SOLDIERS READ! The following letter from a soldier, in reference to the efficacy and powerful restorative qualities of Dr. McBRIDE'S KING OF PAIN, speaks for itself: NEWVILLE, COMMERCE COUNTY, Sept. 14, 1864.

Messrs S. A. Kunkel & Bro., druggists, Harrisburg, Pa.: Gents— I would inform you that I received the bottles of McBRIDE'S KING OF PAIN, and enclosed, please find five dollars more, for which send me five bottles additional to-morrow. I leave for camp to-morrow. Let me know whether you can supply me with it. It is the only medicine I have used for several years, and I have been in very bad health for upwards of four years, and two of the one-dollar bottles have cured me completely, and have made me feel like a new man. I have cured a number of my comrades of various diseases incident to camp life, and on recommendation it is the best medicine the soldier can procure for himself. Yours respectfully, J. OS E WHITE.

All orders from a distance promptly attended to by S. A. KUNKEL & BRO.

A HOME CERTIFICATE. The following certificate is from a well-known citizen of Harrisburg: HARRISBURG, Aug. 30, 1864.

To THE PUBLIC—It gives me the pleasure to recommend to the public the medicine prepared by DR. J. J. McBRIDE, which he calls the "KING OF PAIN." I was induced to use it as an external remedy for a neuralgia, which it relieved immediately, and subsequently cured entirely. Its success induced me to use it internally for Diarrhoea, with which I was afflicted in a chronic form for nearly eighteen months, and to such extent that my kidneys were seriously deranged. The medicine has cured me, and certainly that is saying a great deal in its favor, when I reflect how many other remedies I tried without effect. I shall always keep a supply of it in my house, believing as I do that it is a most invaluable family medicine. DANIEL E. WILT.

The unexampled sale of this medicine proves it to be the most wonderful discovery of the age in the medical art.

The undersigned are the sole agents for the State, and will supply it wholesale and retail. S. A. KUNKEL & BRO., Druggists, 115 Market street, Harrisburg.

DYSPEPSIA, DYSPEPSIA, DYSPEPSIA.

I, ELIZABETH BRANSON, of Brandywine, Pa., formerly of Old Chester, Del., do hereby certify that for one year and a half I have suffered from Dyspepsia. My whole system was prostrated with weakness and nervous debility; I could not digest my food; if I ate even a cracker or the smallest amount of food, it would return just as I swallowed it; I became so costive in my bowels that I would not have a passage in less than four and often eight days; under this immense suffering, my mind seemed entirely to give way. I had a dreadful horror and dread of food, I thought everybody hated me, and I hated everybody; I could not bear my husband nor my own children, everything appeared to be horror-stricken to me; I had no ambition to do anything; I lost all my love of family and home; I would ramble and wander from place to place, but could not be contented; I felt that I was doomed to hell, and that there was no heaven for me, and was often tempted to commit suicide, so many were my whole nervous system destroyed, and also my mind from that awful complaint, Dyspepsia, that my friends thought best to have me placed in Dr. Kirkbride's hospital, West Philadelphia; I remained there nine weeks, and thought I was a little better, but in a few days my dreadful complaint was raging as before. Hearing of the wonderful cures performed by Dr. Wishart's Great American Dyspepsia Pills and treatment for Dyspepsia, my husband called on Dr. Wishart and stated my case to him. He said he had no doubt he could cure me. So in three days after I called and placed myself under the Doctor's treatment, and in two weeks I began to digest my food, and felt that my disease was fast giving way, and I continued to recover for about three months, and at the present time I enjoy perfect health of body and mind, and credit sincerely return my thanks to a merciful God and Dr. Wishart, and to his great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an Insane Asylum and premature grave. All persons suffering with Dyspepsia are at liberty to call on me or write, as I am willing to do all the good I can for suffering humanity. ELIZABETH BRANSON, Brandywine, Del., formerly of Old Chester, Delaware county, Pa.

DYSPEPSIA! DYSPEPSIA!

DR. WISHART— I have been a constant sufferer with Dyspepsia for the last eighteen years, during which time I cannot say I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed it would be a great relief to die. I had at all times an unpleasant feeling in my head, but lately my sufferings so much increased that I was almost unable to pursue my business. My mind was continually filled with gloomy thoughts and forebodings, and if I attempted to change my current by reading or any other means, I was immediately oppressed with a dead weight, as it were, rested upon my brain; also, a feeling of sickness would come over the stomach, and great pain to my eyes, accompanied with what I now call a constant fear of losing my reason. I also experienced great lassitude, debility and nervousness, which made it difficult to walk by day or sleep at night. I became a nervous, timid, and disposed only to solitude, and having tried the skill of a number of eminent physicians of various schools, finally came to the conclusion that, for this disease, I had no remedy, and that there was no cure in existence. But, through the interference of Divine Providence, to whom I devoutly offer my thanks, I at last found a sovereign remedy in your Dyspepsia Pills and Tar Cordial, and in a few days I was able to resume my usual mode of life, and in their place health, pleasure and contentment are my every-day companions. JAMES M. SAUNDERS, No. 453 North Second street, Philadelphia.

