THE AMARANTHUS OF LANGRANS.—There is a growing tendency in this age to appropriate the most expressive words of other languages.

'Hardly Realized.' His 'ad' 'n' 'orrible' headache this afternoon, had I stepped into the bath-tub, and says he to the man.

HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain.

For the treatment of either class of Headache the Cephalic Pills have found a sure and safe remedy.

Constipation or Costiveness. No one of the 'many ill-fish is better to be prevented, so little understood, and so much neglected as Costiveness.

A Real Blessing. 'Faintness'—Well, Mrs. Jones, how is that headache? 'My head—' says Doctor, 'is so bad that I can't see you in just twenty minutes.'

Medical.

DR. MOTT'S CHAYBEATER RESTORATIVE PILLS OF IRON. An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen.

The experience of thousands daily proves that no preparation of Iron can be compared with this. Impurities in the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

In most of the maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz: Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhea, Dyskinesia, Ischemia, Consumption, Scrophulous Tuberulous, Salt Rheum, Misconducts, Whites, Gonorrhoea, Liver Complaints, Chronic Rheumatism, Brachitis, Catarrhs, Dropsy, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease, or of the continued diminution of muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description of words can convey.

In NERVOUS AFFECTIONS of all kinds, and for reasons the blood, to be restored to its normal condition, a single box of this Chaybeater Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In UNCHECKED DIARRHOEA, even when advanced to Dysentery, and when the evacuations are apparently malignant, the effects have been equally delicate and astonishing.

In the local pain, loss of flesh and strength, debilitated condition, and emaciation, which attend the progress of SCROPHULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.
