TOWN AND COUNTRY.

Dr. M'BRIDE may be consulted at room No. 7, State Capitol Hotel.

The HOME GUARDS are requested to turn out for drill on Saturday evening at 6 o'clock. By order. [2d] G. PRINCE, Captain.

Dr. M'BRIDE will describe your disease without asking questions.

STILL THEY COME.—Each day brings several hundred men to camp, in obedience to Uncle Samuel's call for aid to crush the rebellion. The regiments to be organized will be the best ever sent from Pennsylvania, in point of physical strength, and there is not the least doubt that when our armies are reinforced by them, the death-blow to the rebellion will be speedily dealt, and then we shall rejoice at the early prospect of permanent peace.

Dyspepsia and Liver Complaint cured by the KING OF PAIN.

DISTRESSING OCCURRENCE.—A distressing accident occurred in the military camp at Chambersburg, on Sunday afternoon last, by which Mr. William Gelwix, a young man belonging to Capt. Stroud's company of one hundred days' men, lost his life. He was in the act of jumping a fence, when his pistol, which was loaded and in his belt, was accidentally discharged, the contents penetrating his abdomen. He lived but thirty minutes after the fatal occurrence. He was a son of Mr. Daniel Gelwix, of Upper Strasburg, Franklin county.

The KING OF PAIN may be had at the corner of Fifth and Market streets.

A NIGHT WITH SHAKESPEARE!—Richard III. To-night the great Tragedy, Richard III., will be performed at the Theatre. The play will be presented in magnificent style, with scenery prepared expressly for it. In the excellent cast we find the following appointment of characters: Richard, Mr. Meeker; Henry, Mr. Crossen; Queen Elizabeth, Miss Nellie Sprague; Lady Anne, Miss Fanny Denham; Duchess of York, Mrs. Rainford, &c. This is one of the standard Tragedies, and will attract an immense audience. Go and spend an evening profitably, in witnessing one of the greatest of Shakespeare's productions. See you're seat early, at Bannwart's.

SOLDIER'S FUNERAL.—Yesterday afternoon the remains of Lieut. J. S. Hoyer, 1st U. S. Cavalry, were interred, with military honors, in the cemetery. There was a large concourse of citizens in attendance, besides a company of soldiers, and a number of officers of the army. The coffin was enveloped in the stars and stripes, and the funeral notes of the drum and fife imparted a solemnity to the occasion. Another brave soldier has been sacrificed—another has been added to the number of the slain, whose murder must be answered for by the instigators and leaders of the accursed rebellion. How can any one witness these squalid scenes, and still sympathize with those infamous traitors? Yet we have such in our midst.

THE COAL COMBINATION IN BALTIMORE.—The citizens of Baltimore recently held a meeting for the purpose of devising ways and means by which they might avoid the payment of the high rates demanded for coal by the dealers of that city. A committee was appointed to visit the mines, and learn the prices at which coal can be obtained there. Yesterday's Baltimore papers contain the report of the committee, from which we glean the following items: Soft coal similar to that of Lykens Valley, is sold at the mines at \$6.50 per ton of 2240 pounds; hard coal, at the mines, \$5.50 per ton. The committee recommend the formation of a company, with a capital of \$250,000, in shares of \$5.00 each; so that each citizen may have an opportunity to share the advantages to be gained by purchasing at the mines, as the dealers in that city have combined to advance the prices several dollars per ton.

GODSON'S CAVALRY COMPENDIUM, just published by Lippincott & Co., is a long needed book. It contains just the information a recruit wants, together with that which is required to make intelligent non-commissioned officers.

Disciplin, diet, care of arms, duties of sentinels, sabre exercise, manual of the carbine and revolver, care of horses, and usages prevailing in camp and field, form the substance of the book. It states the soldier's rights as well as his duties, and gives much information gleaned from cumbersome and expensive books, and more than can be learned only by practical experience, compressed in a small portable volume.

The author, Major James A. Godson, 12th Pennsylvania Cavalry, is a soldier seasoned in the school of hard service—knows whereof he writes, and has a high faith in the efficiency of his arm of the service. The general use of his book would lighten the labor of his fellow officers. For sale at Bergner's. Price one dollar.

WANTED at the State Printing Office, an active, intelligent boy. One accustomed to reading manuscript will be preferred.

FRANK DREW COMING!—This famous comedian has been engaged by Mr. Rouse, and will appear at Brant's Hall next week. Mr. D. is without a rival in his line of acting and will draw immensely.

BRAUSES, sores and old wounds successfully treated by the KING OF PAIN.

