DYSPEPSIA, DYSPEPSIA, DYSPEPSIA,

ELIZABETH BRANSON, of Brandywine, Del., formerly of Old Chester, Del., do certify that, for one year and a half I suffered everything but death from that awful disease called Dyspepsia. My whole system was prostrated with weakness and nervous debility; I could not digest my food; if I ate even a cracker or the smallest amount of food, it would return just as I swallowed it; I became so costive in my bowels that I would not have a passage in less than from four and often eight days; under this immense suffering, my mind seemed entirely to give way. I had a dreadful horror and evil forebodings. I thought everybody hated me, and I hated everybody; I could not their my husband nor my own children, everything arrorad to be however stricken to make appeared to be horror-stricken to me thing appeared to be horror-stricken to me; I had no ambition to do anything; I lost all my love of family and home; I would ramble and wander from place to place, but could not be contented; I felt that I was doomed to hell, and that there was no heaven for me, and was often tempted to commit suicide, so near was my whole nervous system deso near was my whose nervous system de-stroyed, and also my mind from that awful convolaint, Dyspepsia, that my friends thought best to have me placed in Dr. Kirkbride's hospital, West Philadelphia; I remained there nine weeks, and thought I was a little better, but in a few days my dreadful com-plaint was raging as bad as ever. Hearing of the wonderful cures performed by Dr. Wis-hart's Great American Dyspepsia Pills and his treatment for Dyspepsia, my lusband called on Dr. Wishart and stated my case to him. He said he had no doubt he could cure So in three days after I called and placed

Inyself under the Doctor's treatment, and in two weeks I began to digest my food, and felt that my disease was fast giving way, and I continued to recover for about three months, and at the present time I enjoy perfect health of body and mind, and I most sincerely return my thanks to a merciful God and Dr. Wis-hart, and to his great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an Insane Asylum and premature grave. All persons suffering with Dyspepsia are at liberty to call on me or write, as I am willing to do all the good I can for suffering humanity.

Dr. Weight St. — I have been a constant sufferer with Byspepsia for the less eighteen years, during which time I cannot say I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed it would be a great relief to die. I had at all times an unpleasant feeling in my head, but latterly my sufferings so much increased that I became atmost unit for business of any kind, my mind was continuelly filled with gloomy thoughts and fore-bodings, and if I attempted to change to it or current by reading, at once a sensation of toy culdness in connection with a dead weight, as it were rested upon my brain; with a dead weight, as it were rested upon my brain; also, a teeting of stekness would occur at the stomach, and great pain to my eyes, accompanied with which was the continual fear of losing my reason. I also experienced great lessitude, debtility and get voueness, which made it difficult to walk by day or sheep at night. I became averse to society, and thisposed only to secusion, and having tried the skill of a number of eminent physic, as of various schools, thatly came to the conclusion that, for this disease at my prosent age (45 years) there was no cure in existence. But, through the interference of Divine Provicence, to whom I devoutly offer my thanks, I at last Quad a sovereign remady in your Dyspepsia Pills and Ta. DR. WISHART—Sir:—It is with much pleasure that I am now able to inform you that, by the use of your great American Dyspepsia Pilis, I have been entirely cured of American dustressing complaint, Dyspepsia. I had been that ment distressing complaint, Dyspepsia. I had been am now able to inform you that, by the use of your great American Dyspepsia Pils, I have been entirely curred of that most distressing comprisint, Dyspepsia. I had been grieviously afflicted for the last twenty-eight years, and for ten years of that time have not been free from its path one week at a time. I have had it in its worst form path one week at a time. I have had it in its worst form and have dragged on a most miserable existence—in pain day and night. Every kind of food that I ate filled me with wind and pain, it mattered not bow light, or how small the quantity. A continued beiching was sure to follow I had no appetite for any kinds of meats whatever and my distrers was so great for several months before I heard of your Pilis, that I frequently wished for death. I had taken everything that I had heard of for doath. I had taken everything that I had heard of for Dyspepsia, without receiving any benefit; but on your Pilis being recommended to me by one who had bein cursed by them, I concluded to give them a trial, although I had no faith in them. To my astonishment, I found anyself getting better before I had taken one-fourth of a box, and after taking half a box, I am a well man, and can eat anything I wish, and enjoy a hearty meal three times a day, without inconvenience from anything I can or drink. If you think proper, you are at liberty to make this public and refer to me. I will cheerfully give all desirable information to any one who may call on me Yours, respectfully. JOHN H. BABCOCK.

Dr. Wishar's in the Philadelphia Ledger. of a great cure made upon Mr. John Babcock, of 1028 Olive street, Philadelphia, by the great American Dyspepsia Pills. I went to the loctor's Office, and placed myself under by treatment, and told him fire failed to cure me, it would be the last effort I would make. It has been six weeks since I commenced the use of his medicine, and I am now a well man, free from all pain and distress, and can eat three hearty meals a day with comfort, and feel perfoculy well. Dr. Wishart, I want you to publish my case, as I want every poor dyspeptic suffering as I was to call on me, and I will tell them of the great cure I have received from your invaluable medicine.

ORGANIO WEAKNESS
mmediately cured, and full vigor restored.

This distressing structure walken feators me miserante and marriage impossible—is the penalty paid by the vicitims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sconer by those falling into improper habits than by the pradent. Besides being deprived the pleasures of healthy loftspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds he has imitibed the seeds of this painful disease, too offen happens that an illitmed sonse of shame or the dread of discovery deters him from applying to those who from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of enring, flich his potentiary substance, keep him trifling month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptomsof this terrible disease, such seafled with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveler returns.

