MEDICAL.

ELECTRICITY. DR. WYETH and OREAMER, Eclectic and Electro-pathic physicians, respectfully offer their professional services in all the various branches of the profession. Special treatment of all acute and chronic forms of disease. The remedial system they employ in the treatment of disease consists of Mesmerism, Electro-Magnetism, the Swedish method of Localized movement, cupping, few Eclectic medicines when deemed necessary, and in fact all the natural curative agents that may successfully be brought to bear upon the disease. They do not wish to be understood as arrogating to themselves any superiority of professional skill, but they believe the remedial system they employ in the treatment of disease is superior to those generally employed by physicians, from the fact that they act in perfect harmony with the laws governing and controlling the human system. To this and the fact that they confine themselves to a particular path of system, they attribute their success in controlling disease. The principal agent they employ in the treatment of disease, namely, Electricity, is an agent wonderful in its phenomena and powerful in its effects for good or ill. It is an ever present, all-pervading principle, governing all things, from rolling worlds down to the invisible particles of gaseous matter. We see it in the lightning's flash and hear the manifestations of its power in the muttering thunder. It is the cause of all decomposition, reposition, and transformation. It excites motion. It is the exciting cause of life, growth, decay and death. It causes secretion, excretion, digestion. It lays hold of the crude food in the stomach, converts it into a state of fluidity, transmits it into arterial blood, and sends it on its important office of supplying nutriment according to the necessities of the body. It is the nerve vital fluid, the focus animating through which the mind acts upon the body. It is the cause of all disease except the first great cause, the Infinite Mind which created it and brought it into use. These may appear like mere assertions, but they are facts, and facts are not to be denied. It is to be wondered at that an agent so wonderful in its phenomena, so powerful in its manifestations and so intimately connected with all the operations of the human system, should be almost absolute in its power of controlling disease? Certainly not. It is a natural sequence and follows as surely as day follows night. Among the diseases which are found to yield readily to Electricity, in conjunction with proper adjunct treatment, may be mentioned the following: Insipient Consumption, Paralysis, Epilepsy, Hysteria and other Convulsions, Neuralgia, in its worst forms, Rheumatism, Inflammation and chronic; all diseases of the nervous system; Dyspepsia cured in a few minutes; all diseases of the urinary and genital organs; Female Diseases, Asthma, Piles and Protruded Anus; Amaurosis and all kindred affections of the eye; Aurosis, Strabismus, all skin diseases, &c. Persons calling will be told whether they can be benefited and no case taken where some relief cannot be afforded. Consultation free. Office, South Second street, below Chestnut, Harrisburg, Pa. Office hours from 9 to 12 A. M., 1 1/2 to 5 and 7 to 9 P. M. ALEX. B. WYETH, M. D., DR. J. MILTON OREAMER.

MEDICAL.

DR. JOHNSON, BALTIMORE LOCK HOSPITAL, HAS discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPRUDENCE. RELIEF IN SIX TO TWELVE HOURS. NO MERCURY OR NOXIOUS DRUGS. A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Jaundice, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Trembling, Dimness of Sight or Giddiness, Diseases of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels-these four principal diseases arising from the Solitary Habits of Youth-these secret and solitary practices more fatal to their victims than the song of Sirens to the Mariner of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN. Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entered listening Senate with the thunders of eloquence or walked to ecstasy the living lyre, may call with full confidence.

MARRIAGE. Married persons, or Young Men contemplating marriage, had better avoid physical weakness, organic debility, debility, &c., speedily cured. He who places himself under the care of Dr. J. may rest happily confident in his honor as a gentleman, and need not feel any uneasiness as to the safety of his wife.

ORGANIC WEAKNESS. Immediately cured, and full vigor restored. This distressing affection-which renders life miserable and marriage impossible-is the penalty paid by the victim of improper indulgence. Young men, who are tempted to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of progressive power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

OFFICE No. 7, SOUTH FREDERICK STREET. Left hand side going from Baltimore street, a few doors from the corner. Fall not to observe name and number. Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office. DR. JOHNSON, Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia, &c., where, he has effected some of the most astonishing cures that were ever known; many troubled with rings in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, wit, frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE. These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, general debility, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c. MARRIAGE. The fearful effects on the mind are much to be dreaded. The constant change of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced. YOUNG MEN. Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are slightly felt, even when alone, great nervousness, nervous marriage possible, and destroys both mind and body, should apply immediately.

INDORSEMENT OF THE PRESS. The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the Baltimore papers, and the PUBLIC for 25 years, have given him a standing as a gentleman of character and responsibility, a sufficient guarantee to the afflicted.