ELEGANT SLEEPING CARS.—Several new and splendid sleeping cars have been finished and placed upon the Pennsylvania Central Railroad. These cars are built upon the most approved plans, the patents of Woodruff, Knight, Myer and others being used in their construction. Everything that art could suggest or taste dictate has been done to render them safe and pleasant. The cots are large and roomy, and so arranged that the sleeper cannot by any possibility fall out. The rich curtains of brocade satin delain present a very attractive appearance, and are in keeping with the other arrangements of the cars.

AMONG THE many improvements, we noticed several large berths, constructed with the view of accommodating families, which are as retired as a chamber in a hotel. Parents traveling with their children will appreciate this improvement. The heating apparatus is very ingeniously contrived, the stove or furnace being under the car, the heated air passing through in pipes. The ventilation is also complete. We congratulate the traveling public upon the introduction of these cars, and hope to see them upon all our roads in a short time. Many of the objections heretofore urged against sleeping cars have been removed by the numerous improvements now introduced, and we have no doubt they will be patronized by those who are compelled, through business or pleasure, to travel during the night.

THE KING OF PAIN corrects all the irregularities of the system.

CANE PRESENTATION.—The friends of Dr. W. W. Robinson, in this city, presented that gentleman, last evening, with a costly and substantial Cane, as a token of their regard for him as a physician, and as a mark of their confidence in him as a man. The presentation took place at the State Capitol Hotel, last evening, and after the speeches on the part of the donors and donee, the company partook of a supper prepared in the best style by the host of the State Capitol.

The Cane is the most costly stick ever gotten up for presentation in this city. It is the best quality of ebony, finished in the highest style of Lee's workmanship, surmounted by a massive and elaborately carved head, bearing the following inscription:

Presented to Dr. W. W. Robinson, of Hickory Grove, Northumberland county, by Capt. McCall, Frank H. McReynolds and friends.

The same friends who got up this costly part, presented to the wife of Dr. Robinson a splendid silver Castor, which, as a piece of workmanship excels any article of the same kind we have ever seen.

Lee, 69 Market street, furnish'd the Cane to Dr. Robinson. The stock of valuable Canes on hand at this establishment is very large, and those who design such an article for personal service or for presentation, should give Lee a call.

If THE KING OF PAIN does not perform all that is claimed for it, the money will be returned.

A HARRISBURG HERO AND HIS HARD FOUGHT BATTLES.—Among the gallant young men who first responded to the call for soldiers to defend the honor and enforce the authority of the Government, was John K. Dumars, of this city. He enlisted in the three months' service on the very day the call for troops was issued, and as soon as that term expired, he re-enlisted in Col. Sam. Black's regiment for three years in which he served gallantly until the end of his time of enlistment, when he was honorably discharged. The following are the terms of his discharge:

Lance Corporal John K. Dumars is a good and honest soldier, and was engaged in the following battles: Yorktown, Hanover Court House, Mechanicsville, Gaines' Hill, Malvern Hill, Fredericksburg, Groveton, Antietam, Blackford's Ford, Chancellorsville, Gettysburg, Rappe Station, Mine Run, Wilderness, Todd's Tavern, Bethesda Church, Spotsylvania, Peterburg, Va., and Weldon Railroad.

After serving in all these battles, after participating in innumerable skirmishes, Lance Corporal Dumars returns to his home without a scratch on his body, having passed through every fire unscathed. He has reason to be proud of his record, and his countrymen must be grateful for his services. Such soldiers are worthy of our highest honors. We bid him thrice welcome to his home.

THE KING OF PAIN purifies the blood.

The Draft—Fourth Ward Meeting.

A meeting of the citizens, exempts as well as non-exempts, of the Fourth ward, will be held at the hall of the Hope Fire company at 7 o'clock this evening, for the purpose of adopting measures to fill the quota of the ward. Since the last meeting circumstances have occurred which place the condition of the ward, with reference to the draft, in a much more favorable position, and it is confidently expected that, with a united effort, now, the quota can readily be filled previous to the actual drawing of conscripts. A full attendance is earnestly requested. MAN.

THIRD WARD DELEGATE ELECTION.—An election for delegates to represent the Third ward in the Union County Convention, will be held at the usual place of holding such election (at the Park House, on Market street,) on Saturday evening next, at the usual time.

HENRY THOMAS, Chairman of County Committee.

SIXTH WARD MEETING.

The Union voters of the Sixth ward will meet at Bailey's Masonic House on Saturday evening, Sept. 3d, at 7 o'clock, for the purpose of electing Delegates to the Union County Convention. By order of Executive Committee.

