MEDICAL.

ELECTRICITY. DR. WYETH and CREAMER, Eclectic and Electro-therapeutic physicians, respectfully offer their services in all the various branches of the profession, for the treatment of all acute and chronic forms of disease. The remedies they employ in the treatment of disease consist of Magnetism, Galvanism, Electro-Magnetism, the Swedish method of Localized movement cure, a few Eclectic medicines when deemed necessary, and in fact all the natural curative agents that may successfully be brought to bear upon the disease. They do not wish to be understood as arrogating to themselves any superiority of professional skill, but they believe the remedies they employ in the treatment of disease far superior to those generally employed by physicians, from the fact that they act in perfect harmony with the laws governing and controlling the human system. To this, and the fact that they confine themselves to no particular path or system, they attribute their success in controlling disease. The principal agent they employ in the treatment of disease, namely, Electricity, is an agent wonderful in its phenomena and powerful in its effects for good or ill. It is an ever present, all-pervading principle, governing all things, from rolling worlds down to the invisible particles of gaseous matter. We see it in the lightning's flash and hear the manifestations of its power in the thundering storm. It is the cause of all decomposition, re-composition and transformation. It creates all motion. It is the exciting cause of life, growth, decay and death. It causes secretion, excretion, digestion. It lays hold of the fluids of the stomach, converts it into a state of fluidity, transmits it into arterial blood, and sends it on its important office of supplying nutriment according to the necessities of the body. It is the nerve vital fluid, the great agent through which the mind and soul upon the body, and all causes except the first great cause, the Infinite Mind which created it and brought it into use. These may appear like mere assertions, but they are facts admitting of strong and irrefragable proof. Is it then, to be wondered at that an agent so wonderful in its phenomena, so powerful in its manifestations and so intimately connected with all the operations of the human system, should be almost absent in its power of controlling disease? Certainly not. It is a natural sequence and follows as surely as day follows night. Among the diseases which are found to yield readily to Electricity, in conjunction with proper adjustment of treatment, may be mentioned the following: Incipient Consumption, Paralysis, Epilepsy, Hysteria and other Convulsions; Neuralgia, in its various forms; Rheumatism, inflammatory and chronic; all diseases of the nervous system; Dyspepsia cured in a few treatments; all diseases of the urinary and genital organs; Female Diseases, Asthma, Piles and Hemorrhoids; Anemia and all kindred diseases of the eye; Auricular Stricture, all skin diseases, &c. Persons calling will be told whether they can be benefited and no case taken where some relief cannot be afforded. Consultation Free. Office, South Second Street, below Chestnut, Harrisburg, Pa. Office hours from 8 to 12 A. M., 1 1/2 to 5 and 7 to 9 P. M. ALEX. F. WYETH, M. D., DR. J. MILTON CREAMER, ap18

BEWARE OF Counterfeits As Kunkel's Bitter Wine of Iron is the only cure and effectual remedy in the known world for the permanent cure of Dyspepsia and Debility, and as there are a number of imitations offered to the public, we would caution the community to purchase none but the genuine article, manufactured by S. A. KUNKEL & BROS., and has their stamp on the top of the cork of every bottle. The very fact that others are attempting to imitate this valuable remedy, proves its worth and speaks volumes in its favor. This Wine includes the most agreeable and efficient Salt of Iron we possess; Citrate of Magnesia Oxide combined with the most energetic of vegetable tonics, Yellow Peruvian bark. The effect in many cases of debility, loss of appetite, and general prostration, of an efficient Salt of Iron, combined with vegetable Tonic, is most happy. MEDICAL.

