This distressing affection—which renders life miserable and marriage impossible—is the penaky paid by the victims of improper indulgence. Young porsons are tee apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will protend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offering, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

LEVI G. BECK.

From Rev. J. Newton Brown, D. D., Editor of the Engiclopedia of Religious Knowledge and Christian Chronicle, Philahelphia.

Although not disposed to favor or recommend Patent Mehicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to fry them when sufforing from great and long, continued debility. The use of three bottles of those Bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bedily and mental vigor which I had not for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

From Rev. Warren Randolph, Pastor of Baptist Church, Germantown, Penn.

Dr. C. M. Jackson:—Dear Sir:—Personal experience enables me to say that I regard the German Bitters, prepared by you, as a most excellent medicine. In cases of severe cold and general debility I have been greatly benefitted by the use of the Bitters, and doubt not they will produce similar effects on others.
