YOUNG MEN Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might etherwise have entranced listening Senates with the thunders of eloquence or waked to ectasy the living lyre, may call with full confidence.

ORGANIO WEAKNESS

mmediately cured, and full vigor restored.

This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and desith. DR. JOHNSON,
Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when saleep, great nervousness, being alarmed at sudden sounds, bashfulness; with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

TAKE PARTICULAR NOTICE.

These are some of the sad and melancholy effects produced by early habits of youth, vi: weakness of the back and limbs, pains in the head dimness of sight, loss of miuscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, ovil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, shouldapply! in mediately. Whata was that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a cortain secret habit. Such persons aver, before contemplating

MARRIAGE, MARKIACLE,
Reflec (that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE. DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds he has imbited the seeds of this painful disease, too often happens that an liltimed sense of shame or the dread of discovery deters him from applying to those who from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing protenders, who, incapable of curing, filch his pecuniary substance, keep him trifling month after month, or as long as the smallest fee can be obtained, and in despair leave him with rained health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, fasten the constitutional symptoms of this terrible disease, such as affections of the Head. I broat, Nose, Skin, etc., progressing with frightful rapidity till death puts a period to his dreadaly sufferings by sending him to that undiscovered country from whence no traveler returns.

INDORSEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical eperations performed by Dr. Johnson, witnessed by the reporters of the Sun, Chipper; and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.
