## TOWN AND COUNTRY.

"Going the whole hog" is now politely rendered, "accelerating the total piggy."

THE Lancaster papers state that Captain Hebble's company of mounted men, of that city, has been ordered to report in Harrisburg.

Col. F. B. SPEAKMAN has been appointed recruiting agent for Perry county, to visit Southeast Virginia, with rendezvous at Fortress Monroe.

SEVERAL companies of One hundred days' men, fully uniformed, arrived here yesterday, from the camp at Pittsburg. They belong to Col. Clark's regiment.

weather having been very favorable, the grain was gathered in excellent condition.

In our notice of the one hundred days' men. yesterday, we stated that Col. Fisher was acting Brigadier General. We should have said Col. Nagle was in command of the brigade. We make the correction, in justice to the last named officer.

On Sunday morning next, Rev. D. A. L. Schools. In the evening of the same day

THE The Sabbath School of the Fourth Street.Bethel held its celebration to-day, on Independence Island. There was a large attendance, and the occasion was one of rare interest to those connected with the school. A delightful time was had beneath the shades of the beautiful trees on the island.

-----THE sale of condemned Government horses. which commenced at Camp Curtin, yesterday, was attended by a large number of persons desirous of purchasing. The prices realized were all that Uncle Samuel could desire, while at the same time many of the purchasers obtained bargains, as some of the horses will become very valuable if properly treated.

VERDEKE GUARDS .- Our patriotic young townsman, Capt. G. Washington Fenn, has received authority to raise a company of men for one year's service. Capt. Fenn has had considerable experience in the field, and being thoroughly conversant with military matters, will make a good officer. The headquarters for recruiting are in the Exchange, on Walnut street.

VERY IMPORTANT INTERNAL REVENUE DECIsion .- The Commissioner of Internal Revenue has decided that clerks or agents selling goods by sample do not require a licente. if the firm for which they are engaged has a ar's license. Clerks traveling by railroad, steamboats, &c., &c., displaying and selling goods at hotels, stores and other places, must have dealer's license. Jewelry pedlars selling dry goods by original piece or package must pay fifty dollars license.

ing counties that it is no longer safe to pur-chase a horse from a stranger. BABN BUENT.-On Wednesday afternoon,

the barn of John Finkes, near New fort, Perits entire contents of grain and hay, \$c., was in a short space of time consumed by fire. Two stacks of diay were also burnt up. The loss was quite heavy.

BRAUTIFUL PICTURES OF TREMIMOTH CAN-NON.-B. G. Flowers, Artist, of Pidge Road. has photographed the great gun which arrived here from Fort Pitt, a day or two ago. He has beautiful pictures of the cannon, both of the card size for albums and the large size for framing. The first named sells at 25 cents, and the others at \$1. All who desire to get a full view of the monster gun should go to Mr. Flowers.

Mr. 8. and his new mammoth Troupe are per- of the committee appointed to ascertain the forming at the Walnut Street Theatre, to quota of the ward. Punctual attendance of the largest crowds ever seen within the all freeholders and these subject to draft is walls of that establishment. We understand THE HARVEST GATHERED .- The wheat and they are equal to what Forrest could draw in rye crops in this vicinity have been safely the proper season. It is well known that Sanhoused. The crop was a heavey one, and the ford is at home in the city. He expects to open here about the 22d of August, with a new great combination of ladies and gentlemen.

SCHOOL TEACHERS who design attending the meeting of the State Teachers' Association, to be held at Altoona next week, should not leave home until they have voted for the amendments to our State Constitution. Prof. Ingram, President of the Association, has Laverty, of the Fourth Street Bethel, will given public notice through our columns that preach a sermon upon the subject of Sabbath he will not go to Altoona until after he has voted, and we presume there cannot be an Bev. L. will preach the first of a series of organization effected until he arrives at the Bates Mills, 70c; Wansutta, 75c; Blackstone, sermons to the young, in the Bethel. of Tuesday. Teachers should remember this.

> SAVE THE UNIFORMS. -- We hope none of our returned soldiers will part with the uniform in which they fought for the Union, upon any consideration whatever. The time will come when they will regard those old blue coats or red caps and trowsers, as the choicest treasures they possess. It would be a proud thing for a father hereafter to say to his boy or girl: That old coat was sing ed by the fire of Gettysburg," or, "That rent was made by a bullet in front of Richmond." It will be a precious heir-hoom to heave behind to those who are to take our places. Save the uniforms-they will hereafter be the best titles to honor and respect a man can possess.

A WOMAN IN A HOBBEBLE SITUATION .- MITS. William Evans, of Mercer, C. W., a woman of 35, has had a difficulty in her stomach for several years. Lately physicians have decided that the trouble is occasioned by a live and growing snake in the stomach. It has now grown so large that it distends the stomach so as to produce a bunch upon the outside as large as a quart bowl. Upon pressing this bunch with the hand the reptile recoils and produces groat distress in the stomach. When fish or meat is being cooked in the room, if the snake is not satisfied with Lime of need, most effectually, T. H. BOBINBON, food, it rises up in the threat, producing strandealer's license. Clerks traveling on foot or gulation. When desiring food, it manifests by wagon and selling goods, must have a it by rising up in the throat. Physicians see no way in which this snake can be remov

PAYING DEAR FOR THE LUXURY .--- The lovers of fine Havanas and meerchaums will prohably soon have to forego such luxuries. The tax on tobacco is very heavy. A number of the most extensive segar manufacturers of New York, have suspended business, owing partly to the advanced wages insisted upon by the journeymen, and partly to the heavy taxation. If the cost of manufacture could be reduced to the old standard, the tax would not be burdensome. Under the new rates, segars that on the 30th of June were sold for \$45 per thousand, cannot now be furnished for less than \$85 or \$90 per thousande
