ELECTRICITY.

DRS. WYETH and GREAMER, Eduction and Electropathic physicians, respectfully offer their professional services in all the various branches of the profession, for the treatment of all acute and chronic forms of disease.

The remedial means they employ in the treatment of disease consist of Magnetism, Calvanism, Electro-Magnetism, the Swedish meshod of Localized movement cure, a few Eductic medicines when deemed necessary, and in fact all the natural curative agents that may successfully be brought to bear upon the disease.

They do not wish to be understood as arrogating to themselves any superiority of professional skill, but they believe the remedies they employ in the treatment of disease far superior to those generally employed byphysicians, from the fact that they act in perfect harmony with the laws governing and controlling the human system. To this, and the fact that they confine themselves to no particular pathy or system, they attribute their success i controlling disease.

The principal agent they employ in the treatment of disease, namely, Electricity, is an agent wonderful in its phenomena and powerful in its effects for good or ill. It is an ever present, all-perviding principle, governing all things, from roiling worlds down to the invisible particles of gasseous matter. We see it in the lighting's flash and hear the manifestations of its power in the muttering thunder. It is the cause of all decomposition, recomposition and transformation. It excites all funtion. It is the excites all motion. It is the excites a controlling to the important office of supplying nutriment according to the impor

As Kunkel's Bitter Wine of Iron is the only sure and effectual remedy in the known world for the permanent cure of Dyspessia and Debitity, and as there are a number of imitations offered to the public, we would caution the community to purchase none but the gongine article, manufactured by S. A. Kunkel & Bro., and has their stamp on the top of the cork of every bottle. The very fact that others are attempting to imitate this valuable remedy, proves its worth and speaks volumes in its favor.

The Bitter Wine of Iron is put up in 75 cent and \$1 00 bottles, and sold by all respectable druggists throughout the country. Be particular that every bottle bears the ac simile of the proprietor's signature.

This Wine includes the most agreeable and efficient Salt of Iron we possess; Citrate of Magnetic Oxide comvined, with the most energetic of vegetable tonics, Yellow or avian bark. The effect in many cases of debility, loss of appetite, and general prostration, of an efficient Salt or iron, combined with our valuable Nerve Tonic, is most appy. It augments the appetite, raises the pulse, take off musculor dabbiness, removes the pallor of debility, and gives a florid vigor to the countenance.

Indeed, with out these, the journey through life becomes a weary pill grimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE.
When the misguided and imprudent votery of pleasure finds he has imbibed the seeds of this painful disease, too often happens that an illtimed sense of shame or the dread of discovery deters him from applying to those whe from education and respectability, can alone befriend him the falls into the hands of ignorant and designing pretenders, who, incapable of curing, flich his pecuniary substance, keep him trifling month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment.
