THE next term of Dauphin county court will commence on the fourth Monday (22d day) of August.

PETER WOLF, recommended by the citizens of Lycoming county, (the Commissioners refusing to do so,) was appointed, to-day, recruiting agent for said county. Mr. Wolf goes to Georgia.

SANFORD'S OPERA HOUSE is now open, under the auspices of the Continental Combination Troupe, of which Harry Wells & Co. are proprietors, and Billy Porter stage manager. There are a number of good performers in the company.

THE sale of furniture at Herr's Hotel commenced to-day. The hotel will remain closed for a few months, during which time the new proprietor, Harry Thomas, Esq., will make extensive improvements in the interior of the building. The whole house will be re-furnished, and opened as soon as the repairs and improvements are completed.

TIT FOR TAT. -- One day last week a woman assailed the local reporter of the Columbus, O., Journal with a cowhide, and, he offering no resistance, she gave him a severe whipping. The same night, the wife of the reporter, hearing of the transaction, met the "woman in black" on the street and gave her a tremendous thrashing with a wagon whip.

HARRY WELLS & Co., who gave their first entertainment at Sanford's Opera House, last night, were before the Mayor this morning, on a charge of exhibiting without licensethus violating the city ordinance relative to theatrical exhibitions, which went into effect on the 1st of July, They were fined fifty dol lars and costs. Violating city ordinances is an expensive business.

HORSES WANTED .- Capt. Reichenbach, A. Q. M. at this post, advertises for cavalry horses, for the use of the Government. One hundred and sixty-five dollars per head will be paid for such animals as will answer the specifications laid down in the advertisement. Persons who have horses to dispose of should bring them to this city at once. The demand is urgent, and should be supplied immediately. See particulars in our advertising columns and in posters.

MAYOR'S COURT. - Police affairs have been dull, within the past twenty-four hours. This morning Louisa Houseman, a home-

THE farmers' and oitizens' Harvest Home pic-nic at Cold Springs, is postponed until Thursday, August 4th, as the use of cars cannot be obtained until that time.

An election will be held at the house of Andrew Sweigert, in Lower Paxton township, to-morrow evening, from six to eight o'clock. to decide whether the school directors shall fill the quota of the township, and levy a tax to pay the expense of the same. See advertisement. ~

THE Second ward of this city offers a bounty of \$200 to volunteers for one year's service. This, in addition to \$100 Government bounty, \$16 pay per month, besides rations, clothing and medical attendance, will be a handsome remuneration for one year's service. See advertisement

WE notice that the Hagerstown Herald and Torch, pay a very handsome compliment to Mr. W. B. Wilson, telegraph operator, who is connected with the Penna. R. R. line, in this city. During the late invasion Mr. W. was in charge of the line at Hagerstown, and did tisement of "Large House Wanted," A rare the Government good service by communicating the latest intelligence concerning the movements of the enemy. When the rebels this office. occupied the town, he attached his instrument to the wires, in a woods, this side of that place, and kept up communication with the

military authorities.

MONSTER GUN. - The mammoth cannon recently cast at Pittsburg, arrived here to-day, by railroad, en route for its destination. The bore is twenty inches in diameter, and the weight of the gun 116,497 pounds. This piece should be capable of dealing death and destruction on a large scale, into the rebel ranks, if brought to bear upon them.

The gun will probaly go east to New York, via Allentown, to-morrow. It is now at the Harrisburg shops of the Penn's R. R. Co., near the Round House.

The fact that it arrived here safely is a suf ficient contradiction of the statement contained in the Pittsburg and Philadelphia papapers, that the mammoth trucks constructed to convey the gun to its destination were a failure. They were built by the Penn's R. R. Co., at the shops in Altoona.

BLACKBERRY WINE.-There is no wine equal

to blackberry wine, when properly made, either in flavor or for medicinal purposes, and all who can conveniently do so should manufacture enough for their own use every year, as it is invaluable in sickness a tonic, and an excellent remedy for bowel complaints. A lady correspondent of an agricultural journal furnishes the following recipe for making it : Measure your berries and bruise them ; to every gallon add one quart of boiling water. Let the mixture stand twenty-four hours, stirring occasionally; then strain off the liquor into a cask ; to every gallon add two pounds of sugar; cork tight and let it stand till the following October, and you will have wine ready for use, without further labor, that every family will highly appreciate, and never do without afterwards if they can help it.

CAPTURE OF A REBEL. - The Carlisle Herald says that on Monday evening, at Newport, Perry county, Captain John Hartzell captured an out-and-out live rebel, who was making his way as rapidly as possible to join his comrades at Richmond. He gave his name as Thomas D. Slack, and said he belonged to the 7th Louisiana Tigers ; had been captured in one of the Wilderness battles, had been taken to Point Lookout and from these to Elmira, N. Y., from whence he with one of his comrades escaped by overpowering the sentinel. Tiger was dressed in a full rebel uniform and was impudently loud in his laudations of the slaveholders' rebellion and its army, expressing himself as very anxious to rejoin it in the field. This last expression, with his butternut dress, were such certain indications he was not an indigenous rebel, that the officer above named took him into custody, brought him to Carlisle and handed him over to Col. Henderson, who locked him up in jail until next morning, when he was remanded to the custody of the Provost Marshal General of the State.

CIECULAR.-The newspaper press of Pennsylvania will confer a favor upon the relatives and friends of Pennsylvania soldiers in this department, and upon the military agent at Nashville, Tennessee, by giving publication to the following circular:

I am daily receiving letters of inquiry from the relatives and friends of sick, wounded and deceased soldiers in this department. It always affords me pleasure to give them what information I can, as speedily as possible. I desire to offer a few suggestions, which I think will be found valuable to such correspondents, and will greatly facilitate my enleavors to aid and oblige them.

The name of the person concerning whom the inquiry is made, should always be given in full-also the regiment and company to which he is attached—if sick, or wounded, the hospital in which he now is, or was when last heard from-if deceased, the time when, and where, if known.

Applications asking my aid in procuring s furlough for a soldier. should state where the soldier for whom application is made entered service, and when he last visited home, whe ther sick or wounded, and where he may be found, if known.

If correspondents will always be thus ex-plicit it will save me much valuable time and their wishes will be more fully and promptly attended to than otherwise. To the friends of Pennsylvania soldiers in

this department, I would state that all communications addressed to me will meet with the earliest possible response. JAMES CHAMBERLIN,

Lieut. Col. and Penn'a Military Agent, Nashville, Tenn. ----

Isn't it funny that a live rebel should be mistaken for a harmless Pennsylvania Copperhead, just because both birds sing the same song.

Sow TURNIP SEED .- An agricultural paper advises its readers, and the public generally as follows, in regard to sowing turnip seed. As the item is exactly in season, we transfer it to our columns. An excellent opportunity is now presented for putting the advice into practice, inasmuch as we we have just been favored with refreshing rains, which have rendered the earth suitable for the reception and early growth of the species of vegetation named:

"Let not farmers and garden lers fail to sow abundant turnip seed this yes ur, where other crops have failed on account of the drought, or the first crop has been secured. Dig up de barbers.
