THE PHILADELPHIA AND ERIE LAND COMPANY, chartered by an act of the Legis tune of Pennsylvania, offers for sale choice lots for dwellings and business purposes in the above new towns on the line of the Philadelphia and Erie Railroad.

RENOVO has been selected as the sic for the extensive shops for building and repairing the rolling stock of the Philadelphia and Erie Railroad, of which the Penna Railroad Company are now lessees. It is 92 miles west of Sunbury, and 196 miles east of Erie. The town is beautifully situated on the margin of the west branch of the Susquehama river, in the county of Clinton, and is surrounded by romantic and attractive scenery. The Railroad Company are erecting an immense Locomotive Round House, Repair Shops for Cars and Engines, Car Building shop. Iron and Brass Furnaces, and Dwellings for the Superintendent and other officers. A splendid Hotel, with which are connected arrangements for feeding passengers on the most extensive scale, has been commenced. All these buildings are of the most permanent and substantial châracter, of brick and iron, and are in accordance with the immense business anticipated on the completion of this great Railroad. So long anxiously looked for, and now an accomplished fact—the last rail connecting the Susquebanna river with Lake Eric having been laid on Saturday, July 24, 1864.

A Company has been chartered by the Legislature for supplying the town with gas and water, and the water works are nearly completed. Churches will be created immediately. The situation of RENOVO is entirely healthy, and as the dimensions of the town are limited by nature, the value of the lots must appreciate greatly in the ourse of a few years.

HMPORIUM will certainly be the most important commercial point between Lock Haven and Warren, a distance of 158 miles. It is near the eartre of the railroad,

by nature, the value of the lots must appreciate greatly in the ourse of a few years.

HMPORIUM will certainly be the most important commercial point between Lock Haven and Warren, a distance of 158 miles. It is near the centro of the railroad, 47 miles west of Renovo; 139 miles from Sunbury and 149 miles from Erne It is near the centro of the Prittwood Branch of the Sinnemahoning, with West Creek, Portage Creek and North Creek, the Valleys of which streams make it the most accessible point on the Philadelphia and Erie railroad te a very extensive district of country. The moment the projected railroad connecting it with the city of Rochester, N. Y., shall be completed, few interior towns in the State will surpass it in business capabilities. An excellent graded road now connects if with Coudersport, the eset of Justice of McKean county. Emporium is the County Seat of Cameron county; it has a handsome Court House, and the Land Company have just completed a large and commodious Holel, which will immediately be opened to the public. The Railroad Company are about to exect a handsome and permanent Passenger Station at a central point near the Hotel and Court House. The place is healthy, and excellent water is abundant. It is in the midst of one of the finest White Pine regions in Pennsylvania. As a manufacturing town it has great advantages; coal number, stone, bark for tanneries are abundant, and its railroad communications with the great lakes and all points of importance in the seaboard are unsurpassed. This place was selected thirty years ago as a point of importance, and a town laid out with the prophetic hamo of EMPORIUM, but the difficulty of access has prevented its development so entirely that it is mainly known for the excellence of hunting and trout fishing in the vicinity. The completion of the Philadelphia and Erie railroad must soon make it a place of great importance as a distributing point for goods of all kinds, and it offors great advantages for persons of moderate capital who desire to identify t
