vanted the rebels to know it. Lacking love f country, engrossed in selfish pursuits, and seped in political prejudices, such are the en who form and constitute what is called opposition party in this State. Since the nger of invasion has passed, these men are sullen and chagrined. They are disappointed! That's the word. They wanted invasion, because they imagined in their cowardice and sympathy for treason, that the rebel thieves would pass them by only to pilfer and perse-

-A few more such excitements as we had within the past ten days, will do the cause of the Union good. The ordeal of such a crisis reveals the true condition of all men; and we may justly write that none now appear more openly convicted and disgraced, than those whose discretion was too weak to control their sympathies for treason, whether they rose in a blatant cry of peace, or a blood invitation to riot and anarchy. Time moves on and Justice comes apace. Then, let us be patient!

In this drawing one draft for Dauphin and Juniata, and the second for the other counties in this Congressional District, was made, at the court house, in this city on Wednesday. ARREST OF A SUPPOSED BURGLAR.-Levi Blessing, the same individual who was positively identified by Mrs. Jackson, as the person who entered her store some few weeks since, for which offence he is now under bail. was arrested yesterday afternoon on the charge of entering the residence of Henry Thomas, Esq., the night before. We understand that he was seen in the vicinity of Mr. Thomas' house about two o'clock on the morning of the robbery, while he contends that he was at home all night. The evidence seems to be strong against him, and several others with whom he has been associating have suddenly absented themselves. We hope the guilty parties of these many robberies lately committed in our city may be discovered and severely punished. Blessing was committed to jail for trial.

Last evening at the Brady House, a handsome sword, sash and belt were presented by the members of the company from Williams port, to Capt. George Jones. The sword was presented on behalf of the donors by Mr. Bartholomew, of Schuylkill county, and eloquently responded to by Capt. Jones. On the same occasion, a handsome sword sash was presented to Lieut. Jack, by the members of the company. Mr. E. T. Smith received the sash on behalf of Lieut. Jack, in a very patriotic speech. Eloquent addresses were also made by Lieut. Bubb and other members of the company.

A LEGAL WARNING

TO TRAITOR SYMPATHIZERS. Attempting to Obstruct the Efforts to Recruit Soldiers. 3

For the benefit of a class of men in this and other communities who have engaged secretly and even openly in efforts to impede the raising of volunteers in answer to the summons of the National and State authorities, we print the following act of the Assembly, passed April 18th, 1861, Pamphlet Laws, page 408. It is an extract from section 1, and after defining the offence' says:

\* \* \* Or any person who shall give or send any intelligence to the enemies of this State or of the United States of America, or shall with intent to oppose, prevent or sub-vert the Government of this State or of the United States, endeavor to persuade any per-son or persons from entering the service of this State or of the United States, or from joining any volunteer company or association of this State about being muster d into service, or shall use any threats or persuasions or of-fer any bribe, or hold out any hope of reward, with like intent to induce any person or persons to abandon said service, or withdraw from any volunteer company or association already organized under the laws of this Com-monwealth, for that purpose; every person so offending and being legally convicted thereof. shall be guilty of a high misdemeanor, and shall be sentenced to undergo solitary imprisonment in the penitentiary at hard labor for a term not exceeding ten years, and be fined in a sum not exceeding five thousand dollars, or

both, at the discretion of the court. -We call upon every good citizen who is cognizant of the violation of this law, to lodge information of the fact with any District Attorney, whose duty it is at once to engage in the prosecution of the parties charged with the offence described in the section we have quoted. There are men who are constantly prating about the violation of law, whose acts render them daily amenable to the law in question. Let them be tried by their own tandard

HARRISBURG, Feb. 8th, 1864. C. A. BANNVART-Dear Sir: I have used Brown's Bronchial Troches, Wistar's Lozenges and other preparations for hoarseness and throat troubles, and in comparison with them all, can cheerfully commend your own as a most admirable specific for public speakers and singers, in cases of hoarseness, coughs and colds. I have found them serving in time of need, most effectually.
