DYSPEPSIA, DYSPEPSIA, DYSPEPSIA.

I, ELIZABETH BRANSON, of Brandywine, Del., formerly of Old Chester, Del., do certify that, for one year and a half I suffered everything but death from that awful disease called Dyspepsia. By whole system was prostrated with weakness and nervous debility; I could not digest my food; if I ate even a cracker or the smallest amount of food, it would return just as I swallowed it: I became so costive in my bowels that I would not have a passage in less than from four and often eight days; unless than from four and often eight days; under this immense suffering, my mind seemed entirely to give way. I had a dreadful horror and evil forebodings. I thought everybody hated me, and I hated everybody; I could not bear my husband nor my own children, everything appeared to be horror-stricken to me; I had no embition to do surthing. I het all I had no ambition to do anything; I lost all my love of family and home; I would ramble and wander from place to place, but could not be contented; I felt that I was doomed to hell, and that there was no heaven for me, and was often tempted to commit suicide, so near was my whole nervous system destroyed, and also my mind from that awful complaint, Dyspepsia, that my friends thought best to have me placed in Dr. Kirkbride's hospital, West Philadelphia; I remained there nine weeks, and thought I was a little better but in a four days are dreadful as my design of the complex of the days are dreadful as my design of the days are designed to the days are design of the days are design of the days are days as a days are days better, but in a few days my dreadful complaint was raging as bad as ever. Hearing of the wonderful cures performed by Dr. Wis-harts Great American Dyspepsia Pills and his treatment for Dyspepsia, my husband called on Dr. Wishart and stated my case to him. He said he had no doubt he could cure me. So in three days after I called and placed myself under the Doctor's treatment, and in two weeks I began to digest my food, and felt that my disease was fast giving way, and I continued to recover for about three months, and at the present time I enjoy perfect health of body and mind, and I most sincerely return my thanks to a merciful God and Dr. Wishert and to his great American Drawner. hart, and to his great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an Insane Asylum and premature grave. All persons suffering with Dyspepsia are at liberty to call on me or write, as I am willing to do all the good I can for suffering hu-manity. ELIZABETH BRANSON.

DYSPEPSIA! DYSPEPSIA!

DYSPEPSIA! DYSPEPSIA!

Dr. Wishart—I have been a constant sufferer with Dyspepsia for the last eighteen years, during which time I cannot say I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed it would be a great relief to die. I had at all times an unpleasant feeling in my head, but latterly my sufferings so much increased that I became almost until for business of any kind; my mind was continually illed with gloomy thoughts and fore-bodings, and if I attempted to change their current by reading, at once a sensation of icy coldness in connection with a dead weight, as it were, rested upon my brain; also, a feeling of sickness would occur at the stomach, and great pain to my eyes, accompanied with which was the continual foar of losing my reason. I also experienced great lassitude, debility and nervousness, which made it difficult to walk by day or sleep at night. I became averse to society, and disposed only to seclusion, and having tried the skill of a number of extinent physicians of various schools, liasily came to the conclusion that, for this disease at my present age (45 years) there was no cure in existence. But, through the interference of Divine Providence, to whom I devoutly offer my thanks, I at last found a sovereign remedy in your Dyspepsia Pills and Tar Cordial, which seem to have effectually removed almost the last trace of my long list of alments and bad feelings, and in their place health, pleasure and contentment are my everyday companions.

Philadelphis, January 22d, 1868.

BR. WISHART—Sir:—It is with much pleasure that I am now able to inform you that, by the use of your great American Dyspepsia Pills, I have been entirely cured of that most distressing complaint, Dyspepsia. I had been grievlously afflicted for the last twenty-eight years, and for ten years of that time have not been free from its path one week at a time. I have had it in its worst form and have dragged on a most miserable existence—in pain day and night. Every kind of food that I ate filled me with wind and pain, it mattered not how light, or how small the quantity. A continued belobing was sure to follow I had no appetite for any kinds of meats whatever and my distrers was so great for several months before I heard of your Pills, that I frequently wished for Dyspepsia, without receiving any benefit; but on your Pills being recommended to. me by one who had been cured by them, I concluded to give them a trial, although I had no faith, in them. To my astonishment, I found myself getting better before I had taken one-fourth of a box, and after taking half a box, I am a well man, and can eat amplified I wish, and enjoy a hearty moal three times a day, without inconvenience from anything I eat or drink. If you think proper, you are atiberty to make this public and refer to me. I will cheerfully give all desirable information to any one who may call on make this public and refer to me. I will cheerfully give all desirable information to any one who may call on me.

