TO THE FRIENDS OF THE PATRIOT AND UNION.

We call the attention of our yearly club subscribers to the fact that their subscriptions will expire during December and January ensuing. We should like very much if our campaign and yearly subscribers would renew their subscriptions and use their influence to extend the circulation of the WEEKLY PATRIOT AND UNION.

In view of the existing state of affairs, there will be an exciting time at Washington, and it is not unlikely that we shall have a lively time at the State Capital. At the former we shall have a reliable correspondent, and at the latter competent reporters to give the Legislative news and all other occurrences worthy of note.

Our friends will make some exertions to extend the circulation of the paper, either by clubs or otherwise, we call attention to.

ANDREW, Governor of Massachusetts, after he declared in a public speech that John Brown was right. Democrats have not contributed to produce the bitter attacks upon the South which have filled the Republican newspapers for the past six years.

FROM THE SOUTH.

Correspondence of the Patriot and Union. SPANXBURG C. H., S. C., November 20, 1860. We have nothing but secession here. Old and young, black and white, talk of nothing else.

On the 6th of next month the people of this State will be called upon to vote whether they are willing to secede from this Union or not. The voters here are unanimous for secession. It may be that Lincoln will attempt to whip us; but what right has he to interfere with a sovereign State for doing what everybody admits she has a right to do?

The Popular Vote.

Table showing the popular vote for Lincoln and Breckinridge in various states. Columns include State, Lincoln, Breckinridge, and Total.

The following is a rough statement of the popular vote or popular majorities for President of the United States at the recent election:

Words of Prophecy.—Mr. Fillmore recognized this difficulty of a sectional rule, even if it is a majority rule, when he proclaimed the following philosophical, truthful and just sentiments in the Presidential campaign of 1856.

Suppose that the South, having a majority of the electoral votes, should declare that they would only have slaveholders for President and Vice-President, and should select such by their suffrages to rule over us at the North.

the consequences, whatever they may be; and I tell you that we are treading on the brink of a volcano that is liable at any moment to burst forth and overwhelm the nation.

EXCITING TIMES IN CALIFORNIA.

The New York Times' correspondent writes from San Francisco, November 3: "On Sunday, as the two largest congregations in town were issuing from their respective churches on opposite corners of Dupont and California streets—the Rev. Mr. Lacy's congregation, and St. Mary's Cathedral—a man leveled a double-barreled gun and blazed away twice over the heads of the thickest crowd.

His pockets were full of ammunition and bore out the truth of his statement, that if he had not been impudently interfered with, he would have made it a memorable day. When, twenty-four hours afterwards, he was examined as to his sanity, he begged the Judge, if he had done anything against the laws, to hang him, but in mercy to spare him from the Stockton Asylum.

GENERAL NEWS.

A VERY IMPROBABLE STORY.—It is said that the Emperor of the French has at last given his sanction to the project invented by M. Favre, Parisian engineer, for making a railway from Calais to Dover.

ESCAPE OF PRISONERS AND RE-ARREST.—On Saturday night last, John H. Cannon, negro, under sentence of death in Sussex county (Del.) jail, for the murder of Miss Griffith; and Levin Jenkins, negro, also under the same sentence and in the same jail, for a rape, made their escape by digging through the wall of the jail.

EXTENSIVE VOTING.—In looking over returns of the election in Iowa, we notice that three counties gave twelve votes each. Sioux county recorded nine votes for Douglas, two for Lincoln and one for Bell.

THE KANSAS TROUBLES. The Missouri Volunteers Marching against Montgomery's Band. St. Louis, Nov. 24. The different military companies of this city met at their armories last night, when Gen. Frost gave them Gov. Stewart's final orders, which were to proceed at once to the frontier.

THE BOSTON BANKS. BOSTON, Nov. 24. The action of our bank officers to-day is considered favorable. They decided that the balances at the Clearing House shall be paid partly in bills instead of wholly in specie.

THE PEACE MOVEMENT IN MEXICO.—We understand, says the New Orleans Picayune, that the constitutional government of Mexico, in calling together federal electors, nominally for the choice of a successor to Juarez, expect that the really important business of the new Congress will be the consideration of propositions for a peace or truce, to be laid by foreign powers before it.

THE GREAT BATTLE IN PERSIA.—The Persians have recently fought a great battle with the wild Turcomans, who depredate on their north-western frontier. About the first of October, Prince Mirza, with 10,000 infantry and 4,000 cavalry, attacked the Turcomans near Mero, and after a three hours' fight, completely overwhelmed them, killing some 4,000 and taking about the same number prisoners.

PROGRESS OF LIBERIA.—The clipper ship South Sea, which arrived at Freetown a fortnight ago, has arrived at New Orleans, with advices from Buchanan as late as September 24th. President Buchanan's administration in Liberia is elevating that African State to a most promising condition.

INCREASE OF FISH.—The fishery of Lake Champlain are fast increasing in numbers. Two or three years ago the smelt made their appearance in these waters, and have since then been caught in quantities, and now the black bass, a fish heretofore by no means abundant in the bay, is daily caught from the breakwater in vast quantities.
