THE refugees from Cumbertand Valley are returning to their homes-some of them, rather, to where their homes were, but are not. No doubt our city will resume its wonted quiet in a day or two.

ExTRAS .-- We have been favored with some specimens of the Lawton blackberry, grown by Mr. Samuel Simonds, of this city. They were decidedly the largest we have seen this season.

CANTERBURY MUSIC HALL is having a very successful season. Large crowds congregate there nightly to witness the fine bills presented. The managers are doing a profitable business, and, as gentlemen and performers, are worthy of patronage.

EMIGRATION.-The number of emigrants arriving at New York, according to the latest returns, is at the rate of 4,271 a week, or about 220,000 a year. Possibly, the gross emigration of the year will be something under this; but it is safe to reckon it at two hundred thousand.

OUR citizens are informed that they can be supplied with fresh produce from the Keystone Nursery, on Tuesday and Friday mornings of each week, in addition to the regular markets, by applying at the lower market house, between the hours of nine and twelve o'eleck.

SUNDAY DRINKING .- Quite a number of drunken individuals were to be seen on our streets yesterday. Where they got their liquor, or how they got it, we know not, but it is certain they obtained it somewhere. Who sold it to them? This is a question we would like to have answered.

SANFORD'S HALL .--- The company performing at Sanford's, under the management of Harry Wells & Co., has been doing an extensive business. The entertainments are said to be of a character never before witnessed there, and such as can be witnessed by the most fastidious. The Hall is nightly filled, and all speak in flattering terms of the performances.

OUR citizens should not forget the mass

The River Susquehanna.

The water in the Susquehanna has risen within the last two days to such an extent, that all possibility of fording it with cavalry or wagons has ceased. We hardly think it possible that any rebel cavalry or artillery could have forded the river at this or any other point, when it was at its lowest stage ten days ago, but all danger is past now, for which we sincerely thank a kind providence who has blessed us with an abundance of rain within the last week. At this season of the year, the river generally continues to rise, and we have no fear that it will again be low, as it

has been during the summer.

This Company, now in Camp Curtin, fully uniformed and equipped, is nearly full. A few more good volunteers wanted, to whom we will guarantee the very highest cash bounties to be had anywhere, however high they may be. Call at the WALNUT STREET EX-CHANGE BUILDING (lower room) and hear extra inducements, that no officer can excel: The Captain pledges himself to look after the comfort and well being of his men at all haz-

The Draft-An Effort to Fill the Quota of the City.

A mass meeting of the oitizens of Harris burg will be held at the Court House this

(Monday) evening, August 8th, with the view of petitioning the city council to make an appropriation to secure the filling up of the quotas of all the wards in the city of Harrisburg. Under the plan adopted of assessing respectively the citizens of each ward, several of the wards will be unable to fill their quotas, for the reason that the great majority of the citizans thereof are working men, whose incomes prevent them from making extravagant subseriptions. It is hoped that every man interested in the draft will be present.
