DISPERSIAL DISPERSIAL DISPERSIAL Dr. WISHARY-I have been a constant sufferer with Dyspopsis for the last eighteen years, during which time I cannot say I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed it would be a great re-lief to die. I had at all times an unpleasant feeting in my head, but latterly my sufferings so much increased that I became aimost undifor business of any kind; my mind was contucually filled with gloomy thoughts and fore-bodings, and if I attempted to change their current by reading, at nece a sensation of icy coldness in connection with a dead weight, as it were, rested upon my brain; also, a feeling of sickness would occur at the stomach, and great pain to my eyee, accompanied with which was the with a dead weight, as it were, rested upon my brain; also, a feeding of sickness would occur at the stomach, and great pain to my eyes, accompanied with which was the continual fear of losing my reason. I also experienced great fassitude, debifity and nervousness, which made it difficult to walk by day or sleep at night. I became averse to society, and disposed only to seclusion, and having tried the skill of a number of seninest physicians of various schools, fauly came to the conclusion that, for this disease at my present age (45 years) there was no cure in existence. But, through the interforence of Diving Iruviolance, to whom I devoaily offer my thanks, I at last found a sovereign remedy in your Dyspepsis.
