is important that the different ward and town

poll committees on the day of the election, see

to it that the name of George F. Miller is not

confounded with that of William H. Miller.

We repeat, that this is a subject which de-

The utter inconsistency existing between the platform on which M'Olellan stands as a candidate for the Presidency, and his letter indicating his acceptance of the nomination, can only be appreciated when the conflicting FROM FORTRESS MONROE sentiments of both are contrasted. The Shenandoah Valley. THE BRILLIANT SUCCESS ON TUESDAY-PROMOTION OF GEN. TOBBERT FOR GALLANTRY. BALTIMORE, Sept. 15.-The American has

eccived the following : HEADQUARTERS NEAR BEBRYVILLE, Sept. 14. -A reconnoissance was made yesterday by General Wilson to within two miles of Win-chester, on the Winchester and Berryville pike, which resulted in the capture of the 8th South Carolina Infantry, numbering one hunlred and thirty-six men and sixteen officers, with their battle flag Amongst the officers captured was Colonel Hanigan, formerly commanding a brigade, but recently relieved by General Conner, who was sent from Richmond for that purpose. The 2d New Jersey Cavalry, Lieutenant Colonel Suydam com-

manding, are deserving of great credit for making a very gallant charge, which was in a measure instrumental in making the reconnoissance as successful as it was. Whilst this reconnoisance was going on, a detachment, consisting of Getty's division of

the 6th Corps, and one brigade of cavalry be-longing to the 1st Division, was sent out from Summit Point towards the Opequan. It was intended that this detachment should make a diversion in favor of Gen. Wilson. proceeded as far the Opequan, where they en-gaged the enemy's skirmishers. Two squadrons of the 2d Massachusetts Cavalry made a charge in which they captured one officer and ten men, belonging to the 5th Alabama, General Gordon's division. The result of the day's operations has been a glorious suc-cess, and reflects great credit on the General commanding. Our total loss will not exceed 16 wounded. General Torbert has been pro-

moted to be a brevet Major General for gall_{an}try in the field.

Isaac N. Arnold-To Speak in Harrisburg. There are few men in the country who have more steadily supported the cause of the Government, or more ably defended its interests in Congress, than Hon. Isaac N. Arnold of teering. It would be a glorious achievement Illinois. He is now on the stump doing good service; and during the campaign will speak at various points in the State of Pennsylvania. Arrangements have been made to seoure the presence of Mr. A. in this city on Monday evening, September 19th, when he will address the people of Dauphin county on the great issue involved in the contest to crush rebellion on the battle field and maintain the Government at the ballot-box. We hope that our friends in the various town ships in the county will at once make arrangements to give the gallant Illinoisan a glorious welcome.

re-nominated A. G. Olmsted for the Legislature. Mr. O. has already represented his district for two years in the House, during which he made a character as a legislator and won a reputation as a man of integrity, of the very highest order. John F. Jones, Treasurer; E-O. Austin, Commissioner; J. C. Thompson, A. S. Lyman, Commissioners, are the other nominees of the Union men of Potter county. The ticket will of course be elected by a handsome majority. State Central Committee, instead of being directed to Gen. Cameron, Harrisburg, should mittee, 1108 Chestnut stred, Philadelphia. States could all be defeated at the same time.

We have faith that this can be accomplished,

if the people unite for the effort. We are sat-

Gens. Grant and Sherman have both assured the country that the prompt re-enforcement of the armies in the field, will save the sacrifice of many valuable lives and overawe the remaining fagends of the rebellion into obedience. These gallant heroes have the best opportunity to know the condition of the rebel forces. Judging from the assurances which they have only recently given the country, we are led to infer that the armed elements of rebellion are almost exhausted, and that it requires only the steady support of the people of the North to put an end forever to treason in the South. These assurances musnot be unheeded. Now is the time to crush treason on the battle field and at the ballotbox. Acting in concert with the recommendations of Grant and Sherman, the President
