

NATIONAL UNION TICKET.

FOR PRESIDENT, Abraham Lincoln, OF ILLINOIS. FOR VICE PRESIDENT, Andrew Johnson.

What We Want to Make our Success Through and Complete in November.

The people of Pennsylvania are as loyal today as when they rushed to arms, with a mighty and an irresistible power, at the first assault on the Government. On a direct issue, affecting the safety of the Union, such as will be involved in the November election, we believe that at least two-thirds of the people of Pennsylvania will stand firmly by the Government, and vote for the re-election of Abraham Lincoln.

A Copperhead Fraud to get Soldier Votes

One of the returned Commissioners who was in the army to procure the votes, has presented us with a printed copy of a receipt issued by the Treasurer of Bedford county. How in the name of common sense can men who have spent thousands of dollars to prevent the passage of a law to enable soldiers to vote, turn around and express the least friendship for them when we are unable to discern.

DEAR SIR:—Inclosed find tickets for you and your friends.

The loyal citizens of Bedford had better examine the books of the county Treasurer, and ascertain how much tax has really been returned. The army has been flooded with similar receipts, and it is an easy matter to have them printed to be used as DUPLICATES. Thousands have been used in order to defeat General Koontz for Congress on the soldier vote.

A Word to our Adopted Fellow-Citizens.

None know so well the difference between a free and a despotic Government, than those who have suffered the oppression of the one and enjoyed the beneficence of the other. Such as these will vote understandingly in November, and therefore every adopted citizen who goes to the ballot box to oppose the Government by his vote, runs the risk of either making himself an emigrant from the home of his adoption, or will remain to endure the oppression to escape which he left the home of his birth.

SALMON P. CHASE seems to be the choice of the whole country for the Chief Justice of the United States Supreme Court, now vacant by the death of Mr. Taney.

Mr. Chase is a jurist of undoubted ability, and has so conducted himself as a statesman and a patriot, as to deserve this the most lasting honor in the bestowal of the President. We sincerely hope that the appointment of Chief Justice may fall upon Salmon P. Chase.

The Soldiers' Vote.

There is nothing so annoying to the copperheads, as the certainty that the result of the election in favor of the Government is entirely attributable to the vote of the soldiers. The soldier in the field, pausing only for a moment in his brave struggle with armed traitors, struck a blow with his ballot that has laid low, in eternal political death, every secret, conspiring, sneaking, cowardly traitor in the free States.

The soldiers in the field, in the hospital, or on furlough at home, have long since been convinced, that the Democratic leaders would, had they the power, degrade them below the level of the negro slave. If any have doubted this, the action of the Democratic leaders since the late election will convince them of its entire truthfulness.

Gen. Logan on Pendleton.

There have been a great many truthful and sharp things said respecting this "familiar friend" of the Great Apostle of Peace, but nothing more pungent and forcible than has fallen from his former colleague in the House, that gallant soldier and distinguished Democrat, the devoted friend of Judge Douglas, Major General John H. Logan.

REBEL FINANCES.—The Richmond Enquirer, of Saturday last, has a leading article on the condition of the rebel finances, which opens in the following lively strain:

"Money has ceased to be a standard of value in the confederacy. The promissory notes of the Government cannot buy supplies or labor. Great manufacturers hold out such inducements to purchasers who will pay in products, that even the stringent orders of the War Department forbidding detailed farmers to barter their crops for indispensable machinery, have become powerless. Mechanics refuse to work for anything but provisions. Teachers demand a pittance in eatable or a small fortune in Treasury Notes. Worst of all Government itself offers an immense premium on all taxes paid in kind by assessing provisions furnished for that purpose at the highest market rate. It floods the country with certificates of debt," etc.

From Washington.

The Secretary of War has gone to City Point, accompanied by the Quartermaster General, Commissary General and Surgeon General, to confer with Gen. Grant upon the war estimates for the ensuing year. It is believed that by the transfer of the seat of War to the cotton States, a considerable reduction of expenditures may be made, especially in the forage and subsistence departments.

private citizen of Ohio, was a very earnest friend and political supporter of Douglas. During the Presidential canvass between the latter and Mr. Lincoln, Mr. Steadman, in a private interview, asked him what he thought of Mr. Lincoln.

"Sir," replied Douglas, "Lincoln is an honest and a fearless man." Will all true Democrats consider this opinion of their former chief in connection with his public statement that there could be but two parties in this crisis—one for the government and the other against it? There is no doubt how Douglas would vote were he living. Can any loyal Democrat be false to his memory and vote for the party against the Government and against the Union?

Address of the Union State Central Committee.

Pennsylvania Against Dishonorable Surrender.

ROOMS OF UNION STATE CENTRAL COMMITTEE, 1105 CHESTNUT STREET, Oct. 14, 1864. The returns of the late election, now in the possession of this Committee, enable it to announce that Pennsylvania has decided against all armistices, and attempts at peace, until rebellion is broken and treason disarmed. True to its past history, the Keystone State arrays herself by the side of Ohio and Indiana, and proclaims to the world her confidence in an Administration true to the Union of the States, and her intention to sustain that Administration in power until the Union is restored. The Union party has carried the State, gained three members of Congress, and elected a majority of both houses of the Legislature, on the home vote, and the soldiers' vote as far as received indicates the gain of two more members of Congress, and a clear Union majority of fifteen thousand votes.

THE ELECTION IN INDIANA.

