COMPANY, chartered by an act of the Legislature of Pennsylvania, others for sale choice lots for dwellings and business purposes in the above new towns on the line of the Philadelphia and Eris Railroad.

RENOVO has been salected as the site for the extensive shops for building and repairing the rolling stock of the Philadelphia and Eric Railroad, of which the Penna. Railroad Company are now lessees. It is 92 miles west of Sunbury, and 196 miles east of Eric. The town is beautifully situated on the margin of the west branch of the Susquehanna river, in the county of Clinton, and is surrounded by romantic and attractive scenery. The Railroad Company are receting an immense Locomotive Round House, Repair Shops for Cars and Engines, Car Building shop, Iron and Brass Futuaces, and Dwellings for the Superintendent and other officers. A splendid Hotel, with which are connected arrangements for feeding passengers on the most extensive scale, has been commenced. All these buildings are of the most permanent and substantial character, of brick and iron, and are in accordance with the immense business anticipated on the completion of this great Railroad, so long anxiously looked for, and now an accomplished fact—the last rail connecting the Susquehanna river with Lake Eric having been laid on Saturday, July 2d, 1864.

A Company has been chartered by the Legislature for supplying the town with gas and water, and the wat r works are nearly completed. Churches will be erected immediately. The situation of RENOVO is entirely healthy, and as the dimensions of the town are limited by nature, the yalte of the lots must appreciate greatly

A Company has been chartered by the Legislature for supplying the town with gas and water, and the wat.r works are nearly completed. Churches will be erected immediately. The situation of RENOVO is entirely healthy, and as the dimensions of the town are limited by nature, the value of the lots must appreciate greatly in the course of a few years.

EMPORIUM will certainly be the most important commercial point between Lock Haven and Warren, a distance of 158 miles. It is near the centre of the railroad, 47 maes west of Renovo; 139 miles from Sunbury and 149 miles from Erie. It is near the Junction of the Priftwood Branch of the Sinnemahoning, with West Creek, Portage Greek and North Creek, the Valleys of which streams make it the most accessible point on the Philadelphis and Erie railroad to a very extensive district of country. The moment the projected railroad connecting it with the city of Rochester, N. Y., shall be completed, few interior towns in the State will surpuse it in business capabilities. An excellent graded road now connects it with Condersport, the seat of Justice of Potter country. It is also connected with Smethport, the sent of Justice of McKean country. Emporium is the County Scat of Cameron country; it has a handsome Court House, and the Land Company have just completed a large and commeron country; it has a handsome Court House, and the Land Company have just completed a large and commeron country; it will immediately be opened to the public. The Railroad Company are about to erect a handsome and permanent Passenger Station at a central point near the Hotel and Court House. The place is healthy, and excellent water is abundant. It is in the midst of one of the finest White Fine regions in Pennsylvania. As a manufacturing town it has great advantages; coal, lumber, stone, bark for tanneries are abundant, and it railroad communications with the great lakes and all points of importance in the seabourd are unsurpassed. This place was selected thirty years ago as a point of importance, and a tow

ing town.

Lithographic Maps of both towns are now ready, and