INDORSEMENT OF THE PRESS.

The many thousands oured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the Sun, Clipper, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

A LINE OF BREASTWORKS CAPTURED. General Meade Made a Major General in the Regular Army.

detachments from several regiments of cav-alry under Colonel Kirwin, of the 13th Pennsylvania, and three brigades of the First Division of the Second corps, under Gen. Miles. The videttes of the enemy were driven cross the run, when a sharp fire was opened on the advance from a line of breastworks on the opposite side. After some skirmishing to discover the strength of the enemy, charge was made across the run, and works were carried by assault, but not till the

South Side. Our men took position in the captured entrenchments, while skirmishers vere thrown out on both flanks. Soon after a report came that the enemy were moving up and across the run half a mile west of the read our troops were on, evincing

rebels had made good their retreat up the

an intention to attack on the right flank.

Gen. Miles at once disposed his command to receive them if they should attempt it. He also sent back for reinforcements, which were given him at once, but the enemy did no make their appearance during the afternoon and it is believed they fell back to a stronger position at Armstrong's Mills, a mile and a half west.

The impression is that they had no large force in that vicinity, otherwise they would have made a more stubborn resistance to our advance. Our loss in the charge was 17 men wounded, among them Lieutenant Ward, of the 3d Pennsylvania cavalry. The loss of the enemy is not known. If they had any they carried them off, for none fell into our hands. In the afternoon reports came that the en-emy were moving towards the left in heavy force, and arrangements were made to meet them, but up to this hour, midnight, they have not appeared.

In my dispatch a few days ago, giving a list of promotions by brevet, I included the name of General Meade as being made Brevet Major deneral. This was incorrect; he was made full Major General in the regular army, to date from August 18,1864, and to rank next to Gen. Sherman. This promotion was conferred at the special request of General Grant for ser-vices during the present campaign.

Dislodgment of the Enemy Opposite Dutch Gap.

In FRONT OF RICHMOND, Dec. 8. General B. C. Ludlow did an exceedingly handsome thing yesterday in occupying the rebel position opposite Dutch Gap. Its occu-pancy became desirable and important in order to the putting of the finishing strokes upon the famed canal. The rebel pickets stationed ship to-day, and at noon fired a salute of the famed canal. The rebel pickets stationed there have for a long time past constantly antime since our national existence, that such a noved the soldier workmen on the canal, and it was deemed highly necessary to make an

SHERMAN!

Important Reports from Rebel Deserters.

OUR ARMY ALL RIGHT.

From information derived from Rebel deserters and other sourses, it is now certain that the Richmond and Savannah journals have succeeded in concealing some of the most important and interesting facts in connection with the great expedition of General Sherman. From various quarters we learn the following facts:

1. That General Sherman's merch, up to

1. That General Sherman's march, up to the time he reached Millen, was practically unopposed, the only fighting being cavalry skirmishes between Kilpatrick and Wheeler. This act accounts for Sherman's slow movements, he having made thorough work in lay-

ing waste the country.

2. His march has created a tremendous panic. He has swept all Central Georgia clear of grain, forage, horses, mules and negroes. It is supposed he will reach the sea-coast with two able-bodied negroes for every white soleral Sherman will allow only able-bodied eral Sherman will allow only able-bothet males to accompany his army, as women and children would necessarily impede his march.

3. Not having fought any battle in Central Georgia, and having kept his army well to gether (for the rebels do not claim to have made any captures of men,) General Sherman will reach the coast with his army in splendid fighting trim, and an abundance of ammu-nition and shot. This is a fact of immense importance, in view of the battle which is in-

evitable before coming in sight of blue water.

4. There is the best reason for believing that, in addition to the negroes, General Sherman's army will be reinforced by some Headquarters Army of the Potomac, December 9, P. M.

Another reconnoissance was made this morning along the Waughan road towards Hatcher's Run, over the same route the cavalry went yesterday. The force consisted of detaphments from several reconnected by some ten thousand Union prisoners. There is a deserter's story that the prisoners in camp near Millen, hearing of the approach of Sherman's army will be reinforced by some ten thousand Union prisoners. There is a deserter's story that the prisoners in camp near Millen hearing of the approach of Sherman story will be reinforced by some ten thousand Union prisoners.

Exactly how many reached the Union army is not known, but the story seems probable, and is believed in high circles here.

All things considered, it is now almost certain that Sherman will reach the sea-coast in safety, with his army intact, after having in-flicted immense damage upon the enemy.

[From the Macon Confederate.] Every house in Griswoldville was burned by the enemy except Mr. Griswold's house, a few negro houses, and a small frame building occupied by one of the operatives of the mill.

[From the Augusta Constitutionalist, Dec. 3.] Hardee, at last reports, was trying to worry the enemy at Grahamsville into another fight, but in vain. The Richmond papers of Thursday, December 8, say that nothing new had been received at the Confederate War Department regarding Sherman's movements.

No exchange of Georgia papers had been received, of a later date than the 3d of De-

His brigade suffered heavy Griswoldville. loss, and, while he acted gallantly, it is charged that he acted rashly in attempting to storm breastworks over an open field, with morass intervening, without a reasonable prospect of result. [From the Augusta Constitutionalist, Dec. 2.] General Wheeler writes that he has whipped

Kilpatrick throughout, doubling him up upon the main body. He has not taken a great many prisoners, because the Yankees, feeling that they deserved death, have refused to surrender. A very considerable number have permanently leased plantations in the counties of Burke and Jefferson.

The main body of Sherman's army had not

budged at last accounts. The enemy is represented as being quite amazed and embarrassed at his reception in the State of Georgia.