Gov. Morton's Majority 20,000. The following dispatch from Gov. Morton, was received this afternoon by Gov. Curtin.

Gov. A. G. Curtin.—We have eight members of Congress, being a gain of four (4) Lower House of the Legislature is decidedly Union. The Senate a tie, or probably Democratic by one (1) or two (2) members. My majority is not less than twenty thousand (20,000), and the prospect is that it will be a few thousand more.

The independent candidate for Sheriff has 302 majority on the home vote. The Union Assemblyman and the county ticket is elected without opposition.

INDIANA COUNTY.

GUERRILLA OUTRAGES IN MARYLAND.

The Citizens Driven out of Poolesville.

A BAND REPORTED ACROSS THE MONOCACY. WASHINGTON, Oct. 15. Information has reached here, that yesterday afternoon about 100 of White's guerrillas crossed at a ford of the Potomac six miles above Edwards' Ferry, and advanced to Poolesville, Md., where they drove out the citizens and committed much damage.

From Washington.

WASHINGTON, Oct. 15. The Secretary of War has gone to City Point, accompanied by the Quartermaster General, Commissary General and Surgeon General, to confer with Gen. Grant upon the war estimates for the ensuing year. It is believed that by the transfer of the seat of War to the cotton States, a considerable reduction of expenditures may be made, especially in the forage and subsistence departments.

point near Kearneysville, between Harper's Ferry and Martinsburg, when the locomotive, in consequence of the removal of a rail, ran off the track, and the cars were soon brought to a halt. The ground on each side of the track was quite level, and the engine was neither upset nor injured.

The passengers were considerably alarmed, and were soon informed of the real state of affairs; for the rebel Mosby appeared, accompanied by a mounted force estimated at from 100 to 200, who commenced robbing the passengers, among whom was Mr. Louis M. Cole, general ticket agent of the company, who was proceeding West on important business. From him they took all he had—namely \$19 and a gold watch.

Many of the passengers lost their watches, the contents of their pocket books, and their boots and hats. There was a company of emigrants, 40 in number, who did not lose anything, for the reason that their baggage had been left in this city.

After the thieves had completed their depredations they ordered all the passengers out of the train, and, after burning the train, remounted and dashed off. The burned cars contained the remains of a soldier on his way to his relatives. The contents of the mail are not known. None of the employees of the company were injured except the engineer and fireman, who are reported to be badly scalded.

Detachments of cavalry are in pursuit of the guerrillas, but no tidings have yet been heard from them. The road was not injured, and the trains are now moving as usual.

MISSOURI.

PRICE'S INVASION—PILLAGE AND ARSON—PRICE COMES TO REDEEM THE STATE—PILOT KNOB AGAIN IN OUR POSSESSION. St. Louis, Oct. 14. Price's headquarters are still reported at Booneville. Shelby and General John B. Clark, son of the former Congressman of that district, are north of the Missouri, pillaging and despoiling. Our forces have evacuated Fulton, Sturgeon, Huntsville, Glasgow and Fayette, and are concentrating at Mason City.

Clark's men occupied Glasgow and robbed Fulton. Price made a speech at Booneville, stating that he came to Missouri to redeem the people of that State. It was the last effort in their behalf, and if they would rally to his standard all would be well, and he would remain with them. If not, the Confederacy would not again offer them an opportunity for redemption over their woes.

A dispatch from Major Williams, of the 10th Kansas regiment, says he had taken possession of Pilot Knob and the surrounding region. He found two hundred and fifteen wounded rebels there, including twenty-six commissioned officers. The evident conclusion is that the rebels lost over fifteen hundred killed and wounded in their attack on Pilot Knob. Nearly \$300,000 worth of goods were taken from the stores in Pilot Knob. General Rosecrans has issued stringent orders for the government of the coming election.

DEATH OF COLONEL SANDERSON—ROSCREANS AT JEFFERSON CITY.

St. Louis, Oct. 14.—Colonel J. P. Sanderson, of the 13th regular infantry, and Provost Marshal General of the Department of Missouri, died at noon to-day. General Rosecrans reached Jefferson City last night, but we have no definite news of the enemy.

At the last accounts Price's train was on the Cannon river, with his main force near by; but whether he would move westward or southward was unknown. Tobacco is active and higher. Cotton dull. Good ordinary 86c. Flour dull and lower. Superfine 77 1/2@85. Single extra \$9.50. Corn firm and higher; sales at 62@61 1/2. Oats firm at 91@92c.

Markets by Telegraph.

There is a farmer holding in the breakfast market, and we advance our figures for all descriptions. There is more demand for flour; 2,500 bbls were disposed of at \$9 75@10 25 for low good and good extra; \$10 75@12 00 for extra family. The receipts are very small. In rye flour and corn meal nothing doing. Wheat has advanced 5 cents per bushel; sales of 4@5,000 bushels red at \$2 15@2 20, and Penna at \$2 25; for Southern, a lot of Kentucky white at \$2 50. In rye nothing doing; rye is nominal at \$1 60. Corn is in better demand, and it has advanced 2 cents per bushel; sales of yellow at \$1 65. Oats range from 80c to 84c. 1,000 bushels barley sold at \$2 00. In groceries and provisions nothing doing. Petroleum is firmer. Sales of crude at 35@36c; refined at 60@62c, and free at 75@80c. Whisky is dull at \$1 77@1 80.
