All these men will vote the copperhead ticket, and our friends should be on the alert. They can assist their country materially by giving proper information which will lead to their arrest. We repeat again, therefore, "WATCH THE POLLS

The Mutual Influences of a Victory in the Field and at the Ballot-box.

If anything were wanting to prove the identity of one political party of the North with the cause of freedom, the cause of the Gov ernment, and the principle of equality, and the other with the cause of treason, slavery and anarchy, it would be supplied by the relations which those parties now hold to the war .--Those relations are as plain as the cause of treason and loyalty; and they will be controlled by the result of the battle now being or about to be waged before Richmond. If ham Lincoln will be triumphanily re-elected. IF THE REBEL ARMIES SUCCEED IN DRIVING BACK THE BRAVE MEN WHO ARE NOW BELEAGURING RICHMOND, GEORGE B. MCCLELLAN WILL STAND & FAIR CHANCE OF BECOMING THE PRESI-DENT OF A PERMANENTLY DIVIDED UNION. We certainly need offer no plainer proof of the identity of the two great parties about to contend for power at the ballot-box. The supporters of McClellan do not pretend to conceal their fear that a victory of the Federal forces will prove the overwhelming defeat of McClellan; while on the other hand these tories free ly admit that the success of the Army of the Potomac will be tantamount to the triumph of the Administration of Abraham Lincoln. And in like manner as the success or defeat of the arms in the field, will influence the efforts of loyal men at the polls, so will the result at the ballot-box largely control the operations of our soldiers. The rebels have but one hope of permanent success. IT IS CENTERED IN THE SUCCESS OF GEORGE B. MCCLELLAN .--IN FACT THE HOPES OF THE REBEL CAUSE ARE LODGED IN THE RESULT OF THE OCTOBER AS WELL AS THE NO-VEMBER ELECTION, BECAUSE IF THE FRIENDS OF THE CONFEDERACY, AS THEY ARE REPRESENTED IN THE DEM OCRATIC LEADERS, SUCCEED AT THE OCTOBER, THEY WILL THEN LAY THE FOUNDATION OF A TRIUMPH IN NOVEM-BER! Let every true lover of his country seriously ponder the political and military sitnation as it is presented in these facts. There is no dodging these truths. They impress all men alike, those who are in the army contending with armed traitors, and those who are at home struggling with the unarmed, cunning, ignorant, desperate allies of treason, that the duty is mutual, that the blows of the ballot and the bullet must fall together, if we desire to rid the land of its enemies. Hon. John Scott on the Stump. One of the largest and most effective mass meetings of the campaign, was held in Johnstown on Saturday last. Hon. JOHN SCOTT, of Huntingdon, delivered a very eloquent and powerful speech, in which he vindicated the acts of the Administration from a Democratic stand point, and denounced the Chicago Platform as an unconditional surrender to the rebels. Mr. Scott is widely known throughout the State as an able lawyer and distinguished patriot, and the country owes him a debt of gratitude for his support in this crisis. We are glad he has made his position known, as he has been widely reported as in favor of M'Clellan,

people the character of the men whom the copperheads claim as having changed from the Union party, abandoning Mr. Lincoln to support McClellan. The names given in the copperhead organs are, four-fifths of them, unknown to the country, and are no doubt collections from the tomb-stones of localities beyond which it was designed to give them to the people. The cops must try some other cheat, if they desire to win at the polls. Nothing but a victory by Lee will afford Mc-Clellan any show of success.

## The Party of Surrender.

The copperheads and Democrats are proposing, in the coming Presidential campaign, to conjure with the word "Peace." Availing themselves of the hardships, discontents and high prices incident to the war, they hope to by spreading the impression that we cannot have peace under Mr. Lincoln, and by promising it, more or less explicitly, under some other candidate. The plan is well devised, and the fathers of it probably could not place themselves on any stronger basis. But it would be a pity, indeed, if any such wretched sophistry could succeed. There is no man in the country, probably, more heartily desirous of peace than Mr. Lincoln-unless it be General Grant or General Sherman. The loyal people of this country are and, throughout the war, have been eager for peace. What then is meant by the copperhead or Democrat when he calls himself a friend of peace? He means, if he means apything in particular, that he is in favor of conceding to the rebels the right of secession, or of laying down arms like the king of Denmark and making such terms as we can with the enemy. Mr. Lin coln, on the other hand, is in favor of compelling the rebels to lay down their arms, and of forcing them to make such terms as they can with us. One advocates peace through surrender, the other advocates peace through victory. Both are peace men, seeking a common object by the use different means. If the party of Mr. Lincoln is to be called the warparty-designating it by the means which it advocates to secure peace-then the copper-heads and Democrats should be called, not the peace-party, but the surrender party. POLITICS IN THE ABMY .- One of the griev ances of which the copperheads are constantly complaining, is in reference to the introduction of politics in the army. We would like to know how the introduction of politics in the army is to be avoided, while incidents like the following are of daily occurrence.--Sergeant Matthew Ryan, of the New York One Hundred and Twenty-second, writes to a friend at Syracuse, that during the skirmishing of our regiment and other troops at Opequan Creek, when our party would drive the rebels or gain any advantage, they would cheer lustily, and the name of Lincoln being taken by our troops, the rebels set up equally enthusiastic cheering for McClellan. The copperhead leaders of the North have themselves to blame for the introduction of politics in the army, according to the account just quoted

The true Christian never seeks the blood of his o-man. Thou shalt not commit murder."

What do they signify? these infamous disciples of Davis, Breck- received: dge, & Co. mean to imply that our brave patriotic soldiers are BLOODY MURDERERS ! ! ked traitors who seek the destruction of trenched on both sides of the river. ked traitors who seek the destruction of beneficent government?