A POSITIVE CURE FOR DYSPEPSIA.

HEAR WHAT MR. JOHN S. BARBOOK SAYS. Philadelphia, January 22, 1863.

DR. WISHART— Sir— It is with much pleasure that I state to you that, by the use of your great American Dyspepsia Pills, I have been entirely cured of that most distressing complaint, Dyspepsia. I had been grievously afflicted for the last twenty-eight years, and for ten years of that time have not been free from my pain one week at a time. I have had it in its worst form and have dragged on a most miserable existence—in pain day and night. Every kind of food that I ate filled me with wind and pain, it mattered not how light, or how small the quantity. A continued belching was sure to follow. I had no appetite for any thing, and I was unable to sleep. I was so weak that I could not walk with wind and pain, it mattered not how light, or how small the quantity. I frequently wished for death. I had taken everything that I had heard of for dyspepsia, without receiving any benefit; but as your Pills being recommended to me by one who had been cured by them, I concluded to give them a trial, although I had a fair trial of your Pills, and I found that they were getting better before I had taken one-fourth of a box, and after taking half a box, I was a well man, and could eat anything I wish, and enjoy a hearty meal three times a day, without feeling any pain from anything I eat or drink. If you think proper, you are at liberty to make this public and refer to me. I will cheerfully give all desirable information to any one who may call on me. JOHN S. BARBOOK, For sale at Dr. Wishart's Medical Depot, No. 10 North Second street, Philadelphia, Pa. Price One Dollar per box. Sent by mail, free of charge, on receipt of money.

DYSPEPSIA! DYSPEPSIA!

I, Samuel D. Haven, have been a great sufferer with Chronic Dyspepsia and Inflammation of the Kidneys for three years. I employed three or four of the most eminent physicians of Philadelphia, and of Burlington county N. J. They did all for me they could, but all to no purpose. I was constantly filled with awful pain and distress, and with constant belching of wind and sour acid. My tongue was covered with a white coating of mucus, which I could not get rid of. I was so weak that I could not walk, and I was so nervous that I was dreadfully sore! I at last wished for death to relieve me of my sufferings, for I had lost all hope of ever being well again. I made it subject of prayer to God that he would direct me to some physician or medicine that would cure me. I was told to read an advertisement of

MEDICAL. DYSPEPSIA. A Cure Warranted.

Dr. Wishart's in the Philadelphia Ledger, of a great cure made upon Mr. John Babcock, of 1023 Olive street, Philadelphia, by the great American Dyspepsia Pills. I went to the Doctor's Office, and placed myself under his treatment, and told him if he failed to cure me, it would be the last effort I would make. It has been six weeks since I commenced the use of his medicine, and I am now a well man, free from all pain and distress, and eat three hearty meals a day with comfort, and feel perfectly well. Dr. Wishart, I want you to publish my case, as I want every poor dyspeptic sufferer as I was, to call on me, and I will tell them of the great cure I have received from your invaluable medicine. SAMUEL D. HAVEN, Corner Venango and Lambert streets near Richmond street, formerly from Wrightstown, Burlington county, N. J.

The above are a few among the thousands which this great remedy has saved from a premature grave. We have thousands of letters from physicians and druggists who have prescribed and sold the Tar Cordial, saying that they have never met or sold a medical which gave such universal satisfaction. Prepared only by the proprietor, M. M. R. Q. WISHART, No. 10 North Second street, Philadelphia, Pa. Sold by Druggists everywhere. 8m/13-103-d-4w

EVENING EDITION. From the Alleman Pencibles.

HEADQUARTERS, ALLEMAN PENCILLES, FORT SEDGWICK, IN FRONT OF FENNERBERG, VIRGINIA, Oct. 15.

Editor Telegraph.—In a former squib I informed you that as soon as circumstances would admit I would write to you again. Every thing being quiet in Fort at this time, I will therefore fulfil my promise.

