DYSPEPSIA, DYSPEPSIA, DYSPEPSIA

I, ELIZABETH BRANSON, of Brandywine, Del., formerly of Old Chester, Del., do certify that, for one year and a half I suffered everything but death from that awful disease called Dyspepsia. My whole system was prostrated with weakness and nervous debility; I could not digest my feed; if I ate even a cracker or the smallest amount of food, it would return iust as I swallowed it: I became so costive in my bowels that I would not have a passage in less than from four and often eight days; under this immense suffering, my mind seemed entirely to give way. I had a dreadful horror and evil forebodings. I thought everybody hated me, and I hated everybody; I could not bear my husband nor my own children, everything appeared to be horror-stricken to me; I had no ambition to do anything; I lost all my love of family and home; I would ramble and wander from place to place, but could not be contented; I felt that I was doomed to hell, and that there was no heaven for me, and was often tempted to commit suicide, so near was my whole nervous system destroyed, and also my mind from that awful complaint, Dyspepsia, that my friends thought best to have me placed in Dr. Kirkbride's hospital, West Philadelphia; I remained there nine weeks, and thought I was a little there nine weeks, and thought I was a little better, but in a few days my dreadful com-plaint was raging as bad as ever. Hearing of the wonderful cures performed by Dr. Wis-hart's Great American Dyspepsia Pills and his treatment for Dyspepsia, my husband on lied on Dr. Wishart and stated my case to him. He said he had no doubt he could cure him. He said he had no doubt he could cure me. So in three days after I called and placed me. So in three days sites I caned and placed myself under the Doctor's treatment, and in two weeks I began to digest my food, and felt that my disease was fast giving way, and I continued to recover for about three months, and at the present time I enjoy perfect health of body and mind, and I most sincerely return my thanks to a merciful God and Dr. Wishart, and to his great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an Insane Asylum and premature grave. All persons suffering with Dyspepsia are at liberty to call on me or write, as I am willing to do all the good I can for suffering humanity.

DYSPEPSIA! DYSPEPSIA!

DYSPEPSIA! DYSPEPSIA!

DR. WISHARZ—I have been a constant sufferer with Dyspepsia for the last eighteen years, during which time I cannot say I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed it would be a great relief to die. I had at all times an unpleasant feeling in my head, but latterly my sufferings so much increased that I became almost until for business of any kind; my mind was continually filled with gloomy thoughts and foreiodings, and if I attempted to change their current by reading, at once a sensation of cy coldness in connection with a dead weight, as it were, rested upon my brain; also, a teeling of sickness would occur at the atomach, and great pain to my eyes, accompanied with which was the continual fear of losings my reason. I also experienced great lassitude, debility and nervousnoss, which made it difficult to walk by day or sleep at night. I became averse to speicty, and disposed only to sectusion, and having tried the skill of a number of eminent physici as of various schools, finally came to the conclusion that, for this disease at my present age (45 years) there was no cure in existence. But, through the interference of Divine Providence, to whom I davoutly onlor my thanks, I at last found a coverage romesty in your Dyspepsis Pills and Tar Cordial, which seem to have effectually removed almost the last trace of my long its of alments and bad feelings, and in their place health, pleasure and content meat are my everyday companions.

Philadelphia, January 22d, 1883.

Dr. WISHARY—Sir:—It is with much pleasure that I am now able to inform you that, by the use of your great American Dyspepsia Pills, I have been entirely cured of that most distressing comprisin, Dyspepsia. I had been grieviously afflicted for the dast twenty-eight years, and for ten years of that time have not been free from its path one week at a time. I have had it in its worst form and have dragged on a most miscrable existence—in pain day and night. Every kild of food that I at filled me with wind and pain, it mattered not how light, or how small the quantity. A continued belching was sure to follow I had no appetite for any kinds of meats whatever and my distrers was so great for several months before I heard of your Pills, that I frequently wished for death. I had taken everything that I had heard of for Dyspepsia, without receiving any benefit; but on your Pills being recommended to me by one who had been cured by them, I concluded to give them a trial, although I had no faith in them. To fify satonishment, I found myself getting better before I had taken one-fourth of a box, and after taking half a box, I am a well mon, and can eat amplifing I wish, and enjoy a hearty meal three to be a strable in formation to any one whe may call on me a trial of the information to any one whe may call on me You. Septectfully, JOHN H BABCOCK.

1, Samuel D. Haven, have been a great sufferer with Caronic Dyspepsia and Inflammation of the Kidneys for three years. I employed three or four of the most eminent physicians of Philadelphia, also of Burlington county N. J. They did all for me they could, but all to no purpose. I was constantly filled with awful pain and discress; and with constant beleding of wind and sour acid. My tongue was covered with a white coating of mucas until it cracked in large furrows, and was dreadfully sore! Oh! I offtimes wished for death to relieve me of my aufferings, for I had lost all hope of ever being well again. I made it a subject of prayer to God that he would direct me to some physician or medicine the would direct me to some physician or medicine the wild care see. I was told to read.

