## TOWN AND COUNTRY.

Two HUNDRED condemned cavalry horses will be sold at Altoona, on Thursday of this week. Bargains may be had.

ADMITTED TO PRACTICE.—Yesterday Philo O. Griffin, Esq., was admitted to practice in the various Courts of Dauphin county.

SUICIDE.—Joseph Adams, of Cherry township, Butler county, hung himself on Wednesday. The deceased was supposed to be laboring under insanity.

THE bills presented to the public by the management of Canterbury Music Hall attract large audiences. There will be a fine entertainment to-night.

THERE is an immense amount of traveling over our railroads at present. Every passenger train is heavily laden with human freight, and the depot and its vicinity are thronged with travelers daily.

COUNTRY people who are in the city should not forget that *the* place to spend their evenings pleasantly, is at Brant's Hall. Go and see *Evadne* to-night. The tragic queen will appear in that character.

SANFORD'S OPERA HOUSE was full last night, to welcome the return of the inimitable Sanford, who always *draws*. There is a splendid bill offered for this evening. All lovers of fun will be there.

WE learn that the wholesale enlistment of the men employed in and around the round house, by the Pennsylvania Railroad Company, has seriously interfered with and almost suspended operations there. Doubtless the suspension will be but temporary, as the closing of those shops would materially affect the operations of the road.

WOUNDING OF A GALLANT HARRISBURGER.—Lieutenant J. B. Elliot, U. S. A., lost a leg in the late desperate fight at the destruction of the Weldon railroad by our troops. Lieutenant E. had only recently graduated at West Point, and this was his first battle. He was in command of a battery and conducting himself with great gallantry when he received his unfortunate wound. He is now in a hospital at Washington city.

HORRIBLE ACCIDENT. On Tuesday last a number of boys got on an empty coal car at the mouth of the company's mines, above the railroad bridge at Johnstown, and pulling the "lock-stick" out of the wheels, started it and allowed it to run at will, which it did with great velocity down the grade. In front of the coal-office was standing a train of loaded cars, into which the descending car rushed with full force. The result was the smashing of the car and the serious injury of the boys—one of whom had his breast terribly smashed, another an eye punched out, a third an arm broken, a fourth a foot smashed. Another was thrown over the embankment into the river, but escaped without serious injury. We learn that one of the boys has since died.

DANGEROUS COUNTERFEITS.—The following counterfeits have just been put in circulation: $50 legal tender bills, well calculated to deceive. The head of Hamilton and the die work are rather coarse, and have the somewhat blurred apperance often seen in genuine bills, when from defect of paper or ink, the impression is imperfect or greasy. Other parts of the bill, and especially the back, are splendidly executed. The signatures of the Treasurer and Register are perfect.

Also, $100. The work on this bill is not so good, when closely examined, as that on the $50, particularly in the words "United States," and the eagle.

INFORMATION FOR RECRUITS WHO SUFFER LOSS THROUGH THE PILFERING OF BOUNTY BROKERS.—We hear complaints almost daily of the villainies practiced by Bounty Brokers, on those who enter the army as substitutes. The details of some of these cases are rascally in the extreme, a disgrace alike to the police regulations of the army and a shame to the integrity of the American people. For instance, a few days since, two escaped slaves were in this city, who expressed a willingness to enter the service as substitutes, in order to procure the means of saving their families from starvation, as well as to find an opportunity to fight against their late tyrannical traitor masters. These men fell into the hands of a party of bounty brokers. After passing a fair examination, the fugitives were mustered into the service, duly credited as substitutes, for which the brokers received *nine hundred dollars per man*—out of which sum one of the substitutes received THREE and the other NINE DOLLARS. These are facts which come to us from semi-official sources. We point to this transaction as only one of a series of like infamy and disgrace which daily occur in this city, and we ask in the name of Justice and Honor, whether the law affords no remedy for such low and cowardly thieving.

—While on this subject, we are reminded that there is an order in force at this post, to the effect that any substitute or volunteer crediting himself to a certain individual or locality, who finds that he has not received the full bounty paid in such cases, will receive redress by reporting the facts to Maj. R. I. Dodge. We trust that whenever a soldier finds that he has been cheated by the substitute brokers he will thus report. We yearn to see some of these rascals in the clutches of Maj. Dodge.