After receiving our arms and accoutrements at Camp Cedarvale, Philadelphia, we were ordered to Baltimore, where we arrived safely. The boys predicted a pleasant time in the Monumental city, but in this they were disappointed; orders came that we were to embark aboard the steamer Thomas Colyer for City Point, where we arrived on Sunday morning after sun rise, and for the first time some of us tread the sacred soil of the Old Dominion.

City Point is a pleasantly located village in the forks of the James and Appomattox rivers. A heavy Government business is done here. We met quite a number of acquaintances, among them Capt. Whitman of Halifax, and James Jeffries of Harrisburg, who have a nice thing of it in Uncle Sammel's Quartermaster's department. Well, we even there felt pretty well reconciled to matters, but, horror of horrors! Judge of our surprise and dissatisfaction when we were ordered to the front. Like good patriots we shouldered our traps, took the cars, and long before we reached Hancock Station we heard the booming of cannon, and the sharp crack from the rifle of the sharpshooter. Of course there were visible some long faces. We concluded a fierce battle was raging, but such was not the case. Only a trial of skill in artillery duel and sharpshooting practice—using human beings as targets. After moving cautiously and keeping ourselves well under cover of the entrenchments, we arrived safely in quarters, and immediately set to work in erecting bomb-proof domicils for our better security.

Shelling and sharp-shooting are practiced pretty extensively day and night, so that drilling with us, is almost out of the question, unless we march a considerable distance to get beyond the range of shells and bullets. Yesterday we were out on drill, and the manner in which Captain Detweiler put us through the manual elicited the highest praise from the military characters present, who expressed great surprise that Governor Curtin had not commissioned him Colonel of a regiment. I understand his resignation was accepted, and now, as Captain of the Alleman Pencibles, has won high opinions from his fellow-officers in the fort, as well as those in adjacent camps, and should a Colonel's vacancy occur, I cannot see why he should not be promoted.

Change of diet and bad water has sickened some of our men, several of whom are in hospital. But hopes are entertained that in a few days they will be able to do duty. We understand that efforts are being made at home to have taken from the front and attached to some regiment. As yet we are unattached. We hope that such may be the case. Although we are all willing, in the glorious cause of our country, to do or die, yet we believe we have not been fairly dealt with in rushing us front green as we are, whilst older commands have been lying idle for a number of months at other posts. All we ask of the War Department is a chance and fairness, and you can rely upon hearing a good report from the Alleman Pencibles.

The following have been appointed corporals for the company: John A. Burger, George T. Trail, Joseph M. Brubaker, Theo. Zimmerman, Thos. W. Jones, Levi Frank, John A. Pauls and Charles W. Spire. H. R.

PRESERVATION OF THE TEETH.—Horace Walpole says ("Letters," vol. iii. p. 276): "Use a little bit of alum twice or thrice in a week, no bigger than half your nail, till it has all dissolved in your mouth, and then spit it out. This has fortified my teeth, that they are as strong as the pen of Junius. I learned it of Mrs. Grosvenor, who had not a speak in her teeth till her death." Do not let your brushes be too hard, as they are likely to irritate the gums and injure the enamel. Avoid the frequent use of tooth powder, and be very cautious what kind you buy, as many are prepared with destructive acids. Those who brush their teeth carefully and thoroughly with tepid water and a soft brush (cold water should never be used, for it chills and injures the nerves) have no occasion to use powder. Should any little incrustation (tartar) appear on the sides or at the back of the teeth, which illness and very often the constant eating of sweet meats, fruit, and all made dishes containing acids will cause, put a little magnesia on your brush, and after two or three applications it will remove it. While treating on the care of teeth, which is a subject of the highest importance to those who have young families, and in fact every one who wishes to preserve them, I beg to remind my readers that as the period generally occupied by sleep is calculated to be about (at least) six hours out of the twenty-four, it would greatly promote the healthful maintenance of the teeth, were the hours of sleep greatly increased. If we were to establish a habit of cleaning them with a soft brush before going to bed. The small particles of food clogging the gums impede circulation, generate tartar and carries, and affect the breath. Think of an amalgamation of cheese, flesh, sweetmeats, fruit, &c., in a state of decomposition, remaining wedged between our teeth for six or seven hours; yet how few ever take the trouble to attend to this most certain cause of toothache, discoloration, and decay, entailing the miseries of searing, plugging, extraction, and the crowning horror—false teeth!

Sir ROBERT PEEL, speaking of Lord Eldon, said that even his fallings leaned to virtue's side, on which a gentleman in company observed that they must have been like the leaning tower of Pisa, which in spite of its inclination had never yet gone over.

HOW SHERMAN'S SUCCESS OPERATES IN ENGLAND.

