Dr. W. H. BRANSON, formerly of Old Chester, Del., do hereby certify that, for one year and a half I suffered every day, but death from that awful disease called Dyspepsia. My whole system was prostrated with weakness and nervous debility; I could not digest my food; if I ate even a cracker or the smallest amount of food, it would return just as I swallowed it; I became so constipated that I could not pass a particle of stool for several days; my mind seemed to be in a state of confusion; I had a dreadful horror and evil forebodings; I thought every body hated me, and I hated every body; I could not bear my husband nor my own children, everything appeared to be horror-stricken to me; I had no ambition to do anything; I lost all my love of family and home; I would ramble and wander from place to place, but could not be contented; I felt that I was doomed; I felt that I was going to heaven for me, hell, and often tempted to commit suicide, and at the present time I enjoy perfect health of body and mind, and almost sincerely return my thanks to a merciful God and Dr. W. H. Branson, and to his great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an insane asylum and premature grave.

DR. COLLINS' SYRUP OF ROOTS.

FOR THE CURE OF COUGHS, COLDS, SORE THROAT, Whooping Cough, Asthma, and all similar complaints. The object of this medicine is to soothe and ease the inflamed and irritated membrane of the throat, and to relieve the irritation in the throat, which is produced by catching cold, or the slightest cold, it expectorates the diseased matter that has accumulated in the lungs which retards and oppresses the respiratory breathing organs, heats and irritates the chest and inflames the lungs. This medicine gives tone to the stomach, it purifies and circulates the blood, which causes oppression of the chest and difficulty in breathing.

STEAM PRINTING ESTABLISHMENT.

ADVERTISING RATES-DAILY TELEGRAPH. The following are the rates for advertising in the TELEGRAPH: Those having advertisements to do will find it convenient for reference: Four lines of 20 characters one-half square. Eight lines, or more than four, constitute a square.

Table with 2 columns: Quantity (One day, Two days, Three days, One week, Two weeks, One month, Two months, Three months, Six months, One year) and Price (\$1.00, 2.00, 3.00, 5.00, 10.00, 15.00, 25.00, 50.00, 100.00).

FROM NEW ORLEANS.

NEW EXPEDITION-RETURN OF GENERAL DIVISION-REBEL PROPERTY DESTROYED. CAIRO, Dec. 28.

The steamer Carter, from New Orleans on the 21st inst., has arrived here. Cotton was very dull at New Orleans, movements being checked by the increasing difficulty of procuring exchange. Sugar, molasses and flower were lower, the market being overstocked with these articles. Business was reviving at Morgantia, under the judicious management of General Cilmann. An expedition left Morgantia to co-operate in movements on the Atchafalaya river, but owing to bad weather and high water, not much was effected. Another expedition under Colonel Spiey went to Bicoince. Acting Master Thatcher destroyed much property and captured a large number of horses and cattle. Our forces sustained no loss, except the capture of Lieutenant Whitney. General Davidson's expedition had returned, after successfully accomplishing their object. They traveled through one hundred miles in fifteen days, burnt fifteen bridges and a number of miles of railroad, and destroyed enormous quantities of property. The raid was one of the most brilliant of the war, and resulted in drawing some of Wheeler's forces from Tennessee, and other forces from Meriden, and Beauregard to Meriden.

The Pursuit of Hood.

NASHVILLE, Dec. 29. The statement that Hood had crossed the river is doubtless untrue. The very latest news from the front is that yesterday while Thomas was pressing Hood on the river bank, he was trying to lay his pontoons, but could not make any progress, as our gun-boats were shelling his working parties. Steadman reached Decatur with a large force on the 24th, and is also threatening Hood. There is a rumor this morning that Thomas has attacked, routed and captured most of Hood's fragmentary army, but it needs confirmation.

From Cairo and Memphis.

CAIRO, Dec. 29. The steamer Marble City brings Memphis advices of last evening. General Dana has issued an order regulating and restricting transactions in cotton within his department. All parties procuring or purchasing permits from the purchasing agent of the Treasury Department, are required to give satisfactory evidence of their loyalty, and all circumstances connected with the raising, removal, transfer, etc., of the product. The order reflects on the great latitude heretofore extended to persons in procuring applications. General J. W. Haines, of this city, has accepted the appointment of Adjutant General of Illinois.

Gen. Meade's Sword.

PHILADELPHIA, Dec. 30. The sword prepared under an ordinance of the City Council, for presentation to Major General George G. Meade, for his gallant defense of Pennsylvania soil, was delivered at the house of the General yesterday, by Mayor Henry. General Meade being in front of Pennsylvania, the Mayor addressed to him an appropriate letter, informing him that the sword had been left at his house.

From California.

SAN FRANCISCO, Dec. 29. Sixty thousand dollars in silver bars have been shipped from Idaho. This is the first shipment from the new silver mines in South-western Idaho, which promise to rival those of Nevada. Sherman's success excites profound satisfaction. The rainy season continues.