DYSPEPSIA! DYSPEPSIA!

I, Samuel D. Haven, have been a great sufferer with Garonic Dyspepsia and Inflammation of the Kidneys for three years. I employed three or four of the most emigrate physicians of Philadelphia, also of Burlington county N. J. They did all for me they could, but all to no purpose. I was constantly filled with sawful pain and distress, and with constant belching of wind and sour acid. My tongue was covered with a white coating of mucus until it cracked in large furrows, and was dreadfully sore! Oh! I ofttimes wished for death to relieve me of my sulferings, for I had lost all hope of ever being well again. I made it a gubject of prayer to God that he would direct me to some physician or medicine that would sure me. I was tald to read an advantagement of

GOOD NEWS FROM SHERMAN. EVENING EDITION

From Washington.

THE PRESIDENT'S MESSAGE. Part of Early's Forces Sent to Richmond.

Arrival of Prisoners.

Washington, Dec. 3. Up to this evening probably not more than one-fifth of the members of Congress have arrived here. These include some from the most inland States. There is, however, no doubt that there will be a quorum present in both Houses on Monday, the larger number being on their way to Washington.

The message of the President was fully considered in extra Cabinet council to-day. The usual caution is preserved to prevent a pre-mature exposure of its contents. So far, only the reports of the Secretary of the navy and the Postmaster General have been printed. From reports which have reached this city there seems to be no doubt that some of Early's forces have been sent to Richmond within the past week, by way of Madison

Court House. A gentleman who arrived from Annapolis last night, says that 5000 exchanged prisoners have already reached that place from Andersonville, and the pay masters are busily settling their arrangements. More arrivals are daily expressed.

daily expected.

Those who recently came up in the Consti tution and Comac, are comparatively in good health at present. Soldiers who have been everely maimed have an advantage in respect to pensions, over sailors who similarly suffer, and therefore one of the measures of the approaching session of Congress will provide a remedy for this manifest injustice

or oversight in legislation.

The new arrangements perfecting the connections and rendering the entire mail service North and West more certain than heretofore, and for two trains a day between Washington and New York in ten hours, will go into effect on the 19th inst.

BATTLE IN FULTON COUNTY.

Capt. Maloney's Company in the Fight.

Number of Conscripts Fire upon a Provost Marshal.

General Engagement of One Hour's Duration

ONE REBEL KILLED AND TWO WOUNDED. NO LOSS ON THE UNION SIDE.

M'CONNELLSBURG, PA., Dec. 3. A fight occurred at Timber Ridge, near this yesterday, between a portion of com-F, 201st regiment of Pennsylvania any mounted infantry, and some delinquent con-scripts of this county. It having been ascer-tained that a number of them would be con-gregated at a shooting match, measures were taken to secure the party. The soldiers advanced to the spot, and, as Provost Marshal Houpt went forward to hold a parley, the conscripts cried out, "It is the Provost Marshal," and immediately a number of shots

were fired at him, none of which took effect. The soldiers then opened fire, and a general fight ensued, that lasted for about an hour. The deserters were finally driven over two hills, skirmishing being kept up the whole way. Owing to the fact that the fighting was carried on principally in the woods, the casu-alties were slight. The conscripts lost one man killed and two wounded. None of our men were injured. One of the wounded men fell into our hands. The remainder of the party, being familiar with the country, fled to the mountains.

The forces were under the command of Captain Maloney, an efficient officer, and more affairs of this kind may be speedily looked for, as it is determined to bring these outlaws and incendiaries to justice.

The Latest News from General Thomas. THE POSITION OF GEN. THOMAS.

Washington, Dec. 4. The latest oficial information from General Thomas's army is that he has so concentra-ted his forces at the fortifications of Nashville as to be prepared for any move which Hood may venture to make.

Capture of Millen, Georgia. ADVANCE ON SAVANNAH.

WASHINGTON, Dec. 3, P. M. The Government has received information that General Sherman had captured Millen, on the Georgia Central Railroad, on the 29th ultimo. His army was concentrated and it is thought has moved to Savannah before this. This news has created an excellent feeling here to-day. Millen is about sixty miles southeast from Augusta.

