

The Vote of the Soldiers.

The following is the vote of the Pennsylvania soldiers now doing battle for the country under the lead of the gallant Sherman. It will be seen that there is some difference in the support given to the candidates for the Presidency:

Table with columns for candidate names (Lincoln, McClellan) and vote counts for various regiments and units.

The following is the vote of the Ohio soldiers in the same army. It is even more decided than that given by our own soldiers:

Table with columns for candidate names (Lincoln, McClellan) and vote counts for various regiments and units.

A Letter from Judge Woodward—A False Prophecy.

The Democratic citizens of Brooklyn assembled in large numbers, on Tuesday night, to hear, cheer, and growl over the election returns. Their entertainment was varied with speeches and letters from politicians.

A Fair Election.

The Greensburg Herald of the 16th inst., thus illustrates the manner in which the Democratic election officers in that borough labored for a "fair election."

Going in Person.

The following significant letter was written by Gen. Sherman, to the President of the Western Sanitary Commission, in acknowledgment of the receipt of certain sanitary stores for our prisoners now confined at Andersonville.

GAYLESVILLE, ALA., Oct. 25, 1864. James E. Yeaman, President, &c.

DEAR SIR—I thank you for the prompt fulfillment of the request to send certain articles for our prisoners at Andersonville. Things have changed since, and I may have gone on to deliver these articles to the prisoners.

KANSAS ELECTION.

We learn from the St. Louis Union that there were two Union State tickets run in Kansas at the late election, one called the Lane ticket, the other the Anti-Lane ticket.

BRO. GEN. ARNER C. HARDING.

Bro. Gen. Arner C. Harding, formerly a member of the bar of New Bloomfield, Perry county, and who made such a stout defence of Fort Donelson in Tennessee, where he had command, has just been elected to Congress in the 4th District of Illinois.

DISGUSTED WITH POLITICS.

The New York Journal of Commerce, a leading McClellan paper, announces that hereafter it will abandon politics. This will be sad news for the controllers of the copperhead organs in this State.

PHILOSOPHY.

General McClellan takes his overwhelming defeat with a resignation truly befitting a Major General.

Speech of President Lincoln.

Congratulatory Visit of the Maryland Union State Committee.

The Adoption of the Free Constitution—a Victory for the Right.

WASHINGTON, Nov. 17. This afternoon the Maryland Union State Central Committee formally called upon President Lincoln to congratulate him on his re-election.

Mr. W. H. Parcell, chairman, in his address said they felt under deep obligation to him, because, by the exercise of manly discretion on his part, Maryland to-day occupies the proud position of a free State, and they desired that his future administration of Government, as in the past, might result in the restoration of the Union, with universal freedom as its immutable basis.

The President, in reply, said he would not attempt to conceal his gratification with the result of the election. He had exercised his best judgment for the good of the whole country, and to have the seal of approbation placed on his course was exceedingly grateful to his feelings.

He expressed his belief that the policy he had pursued was the best and the only one which could save the country.

He repeated what he had said before, that he indulged in no feeling of triumph over any one who thought or acted differently from himself.

He had no such feeling towards any living man. He thought the adoption of a Free State Constitution for Maryland was a great victory for the right.

In conclusion, he repeated what he had previously said, namely, "Those who differed from and opposed us will see that their defeat was better for their own good than if they had been successful." Some time was spent in pleasant intercourse, the President relating several anecdotes appropriate to the occasion.

THE NEW FRACTIONAL CURRENCY.

The plates of the new fifty-cent fractional currency are nearly ready for printing. The notes will be of the same width as those now in circulation but nearly twice as long.

The new five-cent notes will be of the same size as the old ones, while the tens and twenty-five will be graduated length between the highest and lowest denominations. It is probable that a three-cent note will be issued for the greater facility of making change.

INTERNAL REVENUE DECISION.

The Commissioner of Internal Revenue to-day decided that the Schlemm and Schlemm Schnapps are required, in addition to other licenses as dealers in liquors, wholesale and retail; according to the manner and amount of their annual sales.

AN ARMY OFFICER GUPT OF COUNTERFEITING.

The trial of Capt. Hugh A. McDonald, Co. A, 1st Pennsylvania Cavalry, was commenced to-day before a military commission. He was charged with uttering false and counterfeit treasury and bank notes. He pleaded guilty and made a long confession, implicating others. It is said he used his military position to circulate a very large quantity of counterfeit fractional notes in the army, and for two years has eluded the detectives.

RUMORED DEATH OF GENERAL CANBY.

St. Louis, Nov. 17. An officer who has just arrived from Memphis, says that information, believed to be correct, had reached there, that Gen. Canby had died while en route from New Orleans on the Crick.

OFFICIAL DISPATCH TO THE CONTRARY OF THE ABOVE—GEN. CANBY'S RECOVERY EXPECTED.