DYSPEPSIA CURED.—One of the worst diseases to which the human family is liable, is Dyspepsia. It not only disqualifies man from the pursuit of busines or pleasure, but it makes life itself a burden. Read the following wonderful cure:

HARRISBURG, Aug. 15, 1864.

To whom it may concern:

Dyspepsia in its most malignant form, had almost reduced me to a living skeleton, and I was one of the most miserable men that had walked the streets of Harrisburg. I had used all the known remedies, as well as prescriptions from the most eminent physicians, without deriving any benefit. Happening to pass the corner of Fifth and Market streets, I saw Dr. M'Bride, and after listening to his remarks, I concluded to give his KING OF PAIN a fair trial. I have done so for the last twelve days, and I am now able to work, can eat almost anything the appetite craves, sleep well, and am a new man in every sense of the word. Every person afflicted with Dyspepsia should give it a trial, for since it has wrought such a quick cure upon me, there is no question but what others will find it a "Balm in Gilead," to drive away disease.

P. S.—On the 19th day of September, 1863, I was exempted by the Surgeon of Board of Enrollment. I am now received by the Surgeon as in perfect condition to be able to do any kind of duty becoming a soldier.

JOHN WEAVER.

City of Harrisburg, Pa., S. A.

Before me, an alderman of the city of Harrisburg, Penna., personally appeared John Weaver, who, after being sworn according to law, did depose and say that the matter set forth in the above statement, to which he had subscribed his signature, is strictly correct and true.

A WONDERFUL CURE EFFECTED BY THE KING OF PAIN.—Read the Evidence.—Some three years ago the small-pox broke out in Harrisburg, and for many weeks I was in constant attendance upon patients afflicted with this most loathsome disease. The duties I was compelled to perform impaired my health very seriously. My liver failed in its usual functions, disease of the spine followed, and my kidneys were also affected. Add to these afflictions a constant constipation of the bowels, attended by severe headache, and the reader can judge of my situation. With such a complication of diseases, I was still compelled to work, and was only enabled to do so by the constant use of purgative medicines, which I have steadily taken for fourteen months, in the vain hope that they would eventually bring my system to its normal condition again. I heard of Dr. M'Bride performing miraculous cures with his "King of Pain," but I doubted its efficacy in my case. Still, as drowning men will catch at straws, I called upon him, and a few minutes after a single application my headache disappeared! Encouraged by such a marvelous cure, I used his King of Pain internally, and this 19th day of August, in the year of our Lord 1864, I am again a sound man. The kidneys, bowels and spine are sound in every respect, as they were ten years ago, and I am able to do a full day's work, and sleep after it as well as the healthiest day I ever saw.

I reside in Oenslager's row, North street, Fifth ward, Harrisburg.

JACOB ZARGER.

City of Harrisburg, ss:

Before me, W. Kline, an alderman of said city, personally came Jacob Zarger, who, being duly sworn, says that the facts set forth above are just and true.

Swnr. & Subscr. August 20, 1864, before

W. KLINE, Alderman.

Witness—U. J. JONES.

HARRISBURG, Aug. 30, 1864.

To the Public.—It gives me great pleasure to recommend to the public the medicine prepared by Dr. J. J. M'Bride, which he calls the "King of Pain." I was induced to use it as an external remedy for a bruise, which it relieved immediately and subsequently cured entirely. Its success induced me to use it internally for Diarrhea, with which I was afflicted in a chronic form for nearly eighteen months, and to such an extent that my kidneys were seriously deranged. The medicine has cured me, and certainly in saying a great deal in its favor, when I reflect how many other remedies I tried without experiencing anything but temporary relief. For my part, I shall always keep a supply of it in my house, believing as I do that it is a most invaluable family medicine.

DANIEL E. WILT.

SOLDIERS IN CAMP.—A military camp may be under the best sanitary regulation, and still not be without sickness. The disease incident to camp, aside from epidemics and fevers, are diarrhea, dysentery, and constipation of the bowels, caused by a change of diet, water, and general habits. By M'Bride's King of Pain gives immediate relief, and in all cases effects a cure, by regulating the bowels, and restoring the deranged functions. No soldier should be without a bottle.

For sale at the corner of Fifth and Market streets—Camp Curtis every morning from 9 until 12 o'clock. The Doctor can be consulted at Room No. 7, State Capital Hotel, morning, noon and evening.

We think Dr. M'Bride is right in recommending his King of Pain to the soldiers. It is certain to relieve them in less than five minutes of any disease they are liable to have in camp, more expressly the diarrhea, bloody flux or cramping pains in the bowels. To be had at the corner of Fifth and Market, at the office of the State Capital Hotel, or every day at Camp Curtis.