THE SLAVE QUESTION IN AMERICA.

The Late Prize Fight.

New York, Oct. 18. The steamer Scotia has arrived, with Liverpool advices to the 9th inst. The steamer Standrow arrived out on the 8th and the Arabia on the 9th.

There was continued uneasiness in the financial and commercial circles in England. The unfavorable bank reports, showing a heavy fall in the reserve of notes, dispelled all hope of a reduction in discount, and led to apprehension of a possible further rise. The funds are heavy and drooping, and the demand for money active. The Bank of Berlin has advanced its rate of incomes from 6 to 7, and the Bank of Holland from 6 to 6 1/2. The failures of John Gladstone and Co., merchants of Liverpool; John Catto, paper dealer, of London; Patrick Thompson, ship baker, of London, and others are announced.

The continued successes of Sheridan give great satisfaction to the friends of the north, and much discouragement to secessionists. The rebel loan fell to 56, but rallied to 58. The Army and Navy Gazette says it is plain to all that these are dark days for the south, but it thinks there is still a good deal of fight in the Confederacy.

At the recent meeting of the International Association for the advancement of social science at Amsterdam, 160 members signed an address to President Lincoln, applauding his perseverance against slave-holders, and encouraging him to persevere in the holy cause of liberty, which they feel sure must triumph.

Bel's Life says that neither Mace nor Coburn can claim the stakes, and all bets are off. It recommends Coburn to accept Mace's challenge to fight in England, and proposes that they either toss for a referee, or that four gentlemen of the press select one for them. It says it was clearly Coburn's fault for not observing secrecy. Archbishop Collean had issued a letter to the Irish clergy denouncing the fight.

Mr. Mercier, the French minister at Washington, has been transferred to Madrid, and Mr. Chateaubriand, appointed to Washington. The London Times, in an editorial on Sheridan's second defeat of Early, says it will inconceivably strengthen Lincoln's political position.

The weekly returns of the bank of France show a decrease in cash of 11,500,000 francs. The house was lower; rentes 65 1/2 cts. There are various statements as to the progress of the Vienna Conference, but nothing intelligible or reliable. The 8th was another dull day in commercial circles, but no additional failure transpired.

A Madrid telegram says the recall of Admiral Pinzon from the Pacific has been decided upon. Measures are also adopted for the future command and destination of the Pacific Squadron.

A Melbourne telegram of the 25th of August, says there are indications of a probable peace in New Zealand.

AN INSTANCE OF COPPERHEAD HEROISM.—A shameful outrage was perpetrated upon the family of Mr. George Geiger, at Mahanoy city, on Tuesday evening last. Mr. Geiger is a Democrat, but had been active in the polls, during the day, in favor of Colonel Calk. For this, the copperheads determined to have revenge; and accordingly a gang of about fifty of them went to his house, and not finding him at home, they took the crutches from his son, a badly wounded soldier, and beat him shamefully with them. His aged mother attempted to intercede for him, when they set upon her, and beat her also. They then went out to a shed, and beat a cow almost to death. Comment upon this cowardly outrage is unnecessary—fifty full grown copperheads making a charge upon an old woman, a cripple, and a cow! but if these are the kind of chaps who are going to make our streets run with blood, when President Lincoln is re-elected, why don't they think there is much cause for alarm. Two brothers, who sound cover for trial, one of them is a member of the Borough Council. We are sorry we were unable to learn the scoundrel's name.

Col. JOHN P. SANDERSON, former editor of the Philadelphia Daily News, died in St. Louis on Friday last. He was a native of Lebanon county. In 1856 he was Chairman of the American State Central Committee. When President Lincoln was inaugurated, Mr. Sanderson became Chief Clerk of the War Department, under Secretary Cameron, and on the 11th of May, 1861, he was appointed Lieutenant Colonel of the 15th regiment of infantry, U. S. A. Within a year he has been promoted to a Colonel's rank, and has been acting as Provost Marshal General of Missouri. To his efforts the exposure of the Knights of the Golden Circle in that State is due.

SHOCKING ACCIDENT.—Mr. John Boon, an old and esteemed citizen of Charters township, Washington county, on Friday last, met with an accident which resulted in his death. It appears that he had a threshing and cleaning machine in operation at the time, and was engaged in measuring up the grain as it came from the machine, when some part of his clothing being caught by the tumbling shaft, which revolves at a very rapid rate, he was whirled around at a frightful speed and killed almost instantly.

A Boston paper says there are now one hundred and sixty suits for divorce upon the docket of the Supreme Court in that city. Some of these are old cases, and probably will never be settled, to whom