LATER FROM SHERMAN. He is Triumphantly Marching to the Coast.

On the 26th his Army was Forty-five Miles South of Augusta.

Richmond papers, of the 29th of November, (Tuesday last) have been received in this city. They contain a dispatch from Augusta, dated the 26th, announcing that on that day Sherman's army was forty-five miles south of Augusta, Ga., "and so far has been bafiled."

The same papers repeat the rumor that

Sherman was repulsed in attempting to cross the Oconee river.

The Rebels claim that they still hold Macon.

By Sherman's being "baffled," we suppose the Rebel papers mean that they have eluded him in battle and frustrated him in some way,

because he appears to be going by Augusta.

If any one will look at the map, he will perceive that if the rebel dispatch quoted above is true, that Sherman was directly south of Augusta on the 26th, he must have been at that time near Waynesboro, Georgia in possession of the last line of railroad be tween Augusta and Savannah, and the cutting of that road destroys the last means of communication between the two cities, except by way of the river, which will soon be stopped. This kind of "baffling" Sherman can stand if

the rebels can.
The "repulse" at the Oconee river could not have amounted to much, or we should have had it paraded in glowing colors ere this, and not announced as a mere "rumor." Besides, the rebels acknowledge that it did not impede his progress.

That the rebels hold Macon there can be

no doubt. We presume they did not expect that Sherman should stop his expedition and that Sherman should stop his expedition and hold it for them. After he got through with it there was nothing left worth holding.

If Sherman was forty-five miles directly south of Augusta on the 26th ult., he was within one hundred and thirty miles of Savannah. He has probably marched at least fifteen miles per day during the five subsequent days, making him new seventy-five miles nearer the the coast than he was then, or only forty-five miles from Savannah in a rich country, with miles from Savannah, in a rich country, with no enemy before him or on his flanks that amounts to a flea bite! This is progress in-

THE VERY LATEST. Jubilant Times in Washington

LATER NEWS FROM REBEL SOURCES THE FIGHT AT MACON, GA

NEW YORK, Dec. 3. The Herald has received a special dispatch from Washington, which says that Governnent officials are unusually jubilant over the

news from Sherman. The Government possesses means independent of the Richmond papers, and more reliable means of obtaining intelligence of Sher-man's progress. It is cofidently believed that Sherman has not only baffled the rebel generals, but has so far advanced beyond se rious interruption as to leave no doubt of his

triumph and success. Savannah and other Georgia papers of the 27th inst., and Richmond papers of Dec. 1st have been received, from which the following summary is digested: It appears that an at tack was made in East Macon on Sunday, Nov. 20th, the rebels losing a battery which hey subsequently recovered with small loss on both sides.

The attack was expected to be renewed on the 27th, but it was not, and the rebels came to the conclusion that the movement on Mon-day was a feint. It was probably made by a small force of Slocum's corps, as the Augusta

Constitutionalist of the 24th ult. says: Slocums entire corps went down the west side of the Oconee previous to the night of the 22d, indicating an intention to pass by Augusta between that place and Macon, and make for the sea between Savannah and Brunswick.

Governor Brown was in Macon, where he had removed all the valuables from Millidgville.

LATEST FROM NASHVILLE Interesting Particulars of the Late Victory.

Promotion of General Wood.

NASHVILLE, Dec. 2. General Wood succeeded General Stanley in command of the 4th Corps, Stanley being unable to take the field. His desperate bravery at the Franklin fight mainly contributed to turn what threatened to be a disagtrous repulse into a glorious victory. When a part of his command had run away before the enemy, he rushed to the front, had a horse shot under him, and was himself wounded. He still led on the charge waying his hat, and calling on

him, and was himself wounded. He still led on the charge, waving his hat, and calling on his faltering troops, and repelled seven successive charges.

Colonel Opdyke, of the 125th Ohio Regiment, commanding a brigade, specially distinguished himself in the engagement.

Colonel Schofield, a brother of General Schofield, Chief of Artillery, distinguished himself by the admirable positions in which he placed the artillery, and the manner in which he fought them.

The great importance of the victory at Franklin cannot be over-estimated, as it checked Hood's onward course, and gave the Federals time to make preparations to meet him. Schofield and Stanley commanded the corps in field, the former, by seniority of rank, ssuming command of all the forces.