Dr. Wiebar's in the Philadelphia Ledger, of a great cure made upon Mr. John Babcock, of 1028 Olive street, Philadelphia, by the great American Dyspepsia Pills. I went to the Doctor's Office, and placed myself under b treatment, and told him if he failed to cure me, it would be the last effort I would make. It has been six weeks since I commenced the use of his medicine, and I am now a well wan, free from all pain and distress, and can eat three hearty meals a day with comfort, and feel perfectly well. Dr. Wishart, I want you to publish my case, as I want every poor dyspeptic suffering as I was, to call on me, and I will tell them of the great cure I have received from your invaluable medicine. mmediately ourod, and full vigor restored.

This distressing affection—which readers life miserable and marriage impossible—is the penaky paid by the vicinus of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreafting consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakoned, loss of procreative power, netwous irritability, dyspopsis, papitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, constitutional decay and death.

Reflec (that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pily grimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and fixed with the melancholy reflection that the happiness of another becomes blighted with our own.

TOTALAGE OF IMPRICIAL VIEW.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure inds be has imbited the seeds of this painful disease, too often happens that an illtimed sense of ahame or the dread of discovery deters him from applying to those who from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, filch his pecuniary substance, keep him triling month after month, or as long as the smallest fee can be obtained, and in despair leave him with rulned health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptomeof this terrible disease, such as affections of the Head. I breat, Nose, Skin, etc., progressing with rightful rapidity till—death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveler returns.

columns of the Richmond Whig:
To All Whom It May Concern.—The failure
of our employees to do their work recently
with skill, in the city of New York, makes it SOFAS, Arm and Parlor Chairs, Marble top Tables, Lounges and necessary for the Brotherhood to meet and concert measures for a more decisive execution of the great retaliatory duty they have taken upon themselves at this juncture. Our own homes have been destroyed in violation of all the rules of war, and we must make our ruthless enemy feel the weight of our justly aroused vengeance in the very centres of his resources and wealth. We can do it—do it resources and weaton. We can no near the effectually. You are therefore ordered to meet in this city, by delegates from our several associations in Virginia, North and South Carolina, at 8 o'clock on the evening of the 15th instant, for business.

Rules Concerning Flag-of-Truce Letters.

General Butler has established the following regulations concerning flag of-truce letters:

1. No letter must exceed one page of a letter sheet, and must relate purely to domestic matters.

2. All letters (including prisoners') must be

the rebels tailing back as our troops advanced. The object of the move was evidently to keep them from sending a force to intercept Warren, and is believed to have been successful.

Our loss in the affair amounted to about 125 in killed and wounded.

At 2 o'clock this afternoon the command were ordered to return and to picht the

Gen. Foster's and Admiral Dahlgren' Expe- XXXVIIITH Congress---Second Session

HOUSE OF REPRESENTATIVES.

Washington, Dec. 12.
The Speaker laid before the House a letter from the Governor elect of New York, Mr. Fenton, resigning his seat as member from New York, to take effect on the 20th inst.—

New York, to take effect on the 20th inst.—
He says he shall not return to Washington.
The Speaker announced the appointment of Mr. Pruyn and Mr. Littlejohn, of New York, to fill the vacancy of the Committee of Ways and Means occasioned by the resignation of Messrs. Fenton and Stebbins.
Mr. Stevens, at the request of several gentlemen, and in order to give a further opportunity to examine the bill giving a true construction and meaning to so much of the revenue act as refers to the tax or duty on eigars, moved its postponement till Thursday cigars, moved its postponement till Thursday

Mr. Brooks read a note from the President of the Tobacco National Association, asking a suspension of the construction of that bill for two weeks, when the association will present a mode of taxation which, it is believed, will be satisfactory to the Government.

Mr. Stevens feared that Congeess will not

be in session at that time, as they may adjourn over the holidays. The question was

postponed till Thursday.

The House proceeded to the consideration of the bill reported at the last session, from the Committee on Naval Affairs, authorizing and directing the Secretary of the Navy to appoint a competent engineer to designate and survey the necessary amount of land near New London, Conn., for a navy yard and de-pot for the construction, docking and re-pair of iron-clads and other naval vessels.

Mr. Kelley (Pa.) at the last session had introduced a substitute for the above, authorizing the Secretary of the Navy to accept from the city of Philadelphia the title to League sland, and if such title be found to be perfect, establish thereon a navy yard and depot for the construction, docking and repair of iron-clads.

Mr. Kelley (Pa.) said it was not the policy of the Government to increase the number of navy yards and stations. It had simply asked a recognition of a new age of iron vessels, propelled by steam, and to enlarge and turnish such facilities as would meet the exigencies of the times. The city of Philadelphia offered League Island as a tree gift. New London did not possess the essential qualifications for such a site while all were found. cations for such a site, while all were found in a greater degree at the point indicated in the substitute than at any other point, not only in our broad country, but in the civilized

world.

He proceeded to show the superior advan-tage of League Island over New London, not only as to water, but as to mineral products and skilled labor, while League Island was far less exposed to foreign assaults.

In a word, New London, all things considered, had not a single one of the esential

elements for such a station.
