Do not use the drops when forbidden in the directions, for although a positive cure, and harmless at all other times, they are so powerful and finely calculated to adjust and govern the functions of the sexual erganism, that, if taken at improper times, they would produce results con trary to nature, against which all, particularly those wh ould reproduce, should carefully guard.

DISEASES OF EMPRUDENCE. RELIEF IN SIX TO TWELVE HOURS.

BALTIMORE

NO MERCURY OR NOXIOUS DRUGS

A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General De bility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity Tremblings, Dimness of Sight or Giddiness, Discusse of the Head, Throat, Nose or Skin, Affections of the Liver Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ectasy the living lyre, may call with full confidence.

MARRIAGE. MAISIACJE,

Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedly cured.

He who places himself under the care of Dr. J. may re ligiously confide in his honor as a gentleman, and confidently rely upon his exill as a Physician.

dently rely upon his skill as a Physician.

ORGANIC WEAKNESS

mmediately cared, and full vigor restored.

This distressing affection—which readers his miserable and marriage impossible—is the penatty paid by the victims of improper indulgence. Young persons are too app to commit excesses from not being aware of the direction consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and montal functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

OFFICE NO. 7, SOUTH FEEDERICK STREET.

Left hand side going from Baltimore street, a few door from the corner. Fail not to observe name and number. Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

DR. JOHNSON,
Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spen in the hospitals of London, Paris, Philadelphia and elsewhere, has effected soine of the most astonishing cures that were ever known; many troubled with ringing in the hoad and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately. DR. JOHNSON, TAKE PARTICULAR NOTICE.

TAKE PARTICULAR NOFICE.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, pelpitation of the heart, dyspepsia, ner vous irritability, symptoms of consumption, &c.

Mexyaldy.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured render marriago mpossible, and destroys both mind and body, shoulds ply a mediately.

Whath we had a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons were, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pil grimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE.

When the misquided and imprudent votery of pleasure finds he has imbited the seeds of this painful disease, too often happens that an illtimed sense of shame or the dread of discovery deters him from applying to those who from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretend era, who, incapable of curing, dich his pecualary subsance, keep him triding month after month, or as long at the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment or, by the use of the deadly poison, Mercury, hasten the constitutional symptement of this terrible disease, such as affections of the Head, hroat, Nose, Skin, etc., progressing the fightful rapidity till death, puts a period, to his ireadful sufferings by sending him to that undiscoveres country from whence no traveler returns.

INDORSEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical eperation performed by Dr. Johnson, witnessed by the reporters of the Stan, Citipper, and many other papers, notices of which have appeared again and again before the public, besides unis standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.