WASHINGTON, Nov. 17.—An official dispatch, received here to-day, confirms the statement that Maj. Gen. Canby, while going up the White river to direct matters in Arkansas, was fired upon by guerrillas, and wounded in the upper part of the thigh. The wound is a severe and painful one, but fortunately is not dangerous. He arrived at New Orleans, the dispatch says, safely on the 12th, "and will receive the best care, under the superintendence of Mrs. Canby. His mental faculties are entirely unaffected, and with his admirable power of endurance and strength of mind, we hope he will be about in a few weeks. After he was wounded, he consulted fully with General Reynolds, at the mouth of the White river, and it is confidently believed that the accident will in no way interfere with the direction of affairs in this division."

The above dispatch shows the report of the death of Canby, telegraphed from Memphis, to be untrue.

General Sherman's Army.

THE ADVANCE MOVEMENT OF GEN. SHERMAN—ATLANTA ONLY PARTIALLY BURNED—BUT LITTLE OPPOSITION TO HIS MARCH EXPECTED. CINCINNATI, Nov. 17.

The Nashville correspondent of the Times, of this city, in noticing the advance movement of General Sherman's army, says that such buildings at Atlanta as could be of benefit to the enemy were destroyed, but none others. It was not believed that Sherman would meet with any considerable force of the enemy on the way.

ADVICES FROM BOME, GA.—DESTRUCTION OF BUILDINGS OF VALUE TO THE ENEMY—A REBEL ATTACK REPULSED.

LOUISVILLE, Nov. 17. Private advices from a reliable source, dated at Rome, Ga., on the 11th inst., say the destruction of manufactories, mills and other buildings of value to the enemy was commenced at 3 o'clock yesterday afternoon.

The extensive rolling-mills, stables and store-houses were destroyed by order of General Cross. Some places of minor importance were destroyed by the soldiers. The number of private residences destroyed was very small, and fire was communicated to them accidentally.

General Barry, chief of artillery of the Middle Division of the Mississippi, has left for the North in consequence of sickness.

The enemy attacked our pickets while our army was engaged in the destruction, but they were driven off.

On Tuesday last the outposts at Atlanta were attacked by 1,500 cavalry, who were beaten off with but little difficulty.

An expedition was sent out on the night of the 9th to capture the guerrillas who took a squad of Sherman's guards as prisoners. The expedition returned on the 10th with the captain of the rebel squad as a prisoner.

LOSS OF GOVERNMENT BARGES—GEN. BURNSIDE ON HIS WAY TO THE FRONT.

FORTRESS MONROE, Nov. 15. The steamer Amanda Winants, sent in search of the barges that broke loose from the anchor, has returned, and Captain Williams reports having searched in vain for the missing boats. He found the Eastern shore of Virginia strewn with railroad ties, supposed to be those with which the barges were laden. Four men were on board these barges, and are believed to have perished. Their names are not known here.

There is no news from the front. Major General Burnside arrived here this morning, in the mail boat Dictator, from Washington, D. C., and proceeded immediately to the front.

ARRANGEMENTS FOR THE EXCHANGE OF PRISONERS NEARLY COMPLETE.

FORTRESS MONROE, Nov. 15. The steamer Saxon arrived here to-day from Port Royal, S. C. Her captain reports having picked up, within fifty miles northeast of Hatteras, an abandoned schooner, named the Ringgold, hailing from Dennis, Mass., with all the sails gone, and two feet of water in the hold.

The Saxon brings important dispatches from the flag-of-truce fleet of Port Royal, S. C. Lieut. Col. J. E. Mulford had nearly completed the arrangements necessary for the exchange of the prisoners, and the whole fleet was expected to return North in a few days.

Harrisburg Gas Works.

HARRISBURG, Nov. 15, 1864.

ON and after the first day of December this company will be under the necessity of increasing the price of Gas to \$3.50 per 1,000 cubic feet. There are many reasons which compel the company to make this increase; and in order to inform the public of the cause which compels them to do so, we beg leave to mention the following facts, viz:

Coal, the article most extensively used for the manufacture of Gas, was formerly purchased for \$3.85 per ton, now we pay \$4.45 per ton.

Another item, now we pay \$20.00 per ton, was formerly purchased at 9 cents per bushel; now we pay 20 cents.

Retorts and other castings extensively used were formerly purchased at 2 1/2 cents per pound; now we pay 6 cents.

Pipe of every description has increased in price more than one hundred per cent.

Fire brick, meters, rolls, &c., have advanced more than two hundred per cent.

Labor and everything connected with the manufacture of Gas has increased more than one hundred per cent, and the company is therefore reluctantly compelled to make this increase; and in order to inform the public of the cause which compels them to do so, we beg leave to mention the following facts, viz:
