I, ELIZABETH BRANSON, of Brandywine, Del., formerly of Old Chester, Del., do certify that, for one year and a half I suffered everything but death from that awful disease called Dyspepsia. My whole system was prostrated with weakness and nervous debility; I could not digest my food; if I ate even a cracker or the implication of the country of food. the smallest amount of food, it would return just as I swallowed it; I became so costive in my bowels that I would not have a passage in less than from four and often eight days; under this immense suffering, my mind seemed entirely to give way. I had a dreadful horror and evil forebodings. I thought everybody hated me, and I hated everybody; I could not bear my husband nor my own children, everything appeared to be horror-stricken to me; I had no ambition to do anything; I lost all I had no ambition to do anything; I lost all my love of family and home; I would ramble and wander from place to place, but could not be contented; I felt that I was doomed to hell, and that there was no heaven for me, and was often tempted to commit suicide, so near was my whole nervous system destroyed, and also my mind from that awful complaint, Dyspepsia, that my friends thought best to have me placed in Dr Kirkbride's hospital, West Philadelphia; I remained there nine weeks, and thought I was a little better, but in a few days my dreadful complaint was raging as bad as ever. Hearing of the wonderful cures performed by Dr. Wishart's Great American Dyspepsia Pills and hart's Great American Dyspepsia Pills and his treatment for Dyspersia. The bend called on Dr. Wishart and stated my case to him. He said he had no doubt he could cure

me. So in three days after I called and placed myself under the Doctor's treatment, and in two weeks I began to digest my food, and felt that my disease was fast giving way, and I continued to recover for about three months, and at the present time I enjoy perfect health of body and mind, and I most sincerely return my thanks to a merciful God and Dr. Wishart, and to his great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an Insane Asylum and premature grave. All persons suffering with Dyspepsia are at tiberty to call on me or write, as I am willing to do all the good I can for suffering humanity. ELIZABETH BRANSON,

DYSPEPSIA!

DN. Wishart—I have been a constant sufferer with Dyspepsia for the last eighteen years, during which time I cannot say I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed it would be a great relief to die. I had at all times an unpleasant feeling in my head, but latterly my sufferings so much increased that I became almost unfit for business of any kind; my mind was continually filled with gloomy thoughts and forebodings, and if I attempted to change their current by reading, at once a sensation of icy coldness in connection with a dead weight, as it were, rested upon my brain; also, a feeling of sickness would occur at the stomach, and great pain to my cycs, accompanied with which was the continual fear of losing my reason. I also experienced great lassitude, debility and nervousness, which made it difficult to walk by, day or sleep at night. I became averse to society, and disposed only to seclusion, and having tried the skill of a number of eminent physicinas of various schools, finally came to the conclusion that, for this disease at my present age; (45 years) there was no cure in existence. But, through the interference of Divine Providence, to whom I devoutly offer my thanks, I at last found a sovereign remedy in your Dyspepsia Pills and Tar Cordial, which seem to have effectually removed almost the last trace of my long list of ailments and bad feelings, and in their place health, pleasure and content ment are my everyday companions.

Philadelphia, January 22d, 1863.

BR. WIEHART—Sir:—It is with much pleasure that I am now able to inform you that, by the use of your great American Dyspepsia Pills, I have been entirely cured of that most distressing compaint, Dyspepsia. I had been grieviously afflicted for the last twenty-eight years, and for ten years of that time have not been free from its path one week at a time. I have had it in its worst form and have drugged on a most miserable existence—in pain day and night. Every kind of food that I ate filled me with wind and pain, it mattered not how light, or how small the quantity. A continued belching was sure to follow I had no appetite for any kinds of meats whatever and my distrers was so great for several months before I heard of your Pills, that I frequently wished for death. I had taken everything that I had heard of for Dyspepsia, without receiving any benefit; but on your Pills being recommended to me by one who had been cured by them. I concluded to give them a trial, although I had no faith in thom. To my astonishment, I found myself getting better before I had taken one-fourth of a box, and after taking half a box, I am a well man, and can eat anything I with, and enjoy a hearty meal three times a day, without inconvenience from anything I eat or drink. If you think proper, you are at liberty to make this public and refer to me. I will cheerfully give all destrable information to any one who may call on max or or mile. If you think proper, you are at liberty to make this public and refer to me. I will cheerfully give all destrable information to any one who may call on me Yours, respectfully, JOHN H. BABCOCK.

1, Samuel D. Haven, have been a great sufferer with Chronic Dyspepsia and Inflammation of the Kidneys for three years. I empleyed three or four of the most eminent physicians of Philadelphia, also of Burlington county N. J. They did all for me they could, but all to no purpose. I was constantly filled with awful pain and distress, and with constant belching of wind and sour acid. My tongue was covered with a white coating of mucus until it cracked in large furrows, and was dreaffully sore! Oh! I oftimes wished for death to relieve me of my sufferings, for I had lost all hope of ever being well again. I made it a subject of prayer to God that he would cure me. I was told to read an advertisement of Dr. Wishar's in the Philadelphia Lesger, of a great cure made upon Mr. John Babcock, of 1026 Olive street, Philadelphia, by the great American Dyspepsia Phis. I went to the Doctor's Office, and placed myself under b tyest-

It has been six weeks since I commenced the use of his medicine, and I am now a well man, free from all pain and distress, and oan eat three hearty meals a day with comfort, and feel perfectly well. Dr. Wishart, I want you to publish my case, as I want every poor dyspeptic suffering as I was to call on me, and I will tell them of the great cure I have received from your invaluable medicine. — SAMUEL D.