VALUABLE FARM FOR SALE.—Mr. Henry G. Rupp advertises for sale a very valuable farm situate in Lower Allen township, Cumberland county, seven miles from this city. There are many valuable improvements on the premises, and the land is in a high state of cultivation. See advertisement.

ADVANCE IN THE PRICE OF STAMPED ENVELOPES.—The price at which stamped envelopes are furnished to the Post Office Department, under a recent contract, being largely in excess of those heretofore made, the Department has issued a circular to the various offices, announcing a corresponding advance in the rate at which they are to be furnished to the public. The increase in price on the letter-size three cent stamps is about seventeen per cent.

SUDDEN DEATH.—A sudden death occurred yesterday, at the residence of Mr. Benjamin Kunkel, in this city, by which an estimable lady, nam d Mrs. Lee, of Philadelphia has been called hence. The deceased was well known to many of our ci izens. She arrived here very recently, in company with her daughter, and was in the enjoyment of health up to yesterday morning, but was ill during the forenoon, and about noon she died—it is supposed of heart disease. Her loss will be deply lamented. Her remains were taken to Philadelphia, to-day, for interment.

THERE was a terrible jam at Brant's Hall, last night. All the reserved seats were sold long before the hour for opening the doors. The efforts of the management to please the public are being abundantly rewarded. The splendid drama, of EAST LYNNE was produced with all its beautiful and thrilling scenes and incidents, and completely fascinated the vast audience. Never was a play enacted to more advantage.

To-night another *new* piece—to our people—the celebrated and classic play entitled EVADNE, will be presented for the patronage of the public. *Miss* Fanny B. Price, the tragic queen, will appear as *Evadne*, and Mr. Hanchett as *Leudrino*. The play is magnificent, and the above-named stars are unrivalled in their parts. The whole star troupe will also appear.

Mr. Rouse has been peculiarly fortunate in the selection of his present company. The best of the old favorites have been retained, and the new ones are exceedingly popular. The selection of Mr. Alex. Fisher as stage manager was a capital hit.

To one and all we would say, go to Brant's Hall to-night. *Go early*, if you desire a comfortable seat, for the capacious building is likely to be tested on this occasion, to its utmost extent as far as space is concerned. Secure your seats at Bannvart's drug store.

RECRUITS AND SUBSTITUTES.—The recruiting business is active. Our city swarms (as bees do) with Committee Men from counties and townships, all eager to fill up their respective quotas. There are also many men come to the city to go into the service of the Government; but the number thus offering is not equal to the demand. Large bounties are offered—for one year's service, (to be credited to special districts,) from three to five hundred dollars. For substitutes—to go for three years—one thousand dollars is often paid. Substitutes, however, cannot be mustered, unless they are free of the draft. Many are daily offering their services, and are accepted and mustered in. The Mustering-in Officers have a busy time. They are attending to their duties faithfully, and Uncle Sam is getting many recruits daily. This is right. Let the good work go bravely on. If the people continue to come up to the work as they are coming up now, we shall have men enough to crush out the rebellion. God grant that it may so—even, if necessary, by the utter extermination of the vile race of aristocratic slave owners in the Southern States, to whom this wicked and desolating war is wholly attributable. Keep up the army—we have plenty of people in the Northern States to do it—and our great and glorious country will STILL LIVE!

People from abroad—committees visiting Harrisburg to fill up their quotas, or to get substitutes, would do well to consult Messrs. MAGUIRE and CREITZMAN, in the Exchange.—They can give them useful information.

COURT PROCEEDINGS.—We give below a list of the cases in which true bills have been found by the Grand Jury, up to noon to-day. A number of bills were ignored, which we have omitted, as the cases were of minor importance:

Commonwealth vs. Levi Blessing; larceny. True bill.

Commonwealth vs Serril Wagner; fornication and bastardy. True bill; continued.

TERRIBLE ACCIDENT.—The Williamsport *Bulletin* gives the following account of a terrible accident that occurred there a few days ago:

An Italian by the name of Glizer, was almost instantly killed on Tuesday last, by his own rashness. He ran and attempted to get on a gravel train while it was in motion. Instead of going on, he went under, and had both arms cut off, and was otherwise badly crushed so that he died in a few minutes. He was a stranger here, and was understood to be from some county down the river. The accident occurred near the east ward school house. The body was taken in charge by Rev. Jas. Marshal, the Catholic Priest, who saw it properly buried.