LYON'S PERIODICAL DROPS, FOR FEMALES. Are the only known remedy that will successfully and invariably restore and regulate the female system, remove all irregularities, and producing health, vigor and strength. Are a fluid preparation, the only true one of the kind ever discovered in this country, and acts directly on the parts affected, whilst pills and powders can only reach them as they work through sympathy, but not at all direct and positive. Are you suffering from a constant anxiety for the regular return of nature's period? Give yourself no uneasiness, for Lyon's Periodical Drops, if taken a day or two before the expected period, will positively and invariably regulate its coming, as sure as effect follows cause, as certain as day follows darkness. Are you sick, enfeebled by disease, or unable to bear the labor and danger of pregnancy? Will you waste away with suffering from Leucorrhoea, Prostrata, Dysmenorrhoea, and a thousand other difficulties, all arising from a disordered Stomach, and obstructed nature, when an investment of one dollar in the most reliable regulator ever known, and cure, like magic, all these irregularities that have defied the doctor's skill? Will you waste away with suffering from Leucorrhoea, Prostrata, Dysmenorrhoea, and a thousand other difficulties, all arising from a disordered Stomach, and obstructed nature, when an investment of one dollar in the most reliable regulator ever known, and cure, like magic, all these irregularities that have defied the doctor's skill? Come to you as a blessing, for is not prevention better than cure? If regularly taken, it is a certain preventive, and will save you much pain and uneasiness of suffering. If you have been afflicted for many years with complaints incident to the sex, that have baffled the skill of physicians, and are hurrying you on to an early grave? Will you waste away with suffering from Leucorrhoea, Prostrata, Dysmenorrhoea, and a thousand other difficulties, all arising from a disordered Stomach, and obstructed nature, when an investment of one dollar in the most reliable regulator ever known, and cure, like magic, all these irregularities that have defied the doctor's skill? Do not use the drops when forbidden in the directions, for although a positive cure and harmless at all other times, they are so powerful and finely calculated to adjust and govern the functions of the sexual organs, that, if taken at improper times, they would produce results contrary to nature, against which all particularly those who would reproduce, should carefully guard.

DR. JOHN L. LYON'S FRENCH PERIODICAL DROPS, THE GREAT FEMALE REGULATOR, LYON'S PERIODICAL DROPS. DR. JOHNSON'S LOCK HOSPITAL, BALTIMORE. HAS discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPRUDENCE. RELIEF IN SIX TO TWELVE HOURS. NO MERCURY OR NOXIOUS DRUGS. A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Gonorrhoea, Discharge, Impotence, General Debility, Nervousness, Dyspepsia, Langor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Rheumatism of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary vices which tend to their victims, than the most violent of the Mariner's Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN. Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have attained illustrious Stations with the thousands of eloquence and to enjoy the living life, may call with full confidence.

MARRIAGE. Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c. should marry. He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS. This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excess from not being aware of the direful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived of the pleasures of healthy offspring, the most serious and distressing symptoms to both body and mind arise. The system becomes enfeebled, the physical and mental functions weakened; loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

DR. JOHNSON, Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures of these terrible kind of morbid habits, and has cured many of the head and ears which, when neglected, would have been attended with sudden insanity, deafness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE. These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and the general debility of the system, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c. MARITALITY.—The fearful effects on the mind are much to be dreaded, and are the result of the physical and mental depression of spirits, early forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN. Who have injured themselves by a certain practice indulged in when alone, a habit that is often contracted from evil companions, or at school, the effects of which are highly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

MARRIAGE. Reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view, the mind becomes shadowed with despair and filled with the melancholy reflections that the happiness of another becomes bright with their own.

DISEASE OF IMPRUDENCE. When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, too often happens that an unlimed sense of shame or the dread of discovery deter him from applying to those who from education and respectability, can alone best afford him. He falls into the hands of ignorant and designing pretenders, who, instead of curing him, fill his pocket with money, keep him trudging about after moonlight, or at length the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his falling disappointment, or by the aid of some poisonous Mercury, hasten the constitutional symptoms of this terrible disease, such as eruptions of the Head, Itch, Nose, Skin, &c., progressing with frightful rapidity till death puts a period to his sufferings, by sending him to that undiscovered country from whence no traveler returns.

INDORSEMENT OF THE PRESS. The many thousands cured at this institution, year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the Sun, Observer, and many other papers, notices of which have appeared again and again before the public, bearing his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.