Read the following testimonials from some of our eminent clergymen:

HARRISBURG, Feb. 8th, 1864.

C. A. BANNVART—*Dear Sir:* I have used Brown's Bronchial Troches, Wistar's Lozenges and other preparations for hoarseness and throat troubles, and in comparison with them all, can cheerfully commend your own as a most admirable specific for public speakers and singers, in cases of hoarseness, coughs and colds. I have found them serving in time of need, most effectually.

Yours truly, T. H. ROBINSON,
Pastor of N. S. Presbyterian Church.

I agree with Mr. Robinson as to the value of Bannvart's Troches.

W. C. CATTELL,
Late Pastor of O. S. Presbyterian Church.

HARRISBURG, Jan. 1, 64.

To C. A. BANNVART—*Dear Sir:* In the habit of speaking very frequently, and in places where the vocal organs are very much taxed, I have found the need of some gentle expectorant, and that want has been supplied in your excellent Troches.

I consider them [illegible] any Lozenges that I have ever [illegible] having [illegible] from [illegible] the [illegible] and [illegible] public [illegible] dresses.

JNO. WALKER JACKSON,
Pastor of the Locust St. Methodist Church.

To C. A. BANNVART—*Dear Sir:* Having used your Troches, I am free to say they are the best I have ever tried and take great pleasure in recommending them to all persons afflicted with sore throat, or hoarseness of voice arising from public speaking or singing.

Yours, &c., G. G. RAKESTRAW,
Pastor of Ridge Avenue Methodist Church.

DISTRICT ATTORNEY'S OFFICE,
HARRISBURG, Feb. 29, 1864.

To C. A. BANNVART—*Dear Sir:*—I have found your Troches to be invaluable in relieving hoarseness and in strengthening the muscles of the throat. They impart clearness to the voice, and are certainly of great benefit to all public speakers. A. J. HERR.

**18,000 FEET OF LUMBER PER DAY.**

COMPELLED to decline many orders for Mills and Engines the past year, from inability to fill them we resolved to increase our already large facilities for their Manufacture. Very recently we purchased the entire property of the Newark Machine Works, at Newark, Ohio, and at this moment both establishments are in full operation. We will try in the future to fill all orders promptly.

The lumber trade was never so prosperous, and money-making as at present, and will no doubt continue to be so for a generation to come. Energetic operatives with anything like good logs, can cut 250,000 feet per month, with Blandy's Mills, and Mills are wanted. The Blandy Engines are particularly adapted for Saw Mill purposes, being compact, powerful and economical in fuel. Our arrangements are made to put the experienced operators on a par with those who have operated them.

Circulars, with descriptions and illustrations, and reports of operators forwarded to any address.

Address H. & F. BLANDY, at Zanesville or Newark, Ohio.

Orders, Visits and Correspondence Solicited.

* * * In the last three months, (working five days a week) we have cut 525,000 feet of white oak on our BLANDY MILL; in June, 199,000 feet. The lumber is pronounced by the lumbermen inspector to be the best delivered in that city this summer. The Blandy engine has done well, and I can now say it is a perfect success. Yesterday, the 27th inst., we cut 16,000 feet of oak.

* * * I have sawed on my BLANDY MILL 1,250,000 feet of lumber in the last seven months, which included the winter months, often working only seven hours a day, and wholly froze out a part of the time. This is more lumber than any single mill has cut in the same time within a hundred miles of this place.

WM. R. HUGHES.

MIDDLETOWN, Granty County, Ind.,
June 27, 1864.

* * I have run my BLANDY MILL four years, and sold out for more than it cost me when new. As we had never tried how much we could cut on it in a day, we concluded we would do so the last day we run it, prior to delivery to new owner. I measured it as if going to sell it, and found it was 12,104 feet, mostly cut from logs 8 to 12 feet long, small and very hard. The BLANDY MILL is the Mill for me, and everybody else that knows any thing about them, in my opinion.

**NEW ADVERTISEMENTS.**

**U. S. 7-30 LOAN.**

THE Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

**Special Advantages of this Loan.**

IT IS A NATIONAL SAVINGS BANK, offering a higher rate than any other, and *best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

**Convertible into 6 per Cent. 5-20 Gold Bond.**

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

**Its Exemption from State or Municipal Taxation.**

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by all the National banks which are depositaries of public money, and all respectable banks and bankers throughout the country will give further information and afford every facility to subscribers.
